King City Notes

Cancer Tea
A summer's day favored the annual Trend Tea held by King City Unit of Aurora and District Cancer Society at the Third Concession home of Mrs. Charles McMullen. Proceeds totalled \$262.50 and donations were still being turned in a few days later.

Receiving the guests at "Marianne" with the hostesses were Mrs. Frank Rostance of Port Credit, president of the Ontario Division of the Cancer Society, and Mrs. Larry Reuben, president of the Aurora Unit. Mrs. Rostance later spoke briefly on the progressive work of the Society. General convener of the event was Mrs. A. E. Kelley.

At two attractive tables arranged with yellow and orange tulips and pale green candles, tea was poured during the afternoon by Mrs. William Hodgson, Miss Kay Clarke, Miss Blair Burrow, Mrs. J. T. Phair, Mrs. Alfred Gillham, Lady Flavell, Mrs. James Baxter, Mrs. J. P. Craydale and Mrs. Bruce Will.

Mrs. W. F. R. Hood, and Mrs. Keith Cambden looked after the transportation service from All Saints Anglican Church. Mrs. E. B. Phair was in charge of the group of tea assistants including: Mrs. Bill Drinkwater, Mrs. Robert Walker, Mrs. Glen Urquhart, Mrs. Quentin Hardy, Mrs. Jan Dinsdale, Mrs. Stan Roots, Mrs. J. H. MacDonald and Mrs. Bruce Shipley.

Mrs. A. J. Gordon, Mrs. J. H. Evans and Mrs. Dohald Findlay

wrote receipts for donations. Two high school lads, Eric Wells and Bill Cairns, did their share by parking cars.

Countless ladies of Laskay and King communities had a part in the tea's success by contributing sandwiches and home-baked cookies. Mrs. Mervin Wilson and Mrs. Leonard Appleyard convided the sandwiches and Mrs. Harold Ratcliff and Mrs. Ian Gilchrist, the cookies.

A unique feature of the Trend Tea this year was the free baby-sitting service provided in All Saints Parish Room by Mrs. Alex Currie, Mrs. William Houston, Miss Jennifer Findlay and Miss Audrey Chaplin. After school, capable assistance was given by Virginia Hood and Mary Anne Riddell.

Twenty children ranging from a year and a half to 9 years considered they were having a party, too, with construction toys and books borrowed from Springhill Day Nursery and refreshments supplied by Mrs. Glen Urquhart.

Farm Fire
Another fire thought caused by children was promptly extinguished by King City Fire Brigade last Saturday noon. The blaze was confined to the rear of Mr. A. B. Pakenham's farm house next to the library, but was just starting in the top of a row of cedars when it was brought under control.

Mr. Tim Grew was the first to report the blaze to next-door fire

captain Donald McCallum, who rang the siren.

Congratulations to Mr. and Mrs. Gordon Orr upon the arrival of twin daughters last Friday night, sisters for Donald, Laurie and Kenneth.

\$13,200 Budget Set By Village Trustees For 1958

King City Village Trustees set the year's budget, based on expected revenue of \$13,200, at a special meeting last week.

Income was estimated at: Township general mill rate of 13.9 mills on \$442,825 residential and farm properties and of 18.7 mills on \$58,625 commercial-industrial assessment, netting the village \$7,251.

Supplemental assessment comes to \$348; allocation of per capita grant, \$1,773; licenses, \$175; share of relief levy, 150; fire department capital reserve, \$1,000; Keele St. road reserve \$1,500; and 1957 surplus brought forward, \$1,002, arriving at a total of \$13,200.

Trustees estimated expenses as follows: general road account, \$1,500; Keele St. road to reserve, \$1,400; sidewalks, \$400; general insurance \$90; elections, \$55; press notices, \$35; street lighting \$460; lights and maintenance \$75; installing lights, \$160; fee, etc. to Twp. \$2,533; crossing guard salary, \$225; library grant, \$50; street signs, \$25; salaries \$100; fire and police committee net, \$1,700; hydro-electric inventory, \$500; budget studies, \$150; office equipment, \$800; street widening, \$100; contingencies \$1,922.

Allow Crossings
Trustees discussed the King-hill Manor subdivision planned by Dr. Arnold Iscove and agreed they were not in favor of the proposed street layout. Although the property does not officially come under jurisdiction of the Village Trustees, since it lies just east of the village boundaries, Trustees felt they were directly concerned with the layout of roads because of village services likely required, such as water mains, bus routes, snow plowing and firefighting.

They urged at least two railway crossing provisions should be allowed in the Iscove plan.

After investigating an existing well in Kingshill subdivision, Trustees had a report from water consultants Proctor and Redfern and decided the flow proved it did not warrant any further effort on the part of Trustees. They decided to notify Dr. Iscove and wait for investigation by the Ontario Water Resources Commission scheduled for summer.

Proposed by Chairman Donald Findlay, a resolution was passed asking Township for the following assurances of water for the Iscove development: (a) The necessary quantity of municipal water is available to serve 60 houses in the extreme westerly and south-westerly portion of the plan, subject only to the installation of means of distribution; (b) Means of distribution from the existing municipal water system to and within this portion of the plan require substantial financial contribution by Dr. Iscove and require completion to the satisfaction of the village of present negotiations with Dr. Iscove as to the cost of the work to be borne by him. (c) The quantity of water required to serve the remainder of the plan and the means of distribution to and within that remainder are considered to be feasible but not now available. Both are wholly dependent upon substantial financial contribution by developers, which require to be negotiated to the satisfaction of the village with Dr. Iscove and any other developers similarly interested at the time.
