Trustee Suggests Spherical Not Oblong Shapes For Schools

Above is shown the suggested "new-style" layout for a school, as sketched by Trustee Alan G. Parker, Vice-Chairman of the Board of Trustees for School Area No. 1 Markham-Vaughan.

Trustee Parker presented the graph to board members and principals of the area schools recently, stating such a school, built on a circular plan, would cost the taxpayers less dollars than the present "egg-box" type week when the request was made greater deficit would have oc- student to a practical course.

Classrooms, built "around" the hall are well lighted to the finance committee. by windows on one wall and a sky-light which circles the school overhead. Covered play area at rear of lay- ed the county for \$76,250, but provide for additional nurses. out could provide space for two additional rooms if received \$63,000. However, an opnecessary, Trustee Parker pointed out. The plan was so this year's grant is \$12,215 present population. sympathetically received by board members.
