Vaughan Picks Office Site

Down On Substandard

In Duncan Road Area

Vaughan Township Council has agreed to proceed with negotiations for the purchase of the McGee property on Richmond Street, Maple, as a site for a future municipal office and garage. The site includes an approximate six and a half acres. The cost of the site has not been made public.

With a definite site now secured, the Council has instructed the firm of Shore and Moffat to proceed with preliminary drawings.

Weed Inspector Resigns In Protest

In a lengthy two page typewritten letter tabled with Markham township council Monday Weed Inspector Albert Reesor took strong exception to the airing in public of a criticism of him by a ratepayer. Mr. Reesor stated that he will resign his position until such time as the matter is cleared up to his satisfaction. Mr. Leonard Boyle, resi-

dent of Church Street in Langstaff, recently protested to Council Mr. Reesor's action in coming onto his property with a mower without giving him prior warning. Mr. Boyle contended that he had already cut all the noxious weeds on his property and that all that remained was grass. He also objected to the attitude of the Inspector.

In making a report on the matter as requested by Council Mr. Reesor maintained that his action was dictated by the fact that there still were some weeds on the property. The half hour cutting time cost \$1.50.

Coming Events
