## Capacity Crowd Attends Cub-Scout Open House

Maple's 1st Cub and Scout Troop held Open House Friday night, March 29, at the Maple Community Centre, and there were about 250 people present to pack the hall, over 100 of whom were children. An interesting and entertaining program had been planned by the Scout Committee under the chairmanship of Mr. Jim Spencer.

Mr. Jack Hamilton introduced the Cub Scouts who demonstrated their Grand Howl, the Cub Promise and the Lord's Prayer. Assistant Scoutmaster Emery Savage introduced Scouts Monte Wagner, John Spencer and Kirby Brock, who explained the origin of the Scout Flag and the meaning of the Scout Promise.

District Cubmaster Walter Smith of Richmond Hill followed with a short address, explaining the newly formed District called York Summit, which extends from Steeles Ave. north to Oak Ridges, west to King and east to Unionville.

Highlight of the evening was the color film "Jamboree" shown by Reg. Rouse and which showed the many aspects of the International Scout Jamboree of 1955 at Niagara-on-the-Lake. The film stressed the contribution of scouting to world brotherhood, showing as it did the many nationalities represented at the Jamboree. All children then proceeded to the upstairs room under the direction of Jack Hamilton and Emery Savage for games, while a business meeting was conducted for the adults. During this time District Cubmaster Wm. Keenan of North Toronto spoke at length about the film just seen and what lies behind scouting, the prominent part religion plays in scouting irrespective of faith. He explained what he himself got out of scouting and stressed the inspiration of watching boys grow to manhood, from the eight year old cub who can't tie his own shoelaces, to the scout who is ready to take part in life independently. He made an earnest appeal for assistance, saying that scout leaders do not come with the troop but must be recruited from parents, etc. He lauded the wonderful work done by Scoutmaster Jack Hamilton with 55 cubs, but they needed more men to help at the meetings. He also proposed the immediate formation of a Ladies' Auxiliary to the scout movement.

Mr. J. Spencer thanked the speaker and all others who had been instrumental in making the evening possible. He also thanked the Maple Lions Club for providing the pavilion in the park for the scouts, and the Community Centre Board for providing the hall free of charge that night.

**Home and School**  
The Concord Home and School Association feels the children of this area have not been able to take full advantage of the free swimming instruction given to school age children at the Thornhill Swimming Pool during the summer. A time schedule is set by the Recreation Committee and the children are responsible for their own transportation to the Pool at the time set for their school. It is felt that transportation is a great handicap and that bus service were arranged and partly paid for by the Home and School Association, many more youngsters would take advantage of this free instruction.

Arrangements for such transportation are under way, but for an accurate survey, it is necessary to know now, the names of all youngsters who would go on such a bus. If any interested parents have not already sent in the names to the school, the association requests that they do so at their earliest convenience.

**NORTH YORK:** The Board of Education has managed to hold the tax line steady at 11.72 mills. The public school levy is down a little, however a slight increase in high school needs has taken up the slack. The board expects to spend \$10,289,337, during the year.

Pigs that weigh up to 40 pounds or more at weaning are the pigs that go to market in a hurry. They save you feed and feeding time and are worth more money to you.

Getting pigs started early on a feed like SHUR-GAIN Pig Booster- Starter is the way to get top weaning weights. Pigs take to this highly nutritious feed quickly because it's extra palatable — a series of palatability tests at the SHUR-GAIN Demonstration Farm helped to establish the formula.

Plan to put your next litter on Pig Booster- Starter. Start feeding it at 10 days of age and see the difference it makes in weaning weights. A fresh supply is always available at our mill.
