The Liberal is always pleased to publish items of interest regarding people and events in the Oak Ridges-Lake Wilcox and King City districts. Our news correspondent in King City is Mrs. William J. Houston, telephone King 205M; and in Oak Ridges-Lake Wilcox, Mrs. Ruth McFadden, Elm Grove Avenue, phone PR. 3-5567.

"Outsiders" Corrupt Lake Area

"It isn't the people who come from around here, but the people from Toronto who are giving us a bad name," Councillor Elsie Gibbs of Whitechurch Council told "The Liberal" following reports of wild weekend parties at Willow Beach Park.

Lake Wilcox residents, represented by members of the Lake Wilcox Ratepayers' Association appeared before council last week to register indignation complaints regarding noisy parties being staged by teenagers every weekend at the lake.

Mr. W. B. Hanson, who stated to "The Liberal", "We have an oversized population and undersized police protection," said it was impossible to contact the OPP detachment at Vandorf at night, the time when police protection is most needed, and police have to be called all the way from Newmarket.

Appearing as a deputy for Chairman C. R. Smith, president of the ratepayers' association, Mr. Hanson presented a letter in which the president said, "I deem it my duty to bring to your attention, conditions surrounding Willow Beach." The letter stated in part that Willow Beach, for the past few years, has been a "Den of Iniquity" and that that area has become an uncontrolled stretch of land providing free access to the lake for hordes of people (from other areas) who use the lake and beaches in every disrespectful way possible.

Comparing the area to the cosmopolitan bawery of New York, "where drunkenness, fornication and lawlessness are not rare," he asked on behalf of the taxpayers

in the community that Willow Beach be expropriated by the township, to be used and controlled as the township sees fit. His letter concluded with the charge that, "In the estimation of the population of this area, the time has come that this community try to build and maintain a certain respect which they are entitled to, and which in the past few years we have lost in the eyes of the general public, not necessarily through our own inhabitants, but chiefly from transients coming in and utilizing our beaches and violating uncontrolled laws. We feel it is due time that the township council take action to expropriate this property—or take steps to have it closed."

Alert Lifeguard Averts Drowning

A lifeguard at Ash's Beach, Lake Wilcox, was credited last Friday with saving the life of an unidentified five-year-old Toronto boy, Paul Filotas, 18, of Aurora, a St. Andrews college Grade 13 student said that the training that he had received at school was his real life-saver. The young boy waded into the water over his head and Paul was summoned by Mrs. Ash to help pull the youngster out. By the time Dr. Crawford Rose of Aurora reached the scene, Paul had treated the boy for shock and had him ready for the trip home.

The boy had been left to play on the beach while his father went to the car. Returning minutes later he could not find his son. The boy's uncle spotted him in four feet of water at the end of Ash's pier.
"I heard Mrs. Ash yell and ran over in time to help lift the boy out," said Paul. "I gave him artificial respiration for three or four minutes and he came around. He was suffering considerable shock so I covered him with blankets and massaged him. Then the doctor arrived and said he was okay." The boy was taken away before their names could be found out.
