W.I. News
The March 13th meeting of the W.I. was held at the home of Mrs. Stella Paxton. Home Economics was the topic of the meeting convened by Mrs. Maurice Beynon. In answer to the roll call "The soap or detergent you use on wash day and why?" It was suggested a few drops of vinegar on the hands would keep them smooth and soft, if applied after the family wash.

Temperanceville has been invited to Kettleby Institute, on Thursday, March 28th, at 8 p.m. Temperanceville members will assist in the program. Convenors for this are Mrs. Don Chalk, Mrs. Clayton Beynon and Mrs. Gordon Baldwin. The nominating committee for 1957-58 are: Mrs. Wm. Mitchell, Mrs. Maurice Beynon and Mrs. Harry Hutchinson. A donation of \$25.00 was given to the Temperanceville School to use as they see fit, \$25. was also donated to York County Hospital, Newmarket.

Mrs. Maurice Beynon introduced her program by calling on two members of the 4-H Happy Gang of Temperanceville, Misses Ruth Beynon and Jean Hare, who chose to give a demonstration on "Good Posture". There are three reasons why everyone should be interested in good posture, (1) Correct posture means a more symmetrical figure which is more easily fitted. (2) Clothes look much better if worn by one who has poise and graceful posture. (3) The girl with correct posture looks better because she is a healthier girl.

Good posture was demonstrated by the girls in walking, sitting and standing, and it was noted that regardless of careful grooming, poor posture will detract greatly from one's appearance. If one has perfect balance one should be able to stand on one foot and hold the other in front for ten seconds and without lowering hold it behind for ten seconds. The demonstration was well done and proved the point that good posture and poise makes for better appearance and healthier persons.

Mrs. Little gave a splendid paper on "Where do we stand with trading stamps?" The criminal code states that any kind of stamps or bonuses are against the law. This practice was allowed to start and nothing was done about it. Now it has become almost a country wide scheme. The trading stamp companies charge the stores 2% for handling. At first this cost was paid by the stores but finally had to be passed on to the buyer which of course means increase in prices. Mrs. Little stated in her paper.

Miss Joan Hare favoured the group with a very pretty piano selection.

Mrs. Maurice Beynon began her Home Economics and Health topic by explaining the meaning of the art of living together in the home and community; making the best use of what we have at

Learn To Laugh Says Guest Speaker

"The Importance of Being Merry" was the topic of Mrs. George Fish's address at the St. Patrick's Day Luncheon at King City United Church on Saturday. Mrs. Fish spoke to 80 women, members of King City United Church W.M. and W. A. groups. She was introduced by Mrs. H. Ratcliff, president of the W.M.S., who acted as chairman. Mrs. Fish is president of the Aurora United Church W.M.S. and vice-president of the W.A. She holds office in the newly formed York Presbyterian executive and in York Presbytery. Mrs. Fish also holds office in the Cancer Society. The World needs laughter, emphasized Mrs. Fish. England has come through many trials because she was called Merry England. It would relieve the tensions at the U.N. if members would take time out to laugh. Besides making laughter we have to look for laughter in situations. Mrs. Fish recounted many amusing incidents that happened to her while she was practising law at Preston near Galt, Ont. We have to be able to laugh at ourselves to see the humour in a situation, she commented.

Mrs. Murray Little of Markham brought greetings as vice-president of York Presbytery W.A. Mrs. W. Hodgson, vice-president of the York Presbytery W.M.S. also brought greetings.

Mrs. P. M. Robertson, Mrs. Gordon Orr and Mrs. Don Haden sang the Irish number, Take Me Home Again Kathleen and a parody on the Green Door. Mrs. Adam Davidson and Mrs. Geo. Harvey enacted a musical skit "Prudence and Patience". Mrs. Ewart Patton was the accompanist. Mrs. E. Wallis thanked the speaker and all participants in the program. The Irish theme was carried out in the table decorations for the luncheon. Rev. M. R. Jenkinson asked the blessing.

Lions Plan Gay Carnival

King City Lions are planning a gay colourful carnival packed with entertainment for both children and their parents alike on Friday evening, March 29, at Nobleton Arena.

To begin the program the Pee-wees will have their hockey play-offs. Then there will be a costume parade in which the children will participate. Pupils of Mrs. H. C. Bailey, Maple, will exhibit some figure skating displays. Clowns with amusing stunts and games will complete the program. The bond draw will also be made.

The school children of Eversley, Temperanceville, King City, Kinghorn, Sacred Heart and Strange are helping the Lions by making attractive posters for the carnival, the best of which will be used for display advertising in the district.

The skating carnival gives the parents an opportunity to see some of the work being done for the boys and girls by the Lions.

STAN WATSON,

Chairman Insurance Committee.

YORK COUNTY FEDERATION OF AGRICULTURE

Last week Frank Brumwell asked me to talk about insurance, farm liability insurance. Now that is a subject I like to talk about. But you may ask what has insurance got to do with me or the Federation of Agriculture. Well, I'm a farmer and nearly all farmers are members of the Federation and the Federation started the Co-operators Insurance Association in 1949. Now it is a company writing auto and farm liability insurance. So it's our company - and about that Farm Family Liability Insurance. It protects the farmer and members of his family for any liability arising out of negligence anywhere in the world. In addition it provides public medical payments coverage that covers injuries sustained by the public while on the farm property or premises regardless of whether or not the farmer or his family are liable.

There is also a \$300. per farm annual collision coverage, for animals killed on a public highway. You can include in the policy on an optional basis, coverage that will help pay medical bills for yourself, your family and your hired help in case of accidental injury. You can also have protection for your farm equipment against fire, theft and miscellaneous perils.

This is good insurance and I wouldn't be without it. Why not have one of our qualified Co-operators Insurance Association representatives explain this policy to you?
