He was 65 years of age. Mr. Jackson went to school in Maple and lived here until about 35 years ago. ## Busy Session On Thursday For Community Centre Board

The first meeting of the new year of the Maple Community Centre took place at the Community Centre on Thursday night, January 31. The two new members appointed as representatives from Vaughan Township Council, Deputy-reeve Robert Kirk and Councillor Wilson Anstey, were present, as were all other members of the Board.

Considerable time was taken by Chairman Harold Miller to explain to the two new members what had been the main activities of the board during the past year, and it was pointed out that the Board now has a clean slate with regard to outstanding debts, all bills having been paid to-date or being in the process of being paid. Secretary Mrs. M. Palmer read the minutes of several past meetings, and some of the old business brought up included the fire escape railings and the panic hardware which was to be installed. Mr. Miller had been in touch with the lock manufacturers regarding the chosen lock bars several times, but only some of the locks had been installed so far. He undertook to phone the Acme Lock Co. again and to make sure these locks were in place before the next board meeting.

**Fire Escape**  
In connection with the fire escape railings, which are essential for safety in case of any fire or other disturbance at the hall, the board gave Allan Moore authority to obtain the services of someone to get this important job completed without fail. Fifty new chairs were purchased for the hall during the past month, and in the near future it was hoped to purchase some further cutlery and dishes for the kitchen.

**Honorarium**  
The subject of an honorarium for the treasurer, Mrs. H. Miller, was brought up, and a motion was carried to give Mrs. Miller a cheque for \$50 at the end of her present term in June and to offer a salary to the incoming treasurer, as the post of Treasurer for the Board required a considerable amount of work and time, as well as skill.

**Bowling Alleys**  
Other items under discussion were the income and expenditures for the Bowling Alleys, and the treasurer stated that by May 1958 the original capital investment on the alleys would be completely paid for and all income would then be used for the good of the whole Community Centre. At the present time the Bowling Alleys only just carry themselves. Hall rentals were also discussed and it was decided to stick as closely as possible to a rental scale unless exceptional circumstances arise.

Before adjourning, the Board decided to make the third Wednesday in each month the regular meeting time in future, rather than at the call of the chairman.

## Annual Report Shows \$21,000 Raised; Maple United Church

Twenty-one thousand dollars was the amount raised during the year 1956 by the congregation of Maple United Church. This was the encouraging report made to the annual meeting of the congregation by Dr. R. A. Bigford, Church Treasurer on Wednesday night, January 30.

Finances were shown to be in a most encouraging state, with all organizations reporting estimated receipts over-subscribed. One thousand dollars was raised for the missionary and maintenance fund and the Women's Missionary Society went beyond its objective by nearly a hundred dollars. The Woman's Association reported a year of activity, with promises of even greater projects with the opening of the new Christian Education Hall with its modern kitchen.

**Sunday School**  
The Sunday School finances were reported to be in a very healthy condition and the amount raised for missions, \$240, was the highest in the history of the school. Attendance was also reported to be at a new high water mark, having outgrown the present facilities. It was decided that four new Stewards should be added to the present membership, bringing the committee to 17 and the following were elected to fill existing vacancies: Mrs. Leslie Laver, Bruce Murchison, Kirby Brock, Graham Walter, Harry

On Monday night, February 18, a congregational supper and concert will be held. Laymen of the church will serve and be responsible for the program. Hearty votes of thanks were passed to the Choir Director, Mrs. Roy Clegg and members of the choir, the church officer, Mrs. John Leece, officers in all departments of the church's life and Rev. A. G. and Mrs. Donald and Miss Marion Donald.

### Church News

The annual Vestry meeting of the Church of the Apostles, Sheppard Ave., was held in the church basement, Monday, January 28. Rev. J. Purser was in the chair; Mr. George Gibson was elected Secretary for the meeting. Mr. Green read a message from Bishop of Toronto. Rev. Purser then read the Incumbent's report. He paid tribute to the leadership given the church by Rev. G. Lesser, the last incumbent and wished him God's blessing in his new field. Rev. Purser thanked the congregation for their loyal co-operation and friendliness to him since his arrival and predicted steady progress of the parish.

