## Maple Notes

**Pee Wee Ball**  
The boys from 6 to 10 years of age of the Pee Wee Softball League played their last game at the George Bailey School on August 29th. After the game they were all treated to hot dogs and pop by their coach George Calder.

The Maple Lions Club, who sponsored the teams, and the men who gave so much of the time during the summer coaching and managing the boys are to be congratulated on their work. The boys all enjoyed their nights of ball, and their play has improved greatly with proper training.

**School Opening**  
School opened last week with an enrollment of 208 children. The new principal is Mr. John Gutrem, who is a graduate of the Toronto Teachers' College. Prior to coming to Maple with his wife and children, Mr. Gutrem taught at Dryden and Smooth Rock Falls, Ont. He was assistant principal at his last school. Another new teacher is Miss Susan Cameron, who was born in Scotland and taught for 12 years in England. She arrived in Canada last year and taught in Toronto until this year. Miss Cameron makes her present home in Richmond Hill.

On Saturday, September 7, Mr. and Mrs. P. Puterbaugh attended the 4th annual reunion of the Gilmour Clan, held at Ratcliffe's Park west of Ringwood. Relatives were present from Oshawa, Toronto, Collingwood, Gormley, Stouffville, Cashel, Victoria Square, Richmond Hill, King and Woodbridge, and pleasant time was enjoyed.

St. Paul's Vaughan Presbyterian Church celebrated their anniversary on Sunday, September 8th, with morning and evening services. Rev. J. S. Clarke, Secretary of Christian Education, was the speaker at both services, choosing the story and work of the early Christian Church as his topic. St. Paul's choir rendered the musical portions, and Marian Bishop and Ethel Burbridge sang a duet in the morning, while Miss Burbridge sang a solo during the evening service. The services were exceptionally well attended.

## Plan Closer Co-operation Maple School Board & Community Club

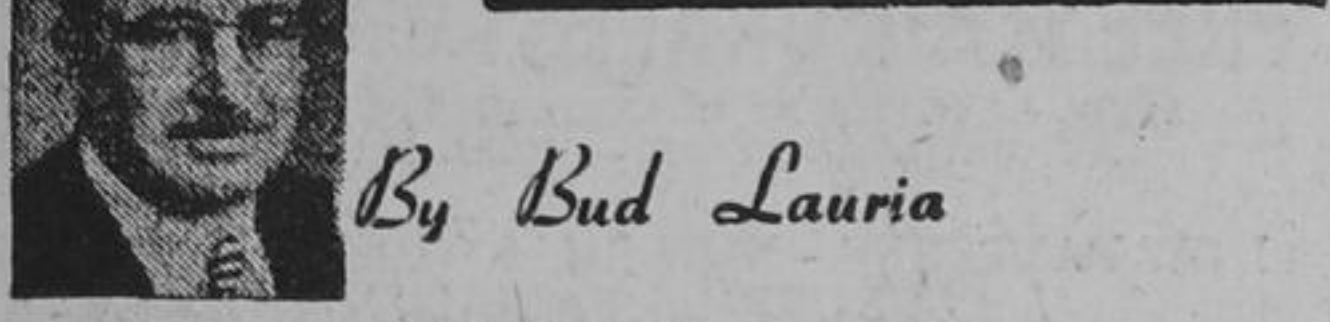

The first meeting of the 1957-58 season of the Maple School & Community Club took place at the school on September 4th, with Mrs. E. Hamilton presiding. Several new members and visitors were welcomed. A report of a meeting with the Maple School Board in June was read by Mrs. G. Robson, the secretary. At that meeting closer co-operation between the school board and the club was discussed, and a representative committee of the club is to meet regularly with the school board to discuss the needs of the school, problems, complaints, etc.

A member of the school board will also be the speaker at the occasional meeting of the club in order to acquaint members better with the problems of the school board in a growing community such as Maple. At that meeting the School & Community Club promised to underwrite the purchase of a new baseball backdrop to the amount of \$400, and this all steel backdrop is now erected in the school yard.

Following the attendance vote, which was won by Miss Cameron's room, a discussion took place regarding the holding of such a vote in future, and it was decided to purchase a suitable room which would go to the room which won the highest attendance vote each month, and that the collection taken at the monthly meetings would go into a separate fund to be used by the whole school for parties and like expenses. Mrs. Hamilton then announced that Mrs. N. Baker was the new dinner conenor, taking over Mrs. Rumble's job, and Mrs. M. Weir is a new telephone conener taking over Mrs. Spencer's list.

