Local Library Board Reports On A Busy Period Of Service

The local public library board holds regular meetings in the library on the first Tuesday of every month, with the exception of the holiday period.

To serve these patrons, the book stock has been increased by the addition of 1,213 new titles added since January 1st, 1958.

The first five months of 1958 saw the successful launching of a club for senior citizens, who held their first meeting in the library on April 16th.

Developments in the Children's story hour at 10:30 and visits from two nursery schools as well as book talks to Brownie groups and assistance to teachers and students.

The library will continue regular service during the summer

Lucky Baby

Janet Mills, year old daughter of Mr. and Mrs. Dick Mills of Richvale is shown with her mother, seated in the boat won at the Richmond Hill Lions Club's recent draw. Wee Janet, the holder of the lucky ticket, now has a "real" boat of her own, but we predict this is one boat that won't go into the tub with Janet - when she has her daily bath. - Photo by Lagerquist

W. Wagner Appointed Hydro Com.

William A. Wagner, Richmond Street, was Monday night the unanimous choice of Richmond Hill Town Council as a member of the Richmond Hill Hydro Commission. He will replace Mr. D. Dingwall who recently resigned.

Other members of the local hydro commission are Chairman W. S. Cook and Mayor Ken W. Tomlin.

650 At Bingo See Man Win \$400 Month

A capacity crowd of 650 people attended the Thornhill Lions Club bingo held at the Thornhill Market on Wednesday of last week when President Bob Priestman made the draw for the lucky winner who will receive \$400 a month for a year.

Crack Down Coming Hose Regulations Must Be Observed

Local authorities may have to crack down on householders who disregard regulations restricting the use of hose for lawn watering. This was hinted at a special meeting of Town Council this week when the temporary water shortage was discussed.

Mayor Tomlin and members of council made it clear that there is no actual water shortage in Richmond Hill, but rather a temporary shortage of storage facilities and distribution equipment.

To meet the situation until the new storage tank is completed Council has imposed restrictions limiting use of hose to two evenings per week.

Council members agreed that it would be possible for the police to make periodic tours of the town and check up on offenders. The hope was expressed that householders will co-operate fully in observing the restrictions.

Use of hose for lawn watering is permissible Monday and Thursday evenings after 8 p.m. north of Crosby and east of Yonge; Tuesday and Friday evenings after 8 p.m. south of Crosby and east of Yonge; Wednesday and Saturday evenings after 8 p.m. west of Yonge Street.

Start Work Soon Approve Sewers In East Elmwood

Municipal Board approval has been given for the construction of sewers in the East Elmwood district. This was announced at a meeting of Richmond Hill Town Council this week and instructions were given to the engineers to advertise at once for tenders.

Approval of the sewers in the Harding area has not yet been received but Mayor Tomlin said it is expected any day, and when it is received construction work will be proceeded with as quickly as possible.

In recent months there have been numerous complaints about the care and disposal of garbage and Monday night council considered a bylaw to regulate all phases of waste disposal in the municipality.

Council members expressed the hope that the signs erected in the interests of public safety would be observed by all motorists. To aid in observance there will be a police check up.

Councillor Bradstock expressed concern about the disposal of paper, old furniture and items not now acceptable for garbage collection. It was suggested that people with this type of material to dispose of should call the Salvation Army.

A letter from Vita Feed Company asked an agreement to cover installation of a town sewer across their property. The sewer was constructed in 1954.

Deputy-reeve Donald Plaxton suggested the need for the acquiring of a park site in the west part of town. He said the matter had been discussed at a recent meeting of Pleasantville Ratepayers and on his motion council agreed to write the owner of land west of Pleasantville.

It has been estimated the present township pumps will produce a flow of one million gallons of water daily. The present water area has a population of approximately 4,000 people.

However council agreed with Councillor Mumberson that council's original obligation is to the residents of the present water area.

It was given the work will be proceeded with at once.

Masons Start On New Hall

Richmond Hill Building Inspector J. Hollowell this week issued a permit for the construction of a new Masonic Hall on Jacey Ann Blvd.

Mr. A. White and Mr. R. J. Craigie appeared before council Monday night supporting the application for a permit.

It was explained to council that the new building will not be used as a public dance hall. It will be used by the Masons and available to other organizations.

It is expected work on the new Masonic Hall will start at once and that the new building will be completed this fall.

Markham Twp. May Extend The Water Area No. 1

The water committee (Deputy-reeve W. Dean and Councillors J. MacNeil and L. Mumberson) of Markham Township will meet today (Thursday) with Consulting Engineer E. Jorgensen to consider the important matter of a proposed extension of Water Area No. 1.

