Budget Forecast

"Should Incorporate" King City Trustees

In a brief, mid-month meeting, King City Village Trustees released the budget forecast of an incorporated village, prepared by chartered accountant Stewart Joscelyn.

The session was over by 9:30 p.m. when secretary George Cruickshank had difficulty making notes because a blown fuse left the entire meeting in the Fire Hall without light.

In a commentary accompanying the budget, Mr. Joscelyn explained it was "based upon information obtained from various local municipal sources."

His report pointed out "many factors may vary the conclusions drawn from such a statement of forecast and, therefore, should be considered as a trend of what might occur and not as an actuality."

Mr. Joscelyn's research done at the request of King City trustees and costing the village \$150, shows clearly the financial results that might be obtained through the incorporation of an area, which includes the present police village, as a village under the provisions of the Municipal Act.

The statement shows a forecast of estimated assessments, levies, expenditures and revenue for the independent municipality and its expected growth up to 1961.

Expect 1680 Residents
From a 1958 population of 1,112, the expected figure climbs to 1,680 in three years' time.

Estimated increase in assessment is based on increasing building trends.

While Mr. Joscelyn's report defined a possible area of the proposed village, trustees' letter to Township Council said boundaries were vague at present.

They mentioned two possible areas, indicating the village's approximate 360 acres could be increased at least five times in size.

The accountant's report is based on limits including the east half of lots 2 to 7 in the 3rd Concession, the west half of lots 2 to 6 and the south half of the west half of lot 7 in the 3rd concession, the east half of lots 1 to 6 and the south half of the east half of lot 7 in the 4th Concession of King Township.

The survey shows assessment of this area on Township's 1958 tax roll of a total of \$606,400 with 1,112 population.

In 1961 the possible total farm and residential, commercial and industrial assessment could reach \$1,000,000 for the suggested area.

The area includes most of public school section 2 and part of public school section 22 in King Township.

Assessment values studied by Mr. Joscelyn are based on assessment methods used by King Township for many years. The figure may alter when the new system of evaluation is introduced.

Schools Unaffected
The report shows the Department of Education system of grants makes no distinction between a rural and urban elementary school, with a population under 66,500, in calculating grants paid by the Department.

Thus any increase in costs of operating the public school of the proposed village, due to increased population, would be at the same mill rate as if the school section had remained as at present constituted in the township.

King Library Has Record Day
Wednesday of last week was one of the record days for King Memorial Library, when volunteer librarians, Mrs. John Grew, Mrs. Harold Ratcliff and Mrs. A. E. Jarvis issued 138 books. These showed reading distributed as 57 children's books, 60 fiction and 21 non-fiction.

The staff was pleased to have four cartons of well chosen varied books donated. The children's section is constantly in need of fresh supplies as the books wear out quickly, Mrs. Ratcliff told The Liberal.

King City Notes

Resident Dentist
King City is to have a full-time dentist in the near future, is the assurance of Mr. G. T. (Jock) Thompson, new president of King City Lions Club.

It isn't definite yet who will be locating in the village, but the Lions have had several interested applications from Ontario centres.

"Since the end of March we have been trying to find a suitable dentist and the Lions are prepared to give him any assistance they can in locating here," said Mr. Thompson.

He was confident now the area is populated enough to keep two doctors busy, "You will soon be waiting a month for a dental appointment."

Lions on the committee, headed by Mr. Thompson to interview prospects, are Dr. Quentin Hardy, Mr. Ken Sutton and Mr. Adam Davidson.

Summer Styles
Chill breezes persisting through summer bring an odd note into holiday apparel. At Innisfil Park, Lake Simcoe, last Sunday, two girls finished their swim, then huddled into their heavy winter quilted snow-suit jackets.

Birthday Parties
Birthday celebrations for children are keeping the younger generation occupied during holidays.

Mr. and Mrs. George Bennet of Kingsview Subdivision entertained at a wiener and marshmallow roast, which was only slightly interrupted by rain, to mark the eighth birthday of their daughter, Wendy.

Little guests included brother George, Mary Evans, Heather Davidson, Denise Wallace, Bobby Wallace, Linda Loughran, Sharon and Michael Crawford, Jan Cargill and Lorna Houston. Wendy's grandmother, Mrs. Edith Greer of Toronto, was present.

Mrs. James Sim, William St., kept her small visitors busy with a bowling game when they came to lunch to celebrate Jimmy Sims fifth birthday.

Besides David and Michael Sim were neighbours, Jamie and John Urquhart, Patsy Lake, Barbara and Beverley Clubine, Sharon and Wendy Campbell, Wilfred and Marion LaPlante, Wayne Hogan, Sandra Kirby and John Houston.

Mrs. Warren McKendry of Hamby Ave., Heritage Park, solved the problem of entertaining active young boys for nearly six hours by taking them on a hike along Dr. J. Barrie's creek.

Celebrating David McKendry's eighth birthday, the energetic lads willingly carried their share of the picnic sandwiches divided by Mrs. McKendry in their school lunch boxes.

Along the trail the boys had a treasure hunt for clothes pegs. After the picnic they had plenty of rough games, a boxing match and baseball. Back home there were cake and ice cream and more games, including boat races in a tub of water.

PRINCE PHILIP VISITS TCA VISCOUNT

On a recent visit to the Vickers-Armstrongs (Aircraft) Ltd. plant at Hurn, England, Prince Philip took time out to look over and inspect one of Trans-Canada Air Lines-Viscounts on the production line. The airplane, just about completed when Prince Philip made his tour, is now in regular service on TCA routes. Forty-seven propeller-turbine Viscounts are now serving TCA's ports-of-call and four more will be delivered next Spring. Following the Duke's visit to Hurn, he toured Weybridge where Vickers are making the Vanguard, 20 of which have been ordered by TCA.
