Thornhill Incorporation

The recent announcement by trustees of the Police Village of Thornhill that a meeting is being planned with the Deputy Minister of Municipal Affairs to determine the department's reaction toward the incorporation of Thornhill as a village has caused wide interest among residents of the village and the councils of the Markham and Vaughan Townships in which the village is situated.

The trustees have stated that the financial position of the village plus the need for greater assessment in order to provide for much-needed services is the main reason that incorporation is being sought. Although several unsuccessful applications for incorporation have been presented in the past, the

trustees have implied that members of the Department of Municipal Affairs may look more favourably on such an application at this time.

Councils of both Markham and Vaughan stand to lose considerable front-end assessment if approval is given by Queen's Park and the two townships concerned will have to give a detailed study to the project to determine how the finances of the townships would be affected by such a loss in revenue before any sanction could be given to the proposal.

It will be with considerable interests that residents of Thornhill and others concerned await the outcome of this important conference.

Many Children Still Not Immunized

"For many years, protection against smallpox, tetanus, diphtheria, and whooping cough has been available to every Canadian child, but when we examine records, it is quite apparent that we are not taking full advantage of the benefits afforded by immunization," states Dr. C. S. Anglin, staff physician for the Hospital for Sick Children.

He said that while these diseases should be matters of historic interest only in our country, over 200 persons die unnecessarily from them each year in Canada, while many times this number suffer a severe illness often accompanied by serious complications resulting in permanent disability.

Dr. Anglin pointed out that of all the infectious diseases of childhood, whooping cough causes by far the worst ravages in Europe and North America, according to the World Health Organization. In the years 1940-48, whooping cough killed three times as many children

as measles, mumps, smallpox, scarlet fever, diphtheria, polio and meningitis combined. The last available statistics for Canada show that there are over 9,000 cases of whooping cough a year reported in Canada each year, and nearly 150 deaths a year from this disease.

"In an analysis of the cases of whooping cough seen at the Hospital for Sick Children, Toronto, during the past year, 85% of the children with whooping cough had received no immunization. This is a sad commentary of the interest shown by some of our parents," he said.

Dr. Anglin wrote this article to draw attention to the importance of immunizing against these diseases, the goal of Canada's annual Immunization Week, sponsored by the Health League of Canada in co-operation with Departments of Health, both Federal and Provincial.

Vaccination For Vaughan Cattle

Following the passing of the Brucellosis By-law by Vaughan Township Council on petition of the cattle owners, a committee has been set up in accordance with the Brucellosis Act and plans have been made to begin the area calfhood vaccination for Bang's Disease on November 1st. The committee consists of Archie Cameron Sr. (chairman), Vellore; Roy Barker, Woodbridge; J. M. McDonald (secretary), Maple and Dr. H. Worton, Provincial Veterinarian of Toronto and Agricultural Representative W. M. Cockburn, the latter being ex-officio members.

At the recent meeting of the committee, it was decided to commence the program in November when the cattle will be stabled. Elmer Hadwin of Maple and Chas. Thomas of Nashville have been appointed as inspectors and will be contacting the cattle owners after Nov. 1st, to prepare a complete list of calves to be done within the ages of 6, 7 and 8 months.

The local veterinarians are co-operating in the program and have signed a contract with the township, through the committee, to do the vaccinations at one dollar per head without any mileage charge. The Townships of Markham, East Gwillimbury and North Gwillimbury have been vaccinating for the past year.

NORTH YORK: Parents of 75 children who attend the John Fisher Public School have prevailed on the Board of Education to restore school bus service to the school. Some of the children concerned had to walk a mile distance four times a day.

BRADFORD: At a recent public meeting, a motion recommending that Board of Directors for the Bradford District Memorial Community Centre proceed with plans for building, was approved.

NORTH YORK: Merchants in the area are seeking penny parking meters along Yonge Street to alleviate the parking situation.

The Wide Screen

by NORMAN G. BROWNE

DORIS DAY, PHIL SILVERS, Eddie Foy Jr., and Nancy Walker are shown in a scene from the Warner Bros. CinemaScope musical in color, "Lucky Me", playing Monday and Tuesday, October 17 and 18, at the Richmond Theatre.

I hope those of you who had a chance to see the Glenn Miller Story at the Richmond Theatre last weekend enjoyed it as much as I predicted. It was a good show. For Monday and Tuesday of next week an equally enjoyable movie comes to the Richmond. LUCKY ME was a sleeper when it was put into release because except for Doris Day, the feminine lead, the rest of the stars were comparatively unknown.

