RINGWOOD: At a recent cattle Slight Drop In Markham sale at the Rodanz farm, the top Township 1955 Mill Rate

Markham township ratepayers will receive slight relief in this year's township mill rate. Council Monday evering approved the rating by-law officially setting forth the 1955 mill rate at 18.5 mills. This marks a slight decrease from the 1954 figure of 19.2 mills. For the most part the decrease is due to a three million increase in assessment.

To this general township fig- 6.9 mills. chairman of the town Planning ur eof 18.5 mills must now be Health Unit added the public school levies for Dr. Robert King, Medical Ofeach indivdual school section ficer of Health for York County plus the rates for each high waited on Council to discuss schol district. Vandalism At Lake Wilcox

A mob of youthful vandals reported to be pupils at the Lake Wilcox Public School converged on the Lake Wilcox Community Hall, Wildwood Ave. last Tuesday evening, and all but wrecked the structure. Every window in the place was smashed, doors were ripped from hinges and the siding of the building virtually torn off as the children carried on their destructive spree.

The building in recent months has suffered numerous times from vandalism but never to the same extent as on Tuesday evening. Residents living in the neighborhood called the Ontario Provincial Police detachment at Vandorf but it is reported that no investiga-tion was made until Wednesday morning.

Police from Vandorf have warned children at the Lake Wilcox Public School on numerous occasions regarding the malicious damage being done at the Community Hall but the warnings have gone unheeded. Police said that there were so many children involved to at least some extent in Tuesday's raid, that it was virtually impossible to lay any charges at this point.

King stated that half of the un-

United Church WA Plans Musicale In The Spirit Of 1880

A pleasant musical program, in the spirit of 1880 has been planned by Mrs. F. S. Harwood and Mrs. Wright Morrow for the regular meeting on June 6th of The Evening Group of the Woman's Association of Richmond Hill United Church. The program will recall the times and atmosphere of seventy-five years ago when the present church building was erected. Those assisting with the old time program are Miss Lola Jones, Mrs. Stan. Pipher, Messrs. Lauder Glass, Bob Lambert, Don Leno, Dr. Gordon Martin, Peer Norgaard, Ross Smith and Bill Wil-

The regular business meeting will be at 8 p.m. and the program will begin at 8:30 when the congregations and friends are invited to attend.

Escape Hail Damage

Although hail stones larger than have been seen in this area for many years fell last Saturday, the extensive greenhouses in Richmond Hill escaped any major damage. It may be recalled that some years ago a severe hail storm caused considerable glass breakage not only in the greenhouses but in private homes.

Wins Scholarship

Miss Kathleen Little, daughter of Mr. and Mrs. C. E. Little, Mill Street, has been awarded the I. H. Weldon Scholarship at the Sick Children's Hospital. Miss Little received her nursing certificate at graduation ceremonies last Friday night.

The scholarship will entitle Miss Little to one year at the University of Toronto where she will have the opportunity of choosing a one year course at the School of Nursing.
