TEMPERANCEVILLE NEWS

CORRESPONDENT: MRS. ED. PAXTON, R. R. 2, KING
Phone TU. 4-3059

The meeting of the W.A. and W.M.S. of Temperanceville was held at the home of Mrs. Ray Jennings on October 18. Mrs. W. Turner, W.M.S. president, opened the meeting with a poem "The World's Bible," and an article on serving God through one's vocation. A Psalm was repeated in unison after which Mrs. Albert Follitt led in prayer.

The guest speaker, Mrs. Fish of Aurora was introduced by Mrs. Turner. Mrs. Fish entitled her talk "Through the Looking Glass." "Let us stop looking at ourselves in the mirror and start looking beyond the glass to God and his creations and have a better understanding of people and a fuller spiritual life," said Mrs. Fish. Mrs. Fred Hare thanked Mrs. Fish for her inspiring address. Mrs. Turner closed with a lovely poem entitled "A Heavenly Millionaire."

The W.A. meeting was opened with prayer by Mrs. Victor Wood. It was decided during the business period to give \$200.00 toward the parsonage mortgage. Discussion was had regarding the purchase of an electric stove for church use, which was to be sold at an auction sale. Mrs. Boys and Mrs. Macklin made the trip to the sale and were successful in purchasing the stove.

The program for the W.A. at the October meeting consisted of readings entitled "Inside Ontario" and "Fowl Supper Here Again," read by Mrs. Cunningham. Mrs. Bell read an interesting article on "Kitchens".

The film "The King's Men" was shown at Temperanceville church Sunday evening. Mr. John Addison was in charge. This is a Story of Africa where a frightened little boy grew up to be a courageous missionary.

Personals
Mr. and Mrs. Joseph Levison and family were dinner guests of Mr. and Mrs. Maurice Beynon on Monday night. Many friends in community gathered to wish them well in their new home at Shanty Bay.

The men enjoyed a game of euchre while the ladies spent the evening in games conducted by Mrs. Wm. Turner. Old time songs were sung by the group with Mrs. Fred Hare acting as pianist. A close neighbour for 28 years, Maurice Beynon was well prepared to recall some of the humorous episodes in the farm life of his "across the lane" neighbours. Mrs. Beynon then presented two beautiful table lamps to the Levison family. Completely surprised Mr. and Mrs. Levison expressed their appreciation for such a lovely gift and invited any who could do so to visit them in the future. On November 1 they are moving to Shanty Bay where they have purchased a larger farm. C. F. W. Burns, Kingfield Farms is now owner of the property on which Mr. Levison spent the last 28 years, the last 13 of which his wife, Irene, has shared.

Congratulations to Garrett Herrema and his team mate Jim Darlington who were entrants of the Woodbridge Calf Club at the competition held in Guelph last week. The boys stood seventh.

HEADFORD NEWS

Mrs. H. Acreman
Correspondent:
R. R. 2 Gormley, Ont.
Phone Turner 4-2236

Headfords extends a warm welcome to Mr. and Mrs. Allan Laville, Colin and Christine, who arrived from England last Wednesday. The children entered school on Monday. Mr. Laville is a brother of Mrs. Griffin.

Murray Acreman and Hal Acreman were in Colburg one day last week.

Headford Church was honoured to have a prize-winning centerpiece for last Thursday's Richmond Hill Horticultural Society's Fall Show. It was brought to church by Mrs. George Barker who else?

The Tyro Group, under the leadership of Mr. Stewart Rumble and Mr. Freeman Barker, meets in the Church each Monday evening.

A Hallowe'en party is planned for Friday evening in the Church basement. Come in costume, of course, and cookies will be very acceptable. Everyone welcome.

"Cinderella"

Your correspondent was privileged to be present at the school last Friday, when the program committee presented a play, "Cinderella." For sheer cleverness, it surpassed many performances by much older players. The script was written by Christine Terry and Mary Holland, with Sharon Rumble and Susan Terry as directors and stage managers. When one considers the fact that these youngsters had no props except chairs etc., from the school room, no costumes except one last English skirt, and only imaginary curtains, the whole performance was a masterpiece of ingenuity. Later, the children continued with their crafts, the girls making fair progress on their quilt.

Congratulations

Many readers will doubtless remember that Charlie Barker, a month or so ago, was awarded top honours for a carved chest which he entered in the Pacific National Exhibition. When it was made, it was intended to be shown in our own C.N.E., but when it was entered, it was found there had not been enough space allotted for it, hence its entry in the Vancouver Exhibition. This week Charlie's cup arrived from the West, and all of Headford joins once again to offer congratulations to this very versatile and clever young man.

A cow's best friend

Any self-respecting cow likes to know that the precious food product she supplies is handled with greatest care so it will reach her customers fresh and pure.