Mr. Gil Nelson, Rector's Warden thanked those who had assisted in carrying on the church work in the period between Mr. Lesser's departure and the arrival of Mr. Purser, and to the choir and members of all church organizations.

The auditor's report showed all branches of the church to be in a healthy condition with all obligations met. Mr. W. T. Green was appointed Rector's Warden and Mr. I. Matthews was elected People's Warden.

Sidesmen elected were: Ernest Biman (chairman); the present slate of sidesmen with a few additions. Lay Delegates to Synod: Stan Hathway, L. Phillips; substitutes, H. Cave, Stewart Geddes, Envoys Sec., H. Lickerish, Parochia Tribunal, Eckert, L. Brown, I. Franks, H. McDonald, Advisory Board, W. Williams, F. Lock, G. Mottershead, W. Brown, P. Burrows, Mrs. Brown, Mrs. E. Lock, Auditors: S. Geddes, G. Mottershead.

Mrs. Lickerish gave a report on the envelope system in the church.

It was decided to hold a drive to ask more people to use the duplex envelopes rather than open collection, and a committee was set up for this purpose, consisting of The Rector, the two Wardens, chairman of Sidesmen, with volunteers to be invited to help from each organization.

**Building Committee:** Messrs. F. Lock, LeGear, Lickerish, Geddes, Hathway, L. Brown.

**Religious Education Committee:** Mrs. Olive Williams, Mrs. Shirley Ecker, Mrs. Phyllis Hathway, Mrs. Jane Booth and Mr. L. Phillips. Delegates to the Bible Society: Mrs. C. Williams, Mrs. Dorothy Brown.

**Social Committee:** E. Birman, S. Hathway, George Gibson and Mrs. Sid Harrison. Pageant Committee: H. Cave, G. Gibson, Mrs. K. Amos and Mrs. G. McDonald.

A discussion arose, regarding various forms of recreation to be held in the church basement and several good suggestions were proposed. The committee is to meet and lay plans for the coming session.

An increasing attendance was reported in the Sunday School. The meeting was followed by a social gathering and refreshments were served by the ladies of the church.

**Junior Choir**  
The Junior Choir of the Church of the Apostles held their annual party on January 31 at 4.30 p.m. Choir practice was foregone for this occasion and the time devoted to fun and games. About 35 children, did full justice to the lovely refreshments provided for the occasion, and served by ladies of the church. The youngsters gave a hearty "thanks for a nice party" to Mr. Cave and his assistants.

**Anniversary**  
Congratulations and good wishes go to Mr. and Mrs. Perry James, 669 Sheppard Ave., on the occasion of their 25th wedding anniversary. The James family, quite literally, "moved house" from Dufferin St. to Sheppard Ave. about 15 years ago. The sale of their home was needed for the DeHavilland Runway and so they had the house brought to its present location on a huge float.

The silver wedding was attended by the couple's seven children and one grandson. Mr. and Mrs. James are active members of Victory Gospel Church, being among the original congregation when services were held in the old Dublin School.

Mr. and Mrs. Stewart Geddes of 65 Reeves Road, are entertaining Mr. Geddes sister and brother-in-law, Mr. and Mrs. Westcott, who are here from Vancouver.

**Mothers' Campaign**  
The Marching Mothers of this district were out in full force on January 31. Although it will be some time before complete figures are obtained, people were most generous and it is expected the quota will have been exceeded.

Mrs. William Earl celebrated her birthday on January 31. The former Jane Anne Powell, Mrs. Earl, who now lives in Newmarket, is the youngest daughter of Mr. and Mrs. Powell of 803 Sheppard Ave.

