McConaghy Home & School Guest Describes Child Behavior

At the October meeting of the M. Lillian McConaghy School over 120 fathers and mothers attended to see the film, "Sociable Sixes and Noisy Nines" and hear Dr. Ralph McCaw, area Psychologist for School Area No. 1, Markham and Vaughan.
 Dr. McCaw was introduced by Mrs. Connie Matthews. He spoke on the characteristics of the age groups shown in the film. It was a privilege to hear this distinguished speaker.
 Dr. McCaw referred to the 5-year old age group as the golden or focal age and the age of consolidation. The six year old is much less organized than at five years. He goes to extremes, is impulsive, excitable and is dependent upon adults. This is the dramatic age or age of transition. The seven year old is more sociable than the 6's. This is the sensitive age and the child is quite susceptible to praise and sensitive to punishment. He also appears to be more introverted. The 8 year old child is less child-like and is not fond of commands. He is less dependent upon teacher and expects and asks for praise. He attains a higher ethical sense and has an aversion to falsehood especially in another person and is more inclined to evaluate self-principles. At this age the child is usually speedy and in high gear when it comes to talking, eating, etcetera. The nine year old has individuality and much self-motivation. He is very realistic and varies in moods and is conscious of moral manners. At this age group the child is more reasonable, talkative and interested in friends. He is at the comic book age as well as being more prone to hobbies and hanging up favourite pictures or flags in his room. The nine year old has to find himself; he likes to plan ahead; he is more honest and accurate and likes freedom without supervision. This is also the teasing age.

Hallowe'en Party
 The children enjoyed a party at Carrville public school Wednesday afternoon along with some parents and pre-school children. The children were all dressed in Hallowe'en costume. They had decorated the school room with pumpkins, witches, ghosts and goblins. Principal George Green had a prize for each grade for costumes. Grade 1, Pauline Gray; Grade 2, Sally Manning; grade 3, Marnie Nesbitt; grade 4, Jane Manning; grade 6, Paul Winger; grade 8, Bob Manning. Greta Middleton received the grand prize. A program and stunts, refreshments were enjoyed and a good time had by all.
W.A.
 The Carrville United Church Woman's Association met at the home of Mrs. R. Kirk, October 31 with 15 ladies present. The theme was A deeper note than victory. The president, Mrs. R. Kirk, presided. Mrs. J. Williams read the scripture, and the explanation. Mrs. Read read a paper, "The hem of his garment".
 Mrs. Read reported that the Ways and Means Committee had cleared \$80.96. Mrs. Baker thanked the W.A. for the condolences sent her at the time of the death of her grandfather, Mr. W. Ness.
 The December meeting will be held at the home of Mrs. Stanley Wood. This will be the annual meeting and also the Christmas party. The devotionals are to be taken by Mrs. Eddy and Mrs.

Newest Buick Yet

Buick Roadmaster 4-door Riviera

A GENERAL MOTORS VALUE

YOU know all that talk you've been hearing about the 1957 new car models being really new?

Well, in the case of the 1957 Buicks it's true—gospel true.

And we bring them to you now with a soaring enthusiasm we can hardly contain—the newest new Buicks ever built.

All New—and Then Some!

We mean these 1957 Buicks are new in the precise and literal sense.

We mean new from the ground up, and from gleaming grille to sassy taillights.

We mean new lowness, new styling, new bodies, new windshields, new controls, new safety-padded instrument panels, new safety steering wheels, new seating, new fabrics, new colors.

We mean new front end, new rear end, new frame, new braking, new steering, new handling, new riding, new roadability—a whole new chassis of greater solidity and safety.

We mean V8 engines new from the crankshaft up—engines that poise on new nodal-point mountings for peak freedom from vibration—that "feed" through a rust-free fuel system—that breathe freer and deeper to deliver an all-time

high in horsepower and compression from their 364-cubic-inch displacement.

And we mean, most of all, an advanced new Variable Pitch Dynaflo—so instant in the starting range—so utterly smooth and so totally full-range in "Drive"—that your need for "Low" is practically eliminated.

So come take in these low-silhouette, these boldly beautiful, these instantly obedient Buicks for 1957. Come learn about the host of wonders to be had here—including a true work-wagon with the racy and airy grace of a pillarless 4-Door hardtop Riviera—the most beautiful Estate Wagon you ever beheld.

Then you'll see why you can't blame us for being so fired up about it all—and how catching this excitement can be.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.
