Gradual Expansion Advocated

King City Planning Board Discusses Future Prospects

A park area of approximately 22 acres along the east branch of the Humber, leaving close to 60 acres to be divided into 157 lots was shown on the tentative plan for the proposed layout of Dr. H. J. Barrie's farm by Joseph Gelheny and Norman McEachern of Kingcross Estates at the King Township Planning Board meeting Tuesday night, April 24.
Predict Expansion
Kingcross Estates requested consideration of the 22 acres on the river valley in exchange for the present 5% required for municipal purposes on the first Kingcross Plan. They also requested that the Barrie farm be zoned Rural-Urban, but with the lots 75 foot frontage, averaging 9,000 square feet or more. That the west part of the Barrie farm be divided into lots with 100, 110 or 125 foot frontage according to the land. In the whole area there would be rural suburban type of homes of 1200 square feet or more, architecturally designed and controlled building.
Members of the King City Chamber of Commerce predicted that in 10 years, King City will grow to 2,500 homes in a compact area between lots 2 and 8 on Keele Street and half way to the 3rd and 5th concession roads along King Street and Springhill Road. The population will probably increase to 8,000. There is also the probability of light industry along the CNR tracks from the townline to Eversley, many commercial buildings on King Street, an elongated area north-east and north-west from lots 8, 9, 10 split into rural suburban lots of one acre more or less and filled with subdivisions of \$25,000 homes.

These predictions were explained with the aid of a coloured map of the district to the general meeting of the Chamber of Commerce held in the Masonic Hall on Monday evening, April 23. This was the first general meeting since last October. Reeve William Hodgson of King township and chairman of the King Township Planning Board Bruce Davis were present.
Future Prospects
Mr. Davis and Reeve Hodgson were questioned on future possibilities in regard to the village. In their replies they suggested plans should not be far beyond the district's power to provide public services. However, this is the work of the Planning Board. Incorporation was suggested at the meeting. Industry should not be discouraged by over priced land. It would be wise, suggested the Reeve, to leave some

land in agriculture and develop as growth comes along. You cannot force as far ahead as ten years.
There were 16 members of the Chamber of Commerce present — Peter Boyd, treasurer, made a request that 1956 memberships be paid. At the time of the meeting only one membership had been paid.
Amendments to the proposed zoning by-law came up for discussion. These amendments were submitted two weeks ago to the Planning Board by the King City Chamber of Commerce. King City trustees of the past two years, King City School Bd. and the Lions Club.
Revisions Studied
The revisions to the proposed by-law are being studied carefully by planning consultant Gordon Culham and Township solicitor J. D. Lucas and stated Mr. Davis. They will be presented to the Municipal Board before coming back to King Township Planning Board. A public meeting will be held before the revised by-law goes to the Department of Planning and Development.

Allan Cooke, Kingsview Sub-division was appointed chairman of the ratepayers committee. J. Culligan was the former chairman.
It was moved by Greg Myles that the King City Chamber of Commerce be affiliated with the Ontario Chamber rather than the National organization. Ron Bolton seconded the motion.
Donald Findlay asked that a request be forwarded to the railway asking that morning and evening trains be adjusted to daylight saving time to make it more convenient for commuters.
More Meetings
Bruce Hill requested that meetings be held more frequently. This was the first meeting in six months and only 16 of the original membership of 39 were present. Meetings too far apart do not hold a group together, he commented. June 11 was the date for the second meeting of the year.

Safety Theme Of Oak Ridges Home & Sch. Annual Meeting

The annual meeting of the Oak Ridges Home & School Association was held April 24 when an interesting programme followed by the installation of the new executive committee brought to a close a full and interesting year of activities.
The meeting opened with four selections by the Senior Choir under J. D. Grylls.
Guest Speaker
President Dr. J. N. Emerson then introduced the guest speaker of the evening, Constable C. Case of the Vandorf Detachment of the O.P.P. who spoke to the parents on safety.
Constable Case stressed the importance on the part of each and every parent to be sure that every child is taught the rules of safety before attending school. The teachers are doing a wonderful job but their instruction is of no value unless assistance is given by the adults at home, he said. The Attorney-General has instituted "Operation Live", in Ontario in an attempt to reduce the number of traffic fatalities and accidents. In so doing, all officers have been instructed to stop giving warnings to traffic violators, and instead to issue summonses to law-breakers. It is felt that this will impress on everyone's mind that caution is necessary. No accident just happens, there is a reason and a cause for each one.
Constable Case gave four main reasons for accidents as stemming from carelessness, errors in judgment, bad roads, driving conditions and poor mechanical condition of automobiles.
Be Calm
Speaking of accidents, he pointed out that if a person witnesses

an accident, remained calm, rendered assistance to injured persons and gave full honest details of accidents, much wasted time and unpleasantness could be avoided.
Safety Motto
In conclusion, Constable Case asked everyone present to become safety conscious, to obey traffic laws when walking on busy highways and to drive as they would have others drive when you are walking. "Save a life, it may be your own," is a good motto to remember and follow, he added.
Installation Officers
Mrs. Robert Woolley, past president of Oak Ridges Home and School Association then installed the officers for the coming year. They are Dr. J. N. Emerson, president; K. McGuire and Mrs. H. Woolnough, vice-presidents; Mrs. J. Temple, recording secretary; Mrs. L. Porter, corresponding secretary; Val Marshall, treasurer and executive members, Mrs. F. Coon, Mrs. Brown, Mrs. Robinson, B. Schurman and Mr. Peterson. Report of convenors for the past year and the audit committee were received and Dr. Emerson gave a resume of activities for the past season and expressed his thanks for the fine co-operation of the executive.
A committee under the convenorship of Mrs. J. N. Emerson is planning a rummage and bake sale this Saturday at the public school. The co-operation of the parents was requested.
Grads Banquet
A committee under Mrs. J. Blythe was formed to plan the graduation banquet in June. The class prize was won by Mr. Robinson's Grade 7.
