We extend our heartfelt sympathy to the family of Anne Snider, who was killed at Orillia on October 12. Anne's great grandparents were among the first settlers in the Havilland-Downsview area, having come here when this section of Ontario was wilderness.

The Old Snider farms were located on Keele and Jane Sts. and three brothers, Wilbert, Vernon and Percy farmed adjacent lands. Percy settled on the original homestead, which has now been sold. Anne's father, Melville, is the son of Mr. and Mrs. Wilbert Snider. She leaves besides her parents, one sister and two brothers.

Guest Preacher Maple United Anniversary

The congregation of Maple United Church are looking forward to an interesting and inspiring day on Sunday, when the 87th anniversary of the founding of that congregation will be celebrated. The guest preacher for the occasion will be Rev. Charles Davidson Donald, B.A., B.D., D.D., for the past nineteen years minister of the Southminster United Church in Ottawa. Dr. Donald is a younger brother of Rev. A. G. Donald, minister of Maple Church, although senior to him in the christian ministry.

For 16 years he was on the staff of the Central India Mission Field of the Presbyterian and United Churches, but owing to ill health in his immediate family had to withdraw from that work, and was called in 1931 to be the home minister of the church which he had represented in the foreign field. St. Andrews, in Sault Ste. Marie, Ontario. In 1939 he was called to Ottawa and was followed in the Sault by his brother, such a situation being thought to be unique and without precedent in the Canadian Church. In Ottawa he has been prominent in many spheres of the capital's life. He is a Past President of Montreal and Ottawa Conference United Church, Past Chairman Ottawa Presbytery Past President of Ottawa Rotary Club, Past Master of Doric Masonic Lodge, Past Grand Chaplain for the Province of Ontario, A.F. & A.M. and a 33rd degree Mason. He has been in great demand as an anniversary and after-dinner speaker in the Ottawa district.

Dr. Donald's subjects will be "The Heart of the Gospel" and "A Man and God". Music will be rendered by the choir at Maple Church, assisted by Mrs. F. E. Goodwin of Toronto as guest soloist in the morning, and in the evening the senior choir of St. John's United Church, Stratford will lead in the service of praise and as has been their custom for the past three years will present

a brief recital of sacred music following this service. Among their soloists will be John Boyden, young Canadian baritone who has just returned from two years of study in England and on the Continent, and whose services have been in great demand since coming back to his home city and to the choir where he received his early training.

The choir and their friends will be entertained by Mr. and Mrs. Donald on their arrival, and following the service will be the guests of the Woman's Association.

King City

Swear In Special Police To Thwart Halloween Pranksters

King Township Council passed a bylaw authorizing the borrowing of \$39,462 in debentures to finance drainage and property repairs in Holland Marsh at an evening meeting held October 15 in the Council Chambers.

The money will be used to ward paying King's share of \$172,812 incurred after Hurricane Hazel flooded the marsh area.

King City Village and school trustees are making early plans, which met with Council's approval, to thwart over-zealous Halloween pranksters.

Trustees Bolton and Findlay asked council about expropriating an easement over part of Folliott property to allow insertion of a covered drain to carry water from Valentine Subdivision to a gully emerging beside Mr. John Belknap's house on Keele St.

Reeve Hodgson questioned if the easement would hamper sale of the Folliott estate. Mr. Findlay said he thought not, the portion affected by the easement was "landlocked." Council deferred decision about expropriation until a fuller description of the land involved was supplied by Township Solicitor J. D. Lucas.

King City Trustees said if council had no objection, they would like to improve Dew St. with grading and a few loads of gravel. The reeve commented, "Spend your money as you see fit."

In order to keep files up to date on the village water network, trustees requested that Township Engineer Bardawill keep in touch with the village water consultants, Proctor and Redfern, when any business arose affecting its water system and that the consultants be given an opportunity to express their opinions.

A letter from Kinghorn School informed council the school board was interested in purchasing two acres to the east of the present school ground, with a view to building.

Reeve R. Kirk was asked to write Poplar Acres subdivision representative that its bond could be reduced.

Deputy - Reeve R. Kirk Reports On Township Gravel Meeting

Vaughan Township Council Monday awarded \$8 in overtime pay to Mr. George Manning, council dump manager, for carrying out repairs to but.

Deputy Reeve R. Kirk discussing last Saturday's meeting of municipal representatives on the subject of gravel pits and the damage wrought by the heavy gravel trucks to concession roads said, "Two issues evolved from the meeting: first, the land use problem; and secondly, the damage to concession roads. The Deputy reeve added "That it was agreed at the meeting to form a committee comprised of one member from each of the municipalities represented at the meeting, to further investigate the problem."

Councillor Anstey said "There is a great deal of construction work being carried out in this Township. Is it possible to separate trucks coming into the township from the outgoing trucks and levy accordingly?"

Deputy Reeve Kirk suggested "Trucks should use the county and provincial Class A roads. It is the concession roads that are taking the beating."
