Deer Killed By Poacher

Somewhere in the vicinity of Beeton, a deer was recently left to die, by an unknown hunter according to a report from the Conservation Officer, Fred Marshall, Dept. of Lands & Forests. Mentioning, also, that two small fawns were probably left uncaared for, the Officer stated that the wounded deer had sought protection in a fenced meadow near the woods. In making his investigation, Mr. Marshall found the animal suffering from a broken foreleg and loss of blood caused by a body shot. Unable to capture the deer due to wet, marshy ground, the Officer left to secure a suitable weapon so that it could be humanely destroyed. On his return, after a two hour search in the dark, with the help of volunteers. It was found that the animal had dragged itself under a fence and disappeared into heavy cover to await a lingering death.
Acts of this kind are an offence against sportsmanship and aroused protests from property owners where the offence was committed.

Mr. X To Face Blonde Bomber Van Dyke Matched With Davies

It begins to look as if Mr. X, the mystery wrestler, has come to the end of his mat career, at least as a masked man, because next Tuesday at Thornhill market he will face the tiger of the ring, Alex Jensen, the Blonde Bomber.
This is the match all the fans have been waiting for and the promoters have had more requests for this bout than any other. Both Jensen and The Mask are of the rough and ready type of grappler and should give the aficionados plenty to get excited about. Even though the fans hate the blonde Swede they will all be pulling for him to pull the mask from the stocky little mystery man.
The semi-final is of special interest to the fans as it will bring together two very fast middle-

