Wedding
OTIS - MILLER
The altar of Victoria Square Church was banked with yellow gladioli for a lovely late-summer wedding on Friday afternoon of last week, when Velma Eileen Miller, daughter of Mr. and Mrs. A. W. Miller of Gormley, Ontario, became the bride of Donald Reid Otis, son of Mr. and Mrs. Emerson Otis of Golden, Colorado.
Rev. A. C. Huston performed the ceremony and Miss Coral Perkins played the wedding music.
The bride, given in marriage by her father, wore a white-length gown of white lace over tulle with wide skirt and small satin cummerbund. The small lace jacket was finished with long sleeves and a peter-pan collar. Her veil of French tulle illusion was finger-tip length, caught to a small dutch cap, and she carried a cascade of white gardenias, stephanotis, and lily-of-the-valley with small yellow rosebuds.
Attending the bride were her sister, Mrs. Paul Mingay, Markham, as matron of honor, and Miss Edna Whitehouse, Markham, as bridesmaid. They wore similar princess gowns of lined swiss embroidered eyelet in shades of gold and mocha; in their hair they wore sprays of blush pink gladioli, flowerettes with gold mums and they carried small crescents of gladioli and mums in matching shades. Their only ornaments were single strands of pearls.
The groom was attended by Mr. James Miller, brother of the bride, and the ushers were Paul Mingay and Bob Miller. Before the ceremony Mr. Leslie Tibbles (the bride's uncle, sang "The Lord's Prayer".
At the reception held at "The Four Winds," Steele's Ave., Mrs. Miller received her guests wearing a Cele Chapman original in Queen's blue crepe. Her hat was white velvet with feather trim and her corsage was pink rosebuds.
For travelling the bride chose a charcoal wool sheath with white felt hat and black accessories. The couple will live in Provo, Utah.

PHONEY money from Formosa
Chinese Nationalists have a new twist in their psychological warfare. They are dropping from the air "silver" dollars that turn out to be aluminum discs urging mainland Chinese to join the Formosa forces.
While this money was phoney, real aluminum coins are widely used — in France and Italy, for instance. A fraction the weight of other metals, and perennially bright and shiny, aluminum pays off as small change. It also pays off for Canada, as an industry that converts raw materials and waterpower into purchasing power in the world markets.

Sympathy
We were sorry to learn of the death of Mrs. J. W. McNab, late resident of Carrville Road West and Toronto. Mrs. McNab had suffered a stroke some time ago and was sufficiently recovered to come out to the farm, but suffered another stroke last week. She was taken to St. Michael's Hospital where she passed away in her 92nd year. We would like to express sincere sympathy to the family and especially Miss Ellen and Wilfred J. McNab, who made their home with their mother.

Young Man with a Plan
One of these days, Fred's going to take over the farm. Meanwhile, he's planning; studying and working hard... learning right on the job.
Already he's learned a lot about modern farm management, and how a chartered bank can play its part in making farm living more comfortable, more profitable. He has found, for example, how useful the bank can be as a place to build up savings, to obtain credit, to seek financial advice and market information. He knows that the bank manager's door is open to everyone.
When you see a good-looking, well-run farm, chances are the farmer uses the services the chartered banks have built up for all Canadians.

FRINGES
THE COST of an hour's work in business includes some money that the employee does not get immediately.
In addition to the hourly wage, there is the money the employer must set aside for vacations with pay, for statutory holidays and for unemployment insurance; in the case of many companies there is also the money required for hospital and medical care, for pensions and other "fringes".
Many people, including those self-employed, must themselves save for their holidays and their future needs and desires. On the other hand, people who work in some large enterprises for salaries or wages apparently prefer to have their employer set aside for them money for such purposes.
Fringe benefits are savings for the benefit of the employees and a substantial expense for the employers. They are part of the cost of an hour's work which must be recovered from customers in selling prices.
