# Most Advanced Trucks

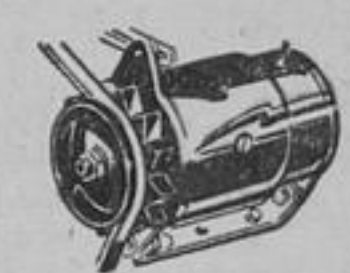

your money can buy

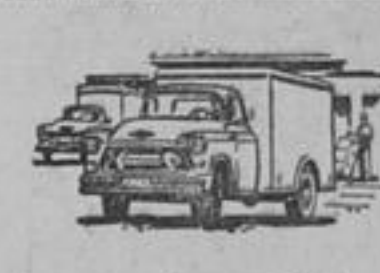

**New concealed safety step**—An important safety feature—steps stay clear of ice and mud. Out of sight when doors are closed.

**More durable frames**—Of 34-inch standard width, with completely parallel side members—built to take tough going.

**King-size 12-volt electrical system**—Count on quicker starts even in cold weather, and still have a husky reserve of power.

**Power steering**—Makes driving very much easier. It reduces turning effort as much as 80%. Available as an extra cost option on certain models.

**New overdrive**—Saves gas, cuts engine wear—you can have Overdrive on 1/2-ton models. A real value for its extra cost.

**Truck Hydra-Matic**—Is unbeatable for stop-and-go driving. Available at extra cost on all half, three-quarter, one-ton and forward-control models.

