Local Rotary Club Sponsors Musical Comedy "Muskoka Holiday"

"Muskoka Holiday", a new musical comedy by Canadian pianist-composer Court Stone, will be presented at the Lions Hall, Richmond Hill, November 6, 8 and 9, by the Canadian Light Opera Company. In three acts, with book by Louise Stone, it is the third operetta on which this gifted Toronto mother and son have successfully collaborated.

The story of this tuneful and light-hearted production, which is directed by Rex Sevenoaks, is the dream theme of many a young Ontario holiday planner. It concerns the arrival of a dashing European count at a run-down Muskoka hotel where his presence creates a dramatic flutter among the feminine guests, and incidentally proves a life-saver for the proprietor.

The cast includes some of the most promising young talent in Toronto. Barbara Stratford and Donald Bartle, in the leading singing roles, are studying at the Royal Conservatory and its Opera School and are experienced soloists. Both have won many prizes and Mr. Bartle is a scholarship student. Barry Page Knibbs, winner of a 1957 Kiwanis scholar-

ship, has acted with the Peterborough Summer Theatre and Oakville's Carousel Theatre. He will appear as the Count.

The dialogue is bright and amusing. Mr. Stone's songs have that catchy rhythm and pleasing melody which characterize his work and set his audiences to humming the refrains.

Others in the cast include Anne Gilbert, Daryl Green, Josephine Harvie, Doreen Dent Kennedy, Irene King, Agnes Loader, Rosemary Leader, Brian Malone, Zoltan Momostory, Syd Pattison, Robert Peace, and Mme. Irene Tovitz. Late of the Hungarian State Opera.

The Rotary Club of Richmond Hill will bring "Muskoka Holiday" to the people of York County. The location, the Lions Hall, on Centre Street East, in Richmond Hill makes it easily accessible to all. Don't miss this opportunity of seeing this really fine musical comedy which played to a "sold out" audience at Hart House in June.

TEMPERANCEVILLE NEWS

CORRESPONDENT: MRS. ED PAXTON, R. R. 3 KING

Phone PR. 3-5239

Members of the W.A. wish to thank all the ladies in the community who so willingly donated food and time toward making the turkey supper a success. Over 300 persons were served and by all reports enjoyed the delicious meal. Films were shown by Mr. DeWitt which entertained those waiting. Appreciation is also extended to the men who assisted with the work. Thanks also to Wilbert and Ewart Jennings and the Senior classes teacher Mr. Gillham for moving the school desks.

Bark Spraying Kills Buckthorn

At this time of the year, the Buckthorn bushes which serve as intermediate host for the multiplication of leaf rust on oats, is very easy to identify or locate, according to W. M. Cockburn, Ag. Rep. for York County. Since Buckthorn leaves do not turn in colour in the fall, but retain their dark green leaves till the first week of November, Mr. Cockburn suggests that we might declare open season for Buckthorn for the next two weeks.

Since about the only green leaves left on bushes or shrubs at this time are lilac, wild apple and Buckthorn, Mr. Cockburn suggests that anyone finding suspicious bushes send two or three leaves to his office at Newmarket for identification, giving the location where they were found. Usually these bushes are about the size of wild plums, though they sometimes grow much larger.

There are both male and female trees and in the fall, the female trees normally have large numbers of black berries. If you taste a berry and it has a bitter taste, you can be reasonably sure it is Buckthorn. If so, the Department of Agriculture would appreciate hearing from you.

These green bushes can at this time, be spotted as far away as a quarter of a mile on a sunny day but it requires the co-operation of everyone to locate them so they can be disposed of in the proper manner.

Mr. Cockburn stresses the point that they should not be cut off unless the stumps are sprayed with a brush killing material. Cutting only produces a vigorous growth. Bona bark sprayink has given excellent results but it must be done very thoroughly and be on the watch the following year for seedlings or any that were missed. The Ontario Department of Agriculture and the York County Council are co-operating with the York County Soil and Crop Improvement Association in the campaign to control this menace to our oat crops.

Markham Police Handle 510 Calls

In his September report to Markham Township Council Police Chief C. Wideman stated his department handled 510 calls during the month of September. As has been the pattern for some time now dog complaints again led in the number of complaints received by township law enforcement officers. Chief Wideman said a total of 18 dog complaints were received in September. Following close behind dog complaints were 13 cases of theft.

Further breakdown of the main statistics is as follows: Burglary 3, liquor seizures 3, malicious damage 3, stolen cars recovered 2, drunk in public place 2, armed holdup 1, indecent assault 1, and domestic complaints 1.

DEPT. OF HEALTH TWP. OF NORTH YORK

To Mothers of Preschoolers
Preschool children are growing, going concerns. They're busy exploring their small world from all-too-early morning till reluctant bedtime. As well, they're busy gaining around five pounds and shooting up three inches each year.

These trigger-gear youngsters need lots of protein everyday to build their sturdy little bodies and supply their endless energy. Indeed, in order to keep up with their daily requirements, vitamins, minerals, fats and carbohydrates are all so essential during this period of rapid growth and development. These elements are provided when the daily diet contains some of each of the following foods: milk, cereal (this includes bread and other grain products), meat (eggs fish and cheese are counted in this group), vegetables, fresh fruits and Vitamin D.
