ELGIN MILLS - JEFFERSON NEWS

CORRESPONDENT: MRS. I. PETERSEN
Telephone Turner 4-2444

"The Liberal" is very pleased to announce the appointment of Mrs. Ivan Petersen as our new Correspondent for the Elgin-Mills-Jefferson area. In order that we may give our district complete news coverage, kindly forward all news and items of local interest to Mrs. Petersen who may be reached by telephoning Turner 4-2444.

Ski Meet
Mr. Harry Hunt and Mrs. C. Burns who teach at Jefferson, invited the grade 8 girls to attend the ski meet at Midland last Sunday. The lucky girls were Nancy Passmore, Lorraine Webb, Mary Lake and Julie Ensor. The group met at the school at noon and left immediately for Midland. We haven't too much to report about the ski tournament itself, because all the girls could say when they got home was "it was just wonderful."

Brownie Outing Cancelled
Due to lack of co-operation from the weatherman and some confusion as to destination, the Brownie outing had to be cancelled last week. Transportation was also a problem and certainly this last item could be remedied by the parents of the children concerned. It is hoped to have both the skiing party and the trip to the zoo arranged during the next month, and since several parents have already indicated that they are anxious to do their share of the transportation, no further

problems should arise.
Mrs. Ron Browne was hostess to her ladies' club on January 25. This young group has been holding regular meetings once a month for the past two years. They sew, knit and chat during their pleasant evenings together. Present were Mrs. D. Hillaby and Mrs. D. Hicks, Richmond Hill; Mrs. H. Forster, Victoria Square; Mrs. J. Pettigrew, King City and Mrs. L. Cannon from Mount Dennis.

We were pleased to hear that Mrs. D. F. Snell and her lovely daughter returned home from hospital last week.

Birthday Greetings
We would like to extend birthday greetings to everyone in our community who celebrated birthdays during the month of January.

Mr. and Mrs. Arthur Gibson and son Hank are in Florida. Their son Bill and his chum are looking after the homestead. Congratulations to Darrell Goulding on his appointment as chairman of the planning board. Darrell is a good man for the job and a real booster for the township.

Mrs. Wm. Bell visited her son and daughter-in-law in Toronto on Wednesday of last week. It was the morning of the snow storm and freezing rain and the trip took almost 24 hours. However as Mrs. Bell said, it was well worth it to be with her two lovely grandchildren Elaine and Kenneth for the day.

Paul Dodson had a skating party on Saturday for his friends.

We are pleased to hear that Mrs. Ray Jackson is feeling much better.

Mr. F. Powell has almost completely recovered and is feeling fine. Mr. Powell broke his collarbone as a result of a fall some weeks ago.

We were sorry to learn that Mabel and Johnny Robertson have been laid up for the past week. Mabel was ill with the flu and John suffered an ear infection.

Birthday Luncheon
Mrs. Ted Gamble gave a luncheon for her sister, Mrs. D. Goulding, in honor of Mrs. Goulding's birthday, January 24. Their mother, Mrs. A. Hall and Mrs. G. Taylor from Richmond Hill, and Mrs. Ernie Hall from Elgin Mills were also present. In the evening, Mrs. W. Bell, Mrs. T. Gamble, Mrs. R. Browne, Mrs. I. Petersen, Mrs. E. Hall and Mrs. Lorne Clubine from Victoria Square arranged another birthday party for Mrs. Goulding.

Help Wanted
Parents are invited to send their correspondent a record of their children's ages and birthdays, to Elgin Mills Post Office. We will endeavour to remember them in this column at the appropriate time.

We are also interested in any community affairs, social events and other happenings, which are of general interest to readers in our community.

Random Thoughts
We often wonder why city dwellers who move to the country, always talk about the conveniences they left behind, or could it be possible they talk about the wonderful life in the country when they go to see their friends in the city?

Are you going to have a garden this year, or is it going to be the opposite?

Snow is wonderful if it would only stay put. The old inhabitants talk about snow "to the top of the telephone poles". We have a strong suspicion that 30 or 40 years ago a lot of telephone wires were strung along farm fences.

Many people in the country have a pond, but quite a number have decided that "next year" they are not going to have it in their basement.

Organize New Evening Branch St. John's W.A.

Mrs. A. E. Terry was elected president at the first meeting of the W.A. Evening Branch of St. John's Anglican Church. Other officers are: vice-president, Mrs. Ross Silcox, treasurer Mrs. Lyall Bayle, secretary Mrs. Jack Passmore. The meeting was held recently at the home of Mrs. Terry with 16 ladies and the Rev. D. C. H. Michell present.

The Rev. Mr. Michell addressed the ladies and said he was pleased to see a good attendance on such a cold night. He stressed the need for the church to take a more positive stand in the community. An item for future consideration, brought up by Mr. Michell, was a bus service to help people without transportation to get to church. This same service could probably be utilized for Sunday school as well, he said.

Mrs. M. Beynon and Mrs. G. Kerswill of the W.A. afternoon branch addressed the group. Mrs. Beynon explained how important it was for a W.A. group to work towards a definite objective. Mrs. Kerswill also offered her assistance in forming the group, and reminded the ladies that it was better to attain a small objective, than to set one which could not be realized.

A prayer by the Rev. Mr. Michell asking for guidance in the undertaking, and blessing of this newly formed organization, closed the meeting.

Regular meetings will be held on the second Thursday of every month.

NORTH YORK: Work has begun on plastering the new Bronson Hospital. It is expected that the hospital at Bathurst and Finch will be open by early summer.

Sluggish engine got you "hopping"?

HERE'S HOW YOU CAN RECOVER
lost power... set free 5 to 10 horsepower trapped in your engine!

Ordinary motor oils must be warmed up to flow freely. Until they do, your engine wastes power just pushing the oil around.

Shell X-100 Motor Oil Premium flows freely—even when cold... gives you 5 to 10 bonus horsepower!

And you get another big advantage. X-100 prevents acid action—major cause of engine wear.

For more power... more engine life... insist on Shell X-100 Motor Oil Premium.