However council agreed with Councillor Mumberson that council's original obligation is to the residents of the present water area.

It was given the work will be proceeded with at once.

Acting on recommendation of its finance committee council has agreed to make no change in the subdivision fee of \$400.00 for all residential lots.

Mr. Taylor's proposal it would have cost \$2,160.00 annually. Council will confer with Vaughan Township to see if some arrangement can be made regarding use of their dog catcher on a rental basis.

The total cost of the work has been estimated at \$139,958. The township will pay \$50,319.00 of this figure with the balance being borne by the ratepayers concerned.

It was explained to council that the new building will not be used as a public dance hall. It will be used by the Masons and available to other organizations.

It is expected work on the new Masonic Hall will start at once and that the new building will be completed this fall.

Ratepayers Meeting Pleasantville Residents Want Action On Ditches

"If something is not done soon, I would be willing to contribute toward hiring a lawyer," a resident of Sugar Maple Lane declared at the regular meeting of the Pleasantville Gardens Ratepayers Association last week.

Considerable discussion was waged over the matter as well as the ditches in the southern section of the subdivision. It was reported that the engineer was ready to report the ditches in this area as fulfilling the requirements of the subdivision's agreement.

Nothing definite on either problem could be obtained from the engineer the meeting was held, but some information was expected very soon.

The meeting passed a motion that the association send a letter to council asking for a fixed date for (1) start and completion of first layer of pavement on Sugar Maple Lane and Mill St.; (2) start and completion of work on the ditches and (3) start and completion of the second layer of paving.

Throughout the evening, there were several residents who complained of the difficulty of obtaining accurate information from the Municipal Offices and also that promises by town employees to call back were not kept.

The meeting, discussing the R1 zoning, found that apparently rooming houses are not described in the by-law nor expressly listed as not being permissible in such an area, although zoning restriction are included.

At the same meeting another petition protested against the unsatisfactory disposal methods of the merchants in the Bayview Plaza. Although garbage is collected several times a week it is claimed present conditions contribute to a fire and health hazard.

There was concern expressed by council members over the delay in paving streets in the Beverley Acres subdivision. It was intimated that there are plans for an early start on the work, and council decided to ask the subdivision, J. A. Bailey, for a schedule of his road paving plans.

On Wednesday, Mrs. J. R. McAllister and Mr. D. J. Aschworth, board secretary and business administrator respectively, arrived in London to attend the annual meeting of the Association of School Business Officials.

Too Many Disregard Stop Signs

During recent weeks many new stop signs have been erected throughout the town, and it is the hope of local authorities that they will contribute to safety on the streets.

Commenting on the signs at the last meeting of town council, councillor Jos. Paterson observed that while the signs have been erected altogether too many people ignore them.

Council members expressed the hope that the signs erected in the interests of public safety would be observed by all motorists. To aid in observance there will be a police check up.

Council Meeting

Petition Objects To Re-Zoning To Permit Hall On Jacey Anne

At the last meeting of Richmond Hill Town Council there was a petition signed by some 27 property owners protesting against any change in zoning regulations on Jacey Ann Blvd.

Councillor Tinker expressed the opinion that the proposed building should not be objectionable as it will not be a public hall in the ordinary sense of the word.

Mayor Tomlin said the wishes of the people in the area would have to be considered and it was suggested the Masons confer with property owners in the area and explain plans for the proposed hall.

Council will confer with those concerned in an effort to improve conditions. "This is another condition which can be dealt with by our proposed industrial waste by-law," said Mayor Tomlin.

There was concern expressed by council members over the delay in paving streets in the Beverley Acres subdivision. It was intimated that there are plans for an early start on the work, and council decided to ask the subdivision, J. A. Bailey, for a schedule of his road paving plans.

On Wednesday, Mrs. J. R. McAllister and Mr. D. J. Aschworth, board secretary and business administrator respectively, arrived in London to attend the annual meeting of the Association of School Business Officials.

Markham Police Answer 502 Calls

In his May report to Markham Township Council Police Chief C. Wideman stated that township law enforcement officers handled 502 calls during the month.

A further breakdown of the main statistics is as follows: liquor seizures 7, burglaries 5, domestic complaints 3, malicious damage 3, and stolen cars recovered 1.

PICKERING: Township council passed a resolution last week to request the Ontario Municipal Board approval to spend \$31,900 for a high school site and other expenses.

It was explained to council that the new building will not be used as a public dance hall. It will be used by the Masons and available to other organizations.

It is expected work on the new Masonic Hall will start at once and that the new building will be completed this fall.
