SUTTON: The Curling Club here has agreed to sign a contract for the installation of a \$15,000 artificial ice system. The campaign to raise funds is at present only \$6,000 short of the full amount.

NEWMARKET : At a meeting to discuss the location of a sewage disposal plant in East Gwillimbury, the East Gwillimbury Council told Newmarket officials that co-operation would have to work both ways in the matter. The township wishes sewerage service for a new subdivision.

* * * * BOLTON : Town Council has given a first and second readings to a by-law to annex a portion of Albion township to the town.

NEWMARKET : Plans have been revealed for the building of a supermarket at the Yonge-Eagle Street intersection.

Vaughan Twp. Lets Contracts

Vaughan Township has awarded tenders totalling \$436,000 for the installation of water mains, hydrants and valves in Water Area 1. At a special meeting (with the engineers) last Wednesday evening, Council picked the following successful contractors: Ruscica Bros. Construction Co., Marino Construction Co., and Carol Sharpe Construction Co., all of Toronto. Six bids were received for the job.

Council reports that the tender price came well within the estimates given earlier by R. V. Anderson Associates, engineers for the project. The figure is also within the \$465,969 approved last week for the project by the Ontario Municipal Board. The awarding of the contract will be good news to the residents of the Richvale, Langstaff area who have experienced water supply problems for the past year.

New Member School Area Board

At the School Area No. 1 Board of Trustees meeting last Tuesday night, Trustee Mrs. I. Armstrong officially tendered her resignation from the board, due to the fact she is moving to Scarboro on October 15. Her resignation was accepted with regret by the Board who stated they were more than

sorry to see her go. To fill out the vacancy created by her leaving, an official motion was passed appointing Mrs. L. J. Rootham to fill out the term of office which will be for 14 months. Mrs. Rootham was bern in Toronto and has lived in the immediate area all her life. In 1948, she married and four years ago her family moved to Denham Drive in the Northolt subdivision in Richvale. Her husband is a civil engineer with the Bell Telephone Company and they have three children, Legh 5, James 3, and Sandra 2.

Mrs. Rootham has been active in Home and School work and is a charter member of the Charles Howitt Home and School Association. She is also president of the Charles Howitt Kindergarten and a member of the Charles Howitt Area Recreation Association.

Mrs. Rootham was officially sworn into office on Wednesday at the Municipal offices at Buttonville.