The program consisted of the showing of an English sound film on getting along with people. This film showed the various stages of social development in children, from the cradle to the high school level. A social hour was enjoyed following the film, and refreshments were served by Mrs. S. Cleworth and Mrs. H. Coe.

## CARS ARE MY LINE

By Bud Lauria

FANTASTIC CAR DEALS

There have really been some fantastic deals cooked up lately to sell cars.

Just imagine: cars for \$1.25 a week, then reduced to 95 cents a week!

This is what happened, I'm told, in Jacksonville, Fla. when some of the sharper operators got in a free-for-all (or almost free) mood.

One firm offered cars for sale, with good trade-ins, at \$1.25 a week. Then another outfit beat him out by offering cars for 95 cents a week.

It sounded fine, until you read the fine print. Then you saw that after 12 months of these next-to-nothing payments the entire balance came due. That had to be paid off in another 12 months.

The customer still had to pay for the car and that, although it sounds a little trite, is still true. They still had to pay for it somehow.

Of anyone around here, I think we've been the leaders in making the ownership of a car a realizable goal for the largest number of people. But when you start to fool the people you're doing no one any good.

You do a real service, I think, when you offer the lowest REAL prices on cars, with financing terms to make it a sensible pay-as-you-go proposition.

Our boys often shop around themselves and we know that our customers, when they add up all that they have paid for their car, get the best bargains.

If you're waiting for an atomic car next week's column is a 'must'. We've gone and done some research on this one.

## Historical Research Theme At Vellore W.I.

The September meeting of the Vellore Sr. Women's Institute was held at Vellore Memorial Hall.

Committees were appointed for the bazaar to be held on November 9. It was decided that Vellore would serve meals for the King-Vaughan plowing match on October 22nd. The October meeting will consist of a bus trip to Bracebridge.

The topic was historical research; the motto - "The Use of History is to Give Value to the Present Hour and its Destiny"; and the response to the roll call was to name "Old Things I Have Seen Die Out."

Mrs. J. Brownlee read a paper on the motto, the theme of which was that we should use wisely what we have and make the best of what we are.

For Mrs. J. McNeil, an article

written by Mrs. J. Brownlee was read by Mrs. M. Duff. The title was "Vellore One Hundred Years Ago". In speaking of the school it was recalled that Alexander Muir, author of "The Maple Leaf Forever" had been a teacher at Vellore. Open voting was described. The blacksmith shop, charcoal burners, carriage shop, garage, store, and post office were all reviewed.

Mrs. J. Bryson presented a history of Vellore Junior Farmers. She told of the beginning of the organization, short courses, awards won, plays that were staged, and names of officers throughout the years. Mrs. Bryson then read Current Events. Mrs. H. Stephenson conducted a tree contest.

At the close of the meeting, lunch was served and a social hour was enjoyed.

## Mount Albert Junior Farmer Tops Land Judging Competition

The championship in York County's first land judging competition was won by David Crone of Mt. Albert, while in second position in the senior section was Carl Boynton of Woodbridge. High junior was Bruce MacTaggart of Kleinburg, closely followed by Grant Leonard of Schomberg. For his efforts, David will receive an award of \$50.00 toward a Junior Farmer tour of Eastern Ontario and Quebec.

The competition, sponsored by the Metropolitan & Region Conservation Authority, was under the supervision of area soils Fieldmen, Wm. Campbell and Doug. Logsdale; Agricultural Representative W. M. Cockburn; Associate Representative Ed Pearson; and Metro Field Officer, Art Latorell.

The morning session was devoted to instruction in land judging at which time contestants were instructed in assessing land use capabilities as determined by the texture, color, slope, drainage and erosion factors as exhibited by the profiles and slope of different types of soil. In the afternoon, the contestants who came from all sections of the county, were required to similarly evaluate four different soils on the farm of Russell Hoover in

King Township. Pits clearly showing top soil and subsoil had previously been dug to a depth of approximately three feet and competitors were required to assess the properties of each land area for eleven qualities. On completing the score card, the competitors then listed the soils in order of preference for the production of crops or corn, wheat and alfalfa and were required to give oral reasons for their placings of the soil and for the production of each of the crops concerned.
