Socials

We are sorry to lose the Couter family from our community. They are leaving this week to take up residence in the Langstaff district.

Headford members of Victoria Square W.M.S., will attend the joint meeting of the W.A. and W.M.S., which will take the form of a luncheon, on Wednesday November 21, in the Sunday School room, at Victoria Square.

Mrs. Fisher and Mrs. Wm. Weliman were visitors at the Royal Winter Fair, last Friday.

Week end visitors with Lorraine and Murray Aceman, including Mr. Beckford, of Cordova Mines, and Mr. and Mrs. John Beckford Jr., of Lancing; and Mr. and Mrs. Bill Knappett, of Belfountain.

Mrs. Harold Acreman, visited on Friday and Saturday, with her sister, Mrs. P. A. Frampton, of Long Branch.

There was a very interesting film strip shown in Sunday School, of Abwa, a small African girl, depicting her great desire to have a Scripture picture. It was missionary Sunday, with a special offering.

Hallowe'en Goblins and witches and jack-o-lanterns were strategically placed to provide a suitable atmosphere in the school for the pupils' annual Hallowe'en party.

Some of the costumes were quite weird, often not representing anything or anyone in particular, but providing fun, and mystery just the same. Games and hilarity were the order of the day, with proceedings winding up with a bountiful supply of eats and treats of all kinds.

Friday was Junior Red Cross day at school, with the final half hour devoted to crafts.

It took courage to enter the basement of the church Friday evening, for there were fearsome folk in the dimness there. Witches and pigs and cowgirls and cowboys and "cullud pussions" too, ladies of high rank (you could

tell this by their furs), and even a lovely little bride were there. The judges found it difficult to award prizes; and were there a few surprises when the masks came off! One latecomer surprised even some members of her own family! Fun, and more fun ruled the evening, with apple-bobbing and what-not; and, well and abundantly filled with cocoa and cookies, everyone trooped home, tired but very happy.

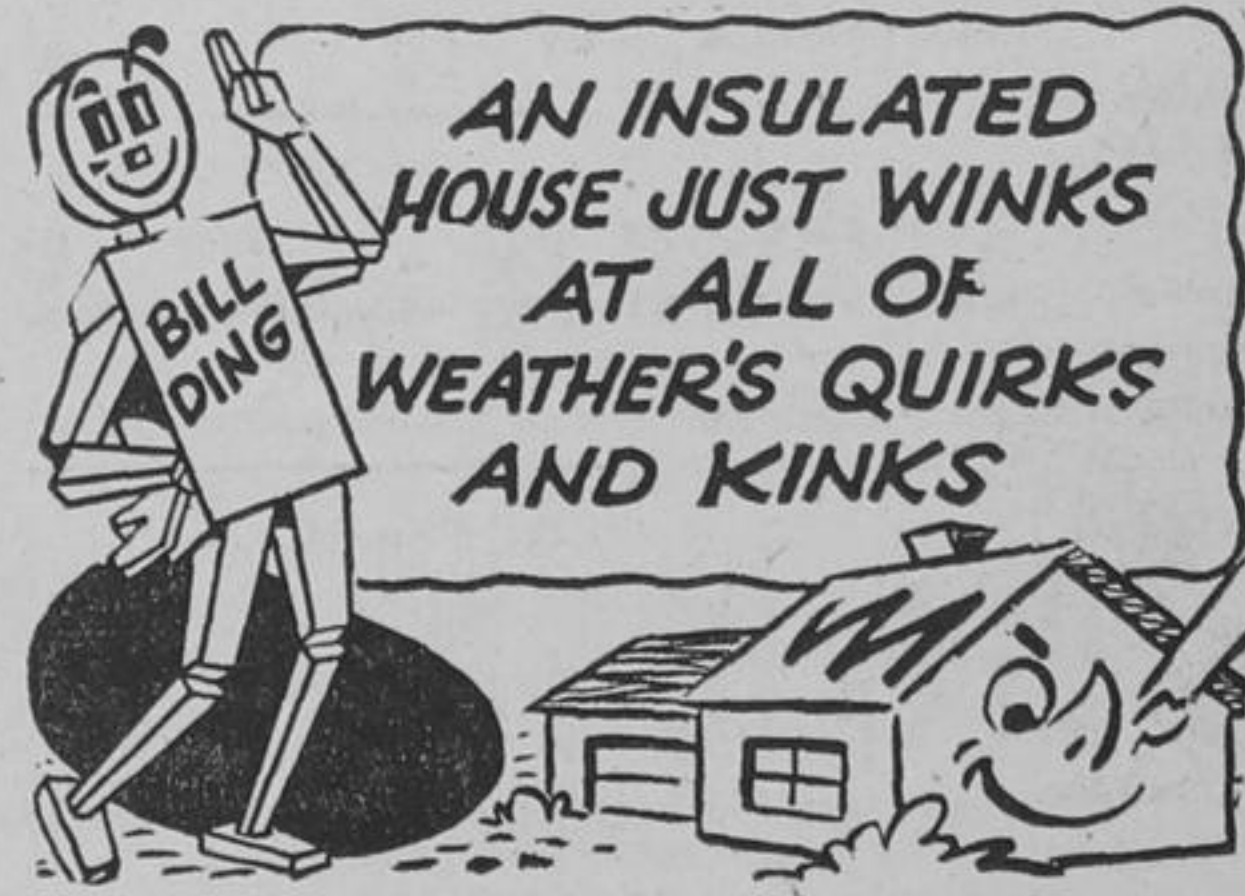

November is the month when Victoria Square W.M.S. and W.A. hold their annual joint meeting. This year it is to take the form of a luncheon to be held in Victoria Square church on November 21. The speaker will be Mrs. Houck of the United Nations, and in view of the grave situation confronting that body at this time, it should prove both interesting and enlightening. Everyone is welcome and tickets can be obtained from Mrs. Acreman.

The Dickens you say...

Maybe Charles Dickens was gazing into a crystal — or aluminum — ball when he made this prediction a century ago about a strange new metal called aluminum. He wrote:

"What do you think of metal as white as silver, as unalterable as gold, as easily melted as copper, as tough as iron? ... In proportion as the cheap production of aluminum becomes more and more an established fact, the more we shall find it entering into household uses — for travelling purposes, for instance, for which its lightness is no small merit."

Very good, Charles — especially that bit about cheap production. That day has arrived, as Alcan's vast production and world sales prove.

For one young lady, for one year...

Even this picture doesn't show all the children's clothes you have to buy. And then there are things like birthdays, and bicycles, and the dentist :: It's no picnic, handling the purse-strings for a growing family.

But it's a lot easier if you can just keep ahead of your shopping list, instead of behind it. And the practical way to do that is to deposit a regular amount, each month, in a Royal Bank savings account. As your savings build up you can go ahead and buy things as you need them :: pay cash if you want :: pick up bargains, too! You can get started, at any branch of the Royal Bank.
