Nomination Meeting Friday

Three Candidates In Field For Two Seats School Area Board

Two trustees of School Board of Township Area No. 1 Markham and Vaughan are up for re-election next month and as nominations draw near, newcomers to the field are always anticipated. With to-morrow afternoon set as nomination date for Markham Township Council and School Area Trustees, the time for prospective candidates to qualify draws ever closer.

Stating his intention to place himself in the field with present trustees, Chairman William Ladell and Vice-chairman Stewart Calvert, is J. M. Coghill, 74 Westwood Lane who was an unsuccessful candidate in last year's elections. Mr. Ladell and Mr. Calvert both became members of the Board two years ago.

As well as electing two trustees this year, School Area supporters will be asked to vote on the question of whether kindergartens should be provided in the seven schools under the Board's jurisdiction. Mr. Coghill feels that since a great expenditure is involved, "if the people vote for kindergartens,

they are entitled to have them". Nomination of candidates is to-morrow afternoon, Friday, November 25 at the Community Hall in Buttonville when names of candidates may be elected between 1 and 2 p.m. Election day is Monday, December 5.

Village Parks Committee To Discuss Plans

The Parks Development Committee of the Village of Richmond Hill met recently with the Field Representative of the Don Valley Conservation Authority, and reports now that the committee is ready to meet with representatives of the local groups participating in the project to discuss a concrete plan for the preservation and development of park land in the village.

Those Richmond Hill service clubs and organizations appointing members to the committee are: the Women's Institute, Chamber of Commerce, Lions Club, Rotary Club, Richmond Hill and District Kinsmen Club, Horticultural Society, Richmond Hill Naturalists, Junior Chamber of Commerce, the Retail Merchants Association and the Richmond Acres Ratepayers Association.

"Political Comics" Highlight In Play

The characters in this entertaining comedy might be described as "political comics". Certainly they all have a finger in the political pie. However, just as "too many cooks spoil the broth" so too many election-minded people in one castle can upset the peace and harmony of an otherwise happy household. Pandemonium breaks loose, and before the play is over most of the inhabitants of Lister Castle have done so much political juggling that the only person who seems to have retained his reason is eccentric, old Lord Lister, who sees everything through the eyes of his own personal comfort. He would gladly vote Communist if it meant that his bath water would be hot!