From the dairy farm to your doorstep, aluminum is aiding the hygienic handling and processing of dairy products. Milk pails, cans and churns... tank trucks and dairy equipment... hoods for milk bottles and foil for butter and cheese... all are of aluminum. This modern metal's smooth surface prevents contamination, is easily kept shiny-clean. And it does not "pick up" foreign flavors or odors. As one European authority has said, aluminum and milk are made for each other.

HIGHLAND PARK NEWS

CORRESPONDENT: MRS. A. A. SMITH
22 Highland Park Blvd., phone Avenue 5-2795

The Henderson Ave. school rugby team has won its second game, defeating Powell Road last week by a score of 16-5.

The public speaking contest at Henderson Avenue School was won last Friday, October 26, by Jerry Mills. Jerry, who is a sixth grade student in Mrs. O'Beirne's class, will now go on to represent his school in the area competition.

Ten scouts from the 2nd Thornhill Troop, which meets at the Henderson School, have won their First Class Badges during the past month. Dennis Buckingham, Don Cordingley, Ron Cumming, Neil Giddings, Don Heath, Roger Jeens, Bill McCallum, Robert Mason, Jim Smith and Ronald Stagg were the boys who passed this stiffest of scouting tests.

Apple Day
Gross proceeds from the annual Scouts' Apple Day, held on October 20 amounted to \$235. On the following day, twelve scouts from the 2nd Thornhill Troop went on a hike near Maple.

Several Cubs from the local pack won prizes for having the best decorated baskets on Apple Day. In place of their regular Wednesday night meeting, the Cubs attended a Hallowe'en party on October 31 at Henderson Avenue School.

The C.G.I.T. held an Initiation and Hallowe'en Party at Thornhill United Church Hall on Wednesday evening, October 24. Mrs. V. Johnson was among those initiated.

At the October 25 meeting of the Girl Guides, Dawn Orchard, formerly of Ceylon and now of Highland Park Boulevard, spoke about Guides in Ceylon.

Bake Sale
The "travelling bake sale" held by the Guides and Brownies on Saturday, October 27, was so successful that all baked goods were sold before a complete round of the district could be made.

On Thursday, November 1, the Guides will hold a wiener roast in place of their regular meeting. The roast is to take place at the home of Mrs. Sissons, in Concord, W.A.

The Highland Park Women's Auxiliary is looking for new members. Present members are urged to turn out at the November 19 meeting and bring a neighbour. Mrs. Eric Axelson, president of the W.A., has announced that the W.A. is no longer connected with the now dormant ratepayers' association.

The controversy over Ross Doan School has evoked lively interest in the Highland Park area. Many residents have expressed grave concern about the apparent disproportionate cost of education in the school area. One result of this interest and concern is that a petition is being circulated, asking for the dissolution of the present School Area No. 1, and the formation of a new school district embracing only Markham Township areas.

The Ross Doan pupils who were attending classes at Henderson Avenue School have now been moved to four portable rooms erected on the site of the new school. These pupils came originally from the Richvale and Carrville districts.

We are proud to announce that

THE PENNY-DOT BEAUTY SALON THORNHILL

is now a
FRANCHISED
Harper Method Beauty Salon

We have completed a specialized training course in the world-famous Harper Method techniques, and are now expertly qualified to render the discriminating women of our community... complete Harper Method Beauty Services.

GMC BLUE-CHIP MONEYMAKERS for 1957

with Speed-Line Styling, "Performance Packed" Power-Trains
... Engineered for Team-Work—Engine to Axle

Power to Spare in GMC V8's. GMC for 1957 offers a performance-proved selection of V8 power units with up to 210 horsepower to handle any job.

Big Line-up of GMC 6's for '57. Many truckers swear by a 6—and no wonder, with the rugged power plants GMC has to offer! Up to 148 driving horsepower.

Three Automatic Transmissions for "Shiftless" Driving. Proven, popular and powerful, Hydra-Matic, in Standard and Heavy Duty models, really saves wear and tear on trucks and truckers. On 9700 through W-9900 Series, there's optional Powermatic employing completely new principles in automatic power transmission. Powerglide, for light duty work on Sedan Delivery vehicles, is the simplest, least complicated of all automatics.

New Rear Axles. GMC's wider-than-ever range of Hypoid rear axles makes it easy to find just what you need—custom-created to fit your job.

Five Sturdy Standard Transmissions. Now, for 1957, GMC brings you everything that's new in standard transmissions. Truckers everywhere know the reliability of famous 3-speed Synchro-mesh, the Heavy Duty Synchro-mesh and the 4-speed H.D. But GMC also has two new 5-speed units... the New Process transmission for medium duty work, and a real workhorse—the all-new Spicer 5-speed Heavy Duty truck transmission.

Now, More Rugged Frames. New load-carrying capacity is another sign of '57 GMC newness—new safety, too, with a stronger-than-ever frame design. Welded channel sections, reinforced with alligator-jaw cross-pieces, provide maximum strength for GMC's backbone!

Threaded Spring Shackles. Easier-to-service suspension points up GMC's eye on the future for truckers. Spring shackles are now threaded for easy removal and replacement.