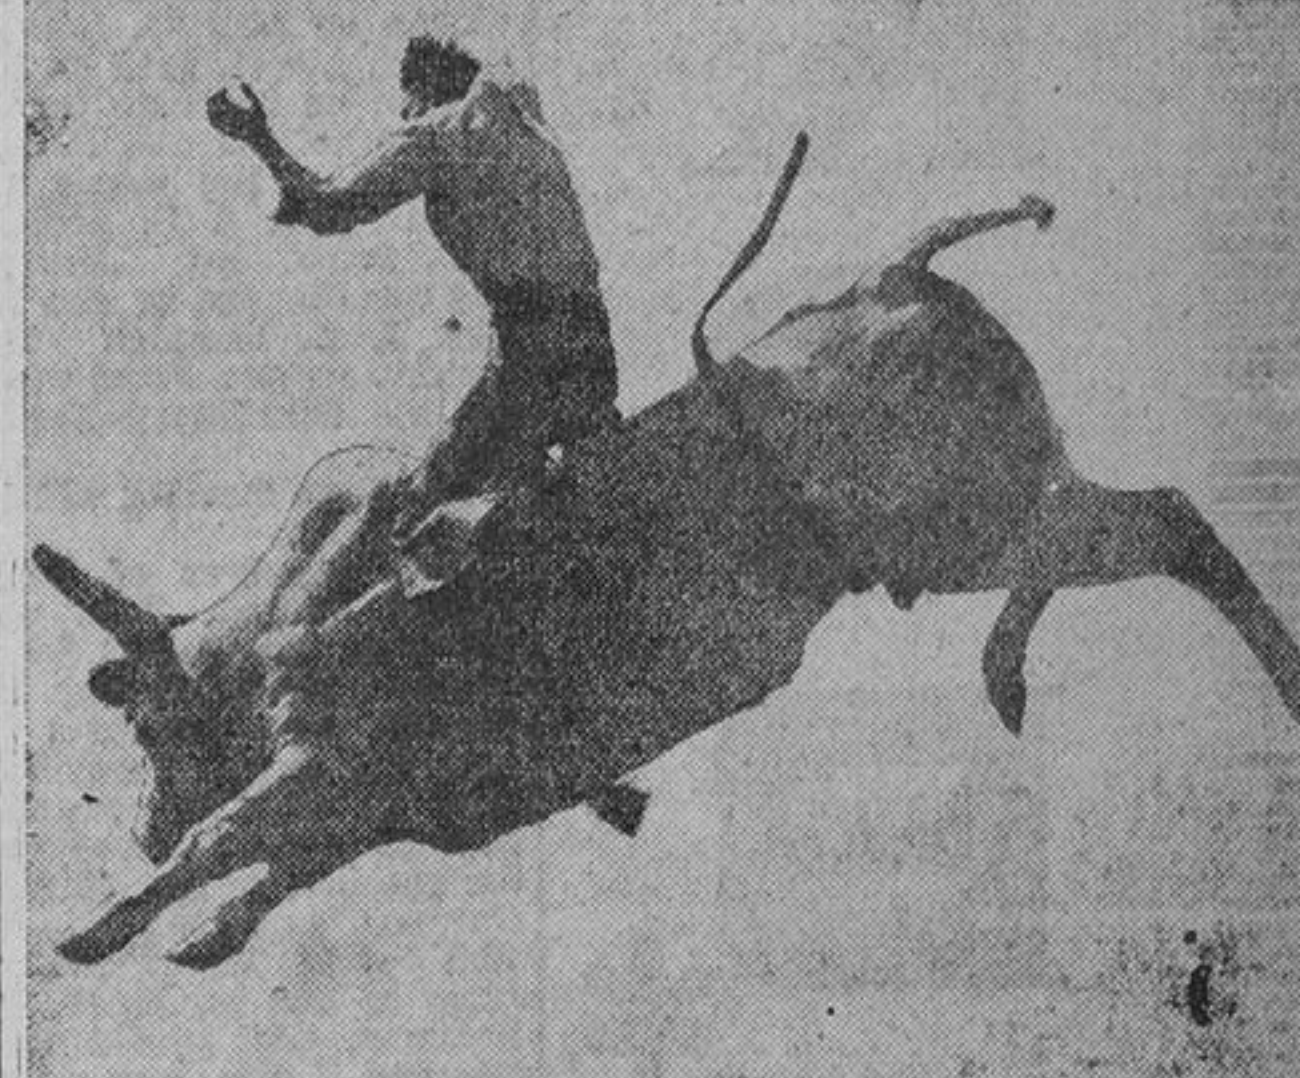

Sportsmen Urged To Respect Rights Of Property Owners

The Lake Simcoe District is noted for its trout fishing and many good trout streams. Fortunately too, most of these streams are open to the public, thanks to the generosity of the farmer landowners. To maintain this privilege all care should be taken to respect the rights of the farmer. Acts of vandalism by irresponsible individuals or disregarding the common courtesies expected, can easily jeopardize farmer and sportsman cooperation. For instance, failing to clear up the ground after picnics, trampling down fences, and molesting livestock are a few of the common complaints which should be avoided. Further, the most common cause for breaking down the spirit of good will, is trespassing on private lands without thought of the owner.
What concerns many sportsmen as well as members of our own staff, is that a complete disregard by certain individuals of the courtesies extended, can easily result in cancellation of privileges for a great number of people.
The Department of Lands and Forests is continually being questioned about the rights of fishermen to trout on unposted

Midgets Bring Down House With Wild Antics

The midgets were on at Thornhill Farmers market Tuesday night and brought down the house with their antics. Referee Joe Greenfield had quite a time as the little skidgers fitted about the ring, flung each other all over the place and cut up in general. They also cut up Greenfield's shirt, at least they tore it right off his back, and did the fans love it! These little nippers certainly were entertaining and will be welcome back at any time. Tommy Tucker managed to pop on top of Big Inch for the fall.
Vicious Ring Tactics
Tiger Alex Jensen again used his vicious ring tactics on Scissors Greenfield and won the odd fall out of three to take the match. Benedetto Lima, restly bullied Jack Dennis about to win the Semi-Final and although Benny did win he had quite a time of it.
The team match was a real scorcher from start to finish with the team of Chivo Ward and Jack Flicker taking the fall from Bobby Davies and Billy Foster. The fans enjoyed this one as the lightweights flew about the ring with reckless abandon. Davies shone in this one and is fast becoming a favorite with Thornhill fans.