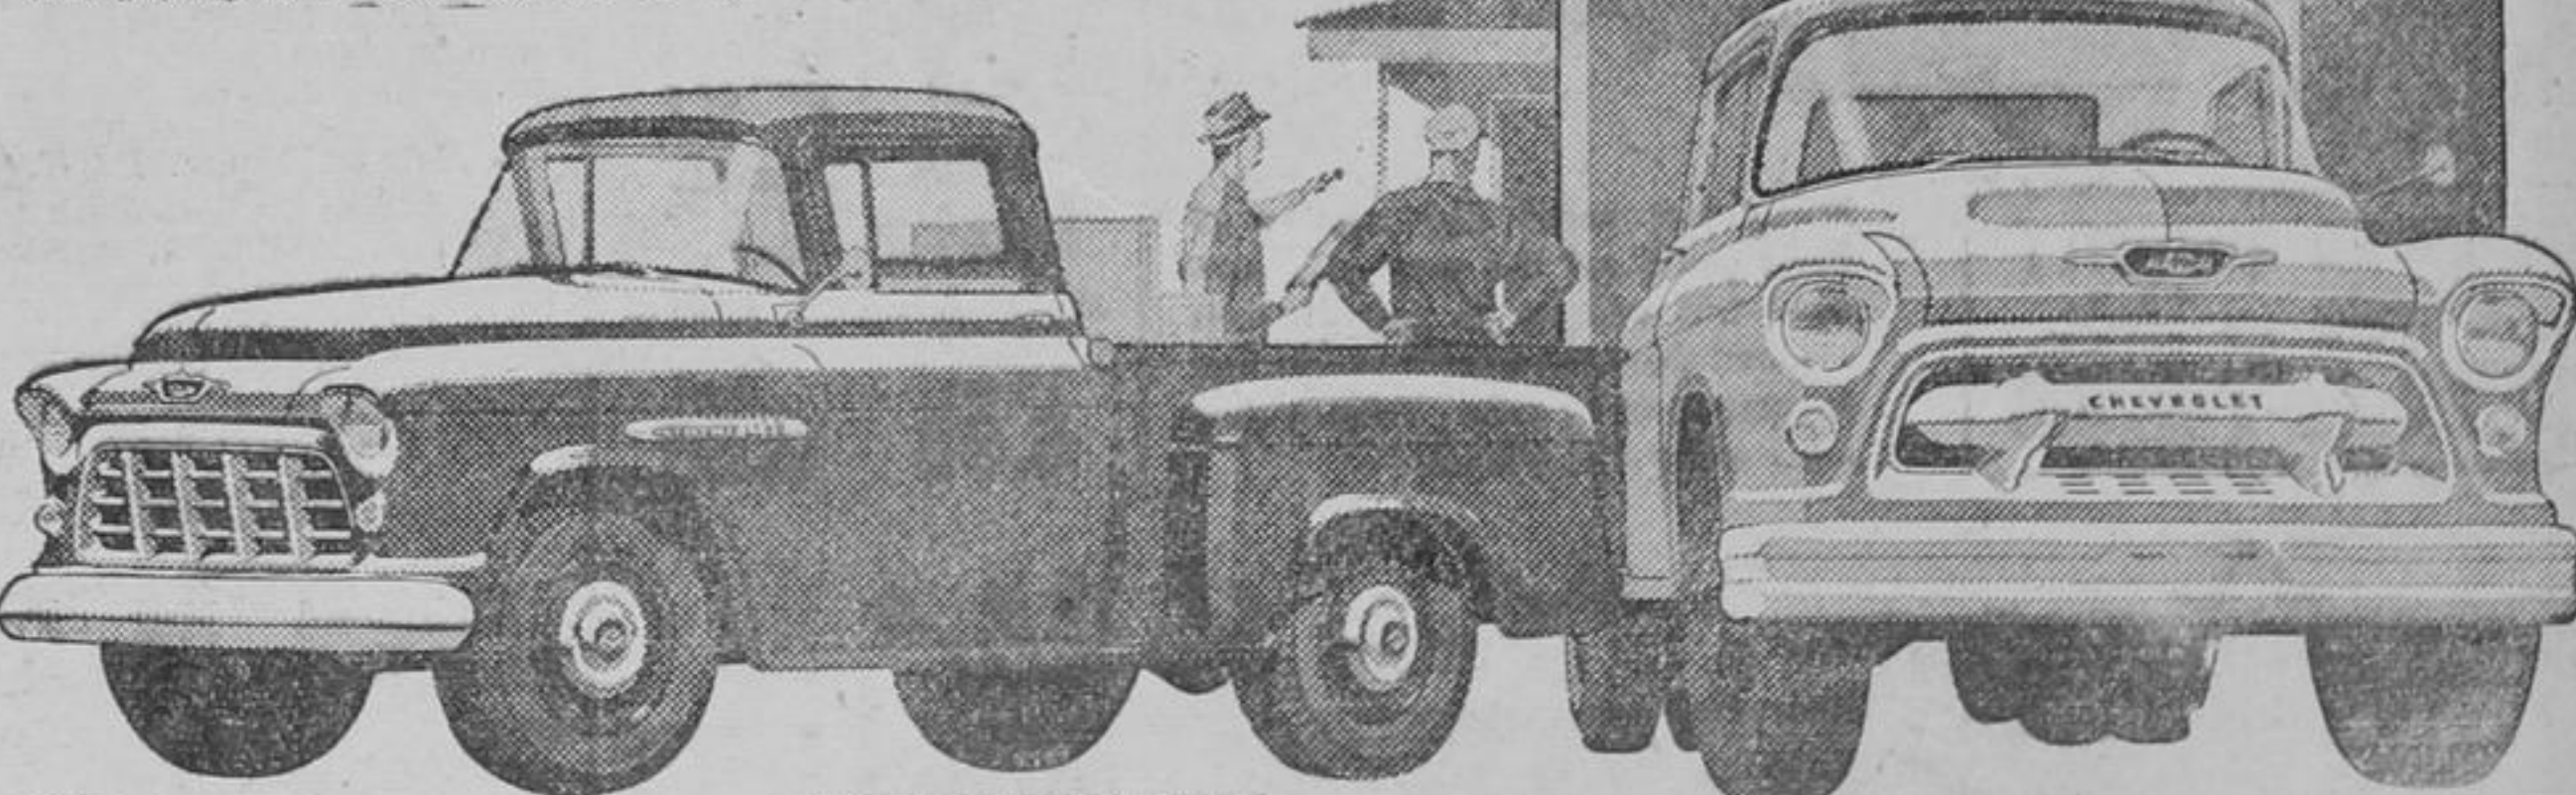

**Power brakes**—They're standard on heavy-duty models, optional on some other models. Power brakes greatly reduce driver fatigue and effort; add to safety.