Now, however, due to the popularity and wide audience of their television programs, Phil Silvers and Bob Cummings are stars in their own light and top their TV acting roles in this picture. The wide screen, color and lavish sets give these and the rest of the actors wider scope to display their talent at comedy routines.

Phil Silvers and Doris Day are part of the show troupe that gets stranded in Florida. Bob Cummings has the role of a songwriter attempting to stage a Broadway show. The plot revolves around the efforts of troupe to get a part in the play

and to obtain the financing so that it can be staged. The plot is just strong enough to allow the numerous comedy scenes to develop as Phil Silvers alternately gets the group into a jam and out again.

Interpolated throughout the picture are a number of pleasant songs sung by Doris Day or other members of the troupe. With the exception of the song "I Speak To The Stars", none of the others reached the hit parade but are pleasant and neither add nor subtract from the film. My recommendation: See the picture if you possibly can - you won't be disappointed.

What has been described as the liveliest cops-and-robbers opus in a long, long time," Columbia Pictures' FATHER BROWN DETECTIVE plays Oct.

9th and 20th at the Richmond Theatre. Starring in the leading role is Alec Guinness, comedy star of "The Man in the White Suit" and "The Captain's Paradise" and he turns in a role more brilliant and more amusing than ever before.

In this picture, based upon the G. K. Chesterton "Father Brown" stories, Alec plays the part of a bumbling Catholic priest who tries time after time to catch an elusive jewel thief. The thief is finally persuaded to give up the stolen treasure he has collected and listen to the dictates of his conscience. Alec Guinness has a strong influence on the thief's decision as also does the romantic lead in the picture Joan Greenwood.

Alec Guinness is somewhat of an international phenomenon, since he is almost the only pure English star to have any draw in the United States. For some reason, Americans are cold to British films and film stars - that is, except for Guinness. Right now, Alec has finally been signed to star in an American film and he is presently in Hollywood working on it. I myself, enjoy his dry, subtle English style of humor and look forward to FATHER BROWN DETECTIVE and any future films he may star in.

A film crammed full of action-packed entertainment is SEA DEVILS which plays Friday and Saturday, October 21, 22, at the Richmond. Starring as a rugged fisherman-smuggler is Brock Hudson, that fast rising young American star who first came to Americans as cold to British of the River". As the femm lead, Yvonne De Carlo, is special agent on an assignment in the Channel Islands and coast of France. Brock Hudson comes to her aid and circumstances cause him to believe she is an enemy agent.

From there a romance develops through a series of exciting and dramatic events that never let down in suspense. The film has an international flavor, employing in the cast as it does, stars from America, Britain and France. The beautiful Technicolor and background of the English Channel Islands and coast of Brittany adds much to enhance the action and adventure of the film.

THE BELL TELEPHONE COMPANY OF CANADA

This sketch of the Dunlop Observatory appears on the front cover of the new Bell Telephone directory being mailed to telephone users here this week. This illustration, which lends a distinctively regional touch to the telephone book, replaces the figure of the "Spirit of Communication" used on directory covers for many years.

Richmond Acres Ratepayers Inaugural Meeting October 18

Because of the interest shown in the recent petition regarding the proposed park area in Richmond Acres Sub-division, a number of the residents of the Sub-division have been meeting with a view to forming a Ratepayers' Association.

The object of the Association will be to work with the appropriate authorities towards a solution of any problems which may affect the Sub-division. The interim committee feel that such a co-operative enterprise is necessary to voice in the proper quarters the problems of the new Sub-division.

The Inaugural meeting is to be held in the auditorium of Yonge Street Public School, at 8:00 p.m. on October 18th, and the committee urges all residents of the Richmond Acres Sub-division to attend. In addition to the election of officers, items of immediate interest will be discussed at the first meeting. These include street lighting, postal delivery, telephones, provision of railway crossing signals, roads, etc.

Further information about this meeting can be obtained from any of the following members of the organizing committee who, between them, represent most zones of the Sub-division: Bob Bell, 75 Termore Drive; Mrs. Hattie Berger, 437 Centre Street East; Ray Davies, 341 Cartier Crescent, North; Jim Haggert, 418 Cartier Crescent, South; Harry Lumdsen, 337 Cartier Crescent, North; Jack Newbold, 411 Rockport Crescent, North; Ken Rose, 421 Rockport Crescent South and Pat Smith, 433 Centre Street, East.

NEWMARKET: Four young men, graduates of the High School here left last week in a panel truck for a round-the-world trip. They hope to complete their trip in a year.