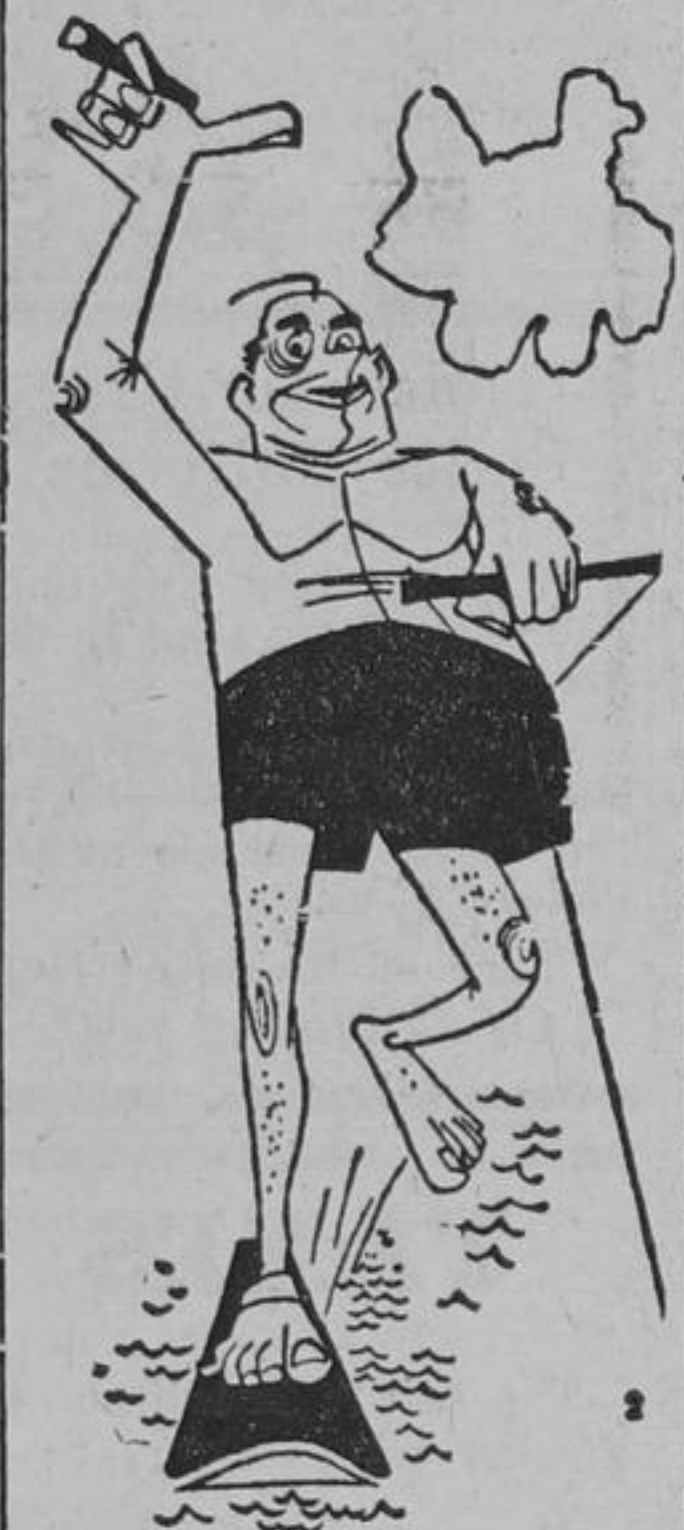

While a knowledge of the political background of the play is not essential for the enjoyment of it, a word about the situation in England in 1945 would not be amiss. This was the time when "Old Winston" and his Coalition Party were driven from power by Clement Attlee and the Labour Party. Who was responsible? It was impossible to find anyone who had voted Labour! Life in England was as topsy-turvy as life in the play. In the upheaval at Lister Castle "The Chiltern Hundreds" play an important part. What this is you will discover when you see the comedy of the same name at the Lions Hall, November 25 and 26.

Dibb Farm Sold - Jefferson

Further proof of the changing scene throughout this area was the recent sale of Jack Dibb's farm to a Toronto buyer. The old homestead has seen three generations of Dibbs during the more than 100 years since their grandfather, Geo. Dibb, came out from Yorkshire, England to settle in Jefferson.

George Dibb had one son, George Jr., and six daughters, and George Jr. was the father of the present children, Jack, Douglas and Ella still residing on the farm. It will be some months yet before the present Dibb family moves, and they expect to have a sale at the farm in the early spring.

Giant Lemons

An item of interest was reported to this office recently. It consists of a two pound, two ounce lemon, specially grown in a greenhouse in Richmond Hill. The lemon was grown by Mr. Jack Robertson, a retired Scotsman, who worked at the greenhouse for many years. Some time ago, he sent away to California for a slip from one of their lemon trees. When it arrived, he nursed it and tended it until it grew to its present height of six feet. The tree is kept at a height of six feet and its limbs are tied up prior to its producing time. The tree starts producing lemons in May and continues to produce them right through to November. It produces some 150 normal size lemons and about a dozen lemons of the giant variety. These range in size all the way up to two and a half pounds in weight.

Council Blasts B&S Phone Co.

The Bethesda and Stouffville Telephone Co. became the object of considerable criticism last Thursday when the members of the Whitchurch Township Council discussed telephone service in the township. "It's the worst telephone system there is," Councillor Cliff Walkwork declared.

The comments arose when a routine letter was received from the Bell Telephone Company announcing that the Aurora phone rate to the Vandorf office would be increased by 43c per month because of the mileage tariff. Questioned about the use made of the Aurora line, the clerk stated that he was often forced to call Stouffville numbers through the Aurora exchange when he was unable to get through on the regular lines.