Mr. and Mrs. Bert Hurding and family, formerly of McAllister Road, have moved to Quebec City where Mr. Hurding is working on a project. Mrs. W. Sutherland receives glowing accounts of life in Quebec from her grandchildren.

A meeting of the Dublin Stitches was held at the home of Mrs. Craton, Bryant Ave. The members of the club worked on two baby quilts which were finished during the afternoon. They also brought in a quantity of sewing, principally baby clothes, which had been done at home. Tea was served by Mrs. Craton to the seven members who were present.

**STOUFFVILLE:** Thieves cut 175 feet out of a temporary telephone wire laid along the ground near here last week. This left some 200 Markham Township telephones out of order.

## Don Head Farms Win Many Prizes

Don Head Farms, well-known local livestock breeding establishment, carried off many prizes and trophies at the International Live Stock Exposition which took place recently in the Dominican Republic. This is the largest International Show held this year in the Caribbean area, and competition was very keen, with many famous U.S. breeders sending exhibits, as well as breeders from Latin America.

Don Head Farms sent 9 Aberdeen Angus and 11 Jerseys, and they won several Championships as well as the top prizes in the "Get of Sire" classes for both breeds.

Another Jersey Breeder in this district, Mr. Norman Bagg, of Edgeley, sent a Senior Yearling bull with the exhibit, and was able to win a second prize with him. In all, over one hundred animals from Ontario participated in the Show, including Guernseys, Ayrshires, Holsteins, Short-horns, and Suffolk sheep. The animals were flown from Malton airport to Ciudad Trujillo, the city where the show took place, and Art McKeown, Jersey Herd Superintendent at Don Head Farms, was one of the senior Ontario cattlemen in charge of the exhibit. He left Malton on December 28th on a large 4-engine DC4 cargo plane belonging to Pan American Airways, which carried the Jerseys, as well as several Ayrshires, to the show, and returned on Tuesday of this week.

Mr. and Mrs. Ernest Redelmeier of Don Head Farms also attended the show, remaining in Ciudad Trujillo from January 10th to 20th.

The other day I was reading a little economic joke pulled by two professors of Cornell University. They wrote a long, serious essay comparing the price-per-pound of cars with the price-per-pound of protein foods like cheese, meat and fish.

New cars, they found, sell from 48 cents to \$1.10 per pound with the average being 85 cents a pound. That's two cents less than the average price of the protein foods, 67 cents. That's pretty good value, I thought, especially since you'll get some of that 65 cents back when you trade in. But who ever bought a used pork chop?

They found a lot of similarities between the economics of cars and food and they came up with a pretty sound conclusion: The 50-cent a pound car will get you to your destination just as the 40-cent a pound chuck roast will give you lots of vitamins. But the dollar-a-pound car will get you there with less bumping, just as the dollar-a-pound meat will give you the vitamins with less chewing.

A unique thing about automobiles, however, is that anyone who can afford to buy a used car at all can afford just as much luxury and comfort as he wants.

And with a used car lot as large as ours you get the whole range of choices all in front of you, new cars, old cars, almost every make and model you can think of.

It stands to reason (or really two reasons) why we have the best selection of used cars. We sell a lot of new cars because we can offer the best prices around here. So we get a lot of trade-ins.

We sell those trade-ins at the best prices around here, so we get a lot of people who trade in on the trade-ins. All this means we sell a lot of cars and make money. You get the low prices.

# Protection

## ...at your fingertips

Safety in the automobile is optional at no extra cost. No mechanical safety device can replace the protection of careful driving.

Last year, traffic accidents claimed the lives of more Canadians than ever before. Someone was injured every 8 minutes. A car was damaged every 48 seconds. Automobile insurance claims rose to more than one hundred million dollars.

One result of this is higher automobile insurance rates — because what is paid out in claims must be brought in by premiums. But even more important is the fact that you hold your life, and the lives of others, in your hands when you get behind the wheel of a car.

Safety pays dividends... saves lives, helps to lower your insurance costs. Be Careful.