Some members expressed the opinion that the equipment of the Stouffville exchange was at fault, while others felt that the operators were either working too long hours or were under too much pressure. The matter was closed when the following resolution was passed, with all members in favour: "Resolved that the clerk be and is, hereby instructed to contact the Bethesda & Stouffville Telephone Company, stressing emphatically the poor service received at the township office, Vandorf, over this line and the Stouffville exchange."

Alma Alexa Hill and Aubrey Munro Sutherland Nicol, Administrators de bonis non with Will annexed of the estate of Annie Maria Nicol by their solicitor,
J. N. Mulholland, Q.C.,
62 Richmond Street West, Toronto

V.L.A. Plans Local Building Course

Many veterans are unaware of the fact that they can qualify to build houses on small lots under Part 11 of the Veteran's Land Act. This new scheme is in addition to benefits already provided for under Parts 1 and 3 of V.L.A. whereby a small holder can receive a maximum loan of \$8100 for land and buildings or land and house construction which provides for a non-repayable conditional grant of \$1400.00 with interest on principle of 3 1/2%.

To qualify under Part 11 a veteran is required to have managerial or some trade ability in house construction. If sufficient interest is shown in Markham and Vaughan Townships free construction courses will be held locally and will commence December 1, to provide for those who do not have this knowledge or skill. Any veteran interested in building under the V.L.A. is welcome to attend these courses. Application should be made to Mr. J. J. Lundy, Regional Supervisor, Veteran's Land Act, 10th floor, 55 York Street, Toronto 1, Ontario.

Under Part 11 of the Act, which became operative in August 1954, the Director may advance \$8000.00 to a veteran for house building purposes on small lots provided the veteran owns or is in a position to purchase a lot valued at \$800.00 or more. Legal costs in connection with land transfers are absorbed by V.L.A. and constant supervision is provided during construction by V.L.A. building inspectors. The veteran must enter into a contract with the Director to build the home. He may, where necessary, sublet the skilled trades.

This mortgage loan commitment may be extended from \$8,000 to a ceiling of \$12,800, depending on the lending values of land and buildings. In this case, 23% of the veteran's monthly income must carry private, interest, taxes and fire insurance. Any veteran who has served 365 days in the service in Canada or overseas for any length of time in World War 2 plus veterans who saw active duty in Korea are eligible. Further information may be obtained from the V.L.A. local representative, V. J. O'Mally, Richmond Hill.

STOUFFVILLE: This year, local voters will elect a deputy-reeve. Although it will not increase the number of seats on council, it will give council two seats on County Council.

Famous World Evangelist To Be Heard At Stouffville

International evangelist, Neil Macaulay, and members of his musical party are the guests of the Stouffville Youth for Christ and will be appearing at the Stouffville United Church Friday, November 25. During the last decade, Macaulay has made two complete around-the-world missionary evangelistic tours, with separate trips to Europe, Latin America and to Australasia. Before entering the ministry, he was a professional musician, and has played under the baton of such eminent musicians as Ferde Grofe, Morton Gould, Elwin Franko Goldman, Percy Granger, and others.

Patricia Macaulay, the wife of the evangelist, travels with him quite extensively, and has played in concert halls throughout Europe, as well as here in America. She possesses the rare gift of absolute pitch, and has

been featured playing the vibraharp and accordion simultaneously on network programs. Her major instrument is the organ, but she also is an accomplished pianist. In addition to the legitimate instruments mentioned above, she also plays the novelty instrument, the cow bells.

Travelling with the Macaulays is Miss Martha Ann Lee, who taught voice at the Bob Jones University before joining the Macaulay Musical Messengers. She has a beautiful mezzo soprano voice that has thrilled audiences of thousands across the country.

This party broadcasts daily on several foreign stations, including the 100,000-watt station, Radio Ceylon, radio's most powerful voice in the Orient. Their weekly Sunday programs cover approximately three-fourths of the world.
