Bad Boys Battle In Tuesday Night Fights

Main event next Tuesday, December 9 at the Thornhill 'Rassie' Palace has the earmarks of a real humdinger and one that promises plenty of excitement.

Jack Diamond, rough and ready Canadian Champion, will be in there with the equally rough and ready German grappler Karl Mueller. Mueller has seen plenty of action locally and has been winning more than his share of matches with his infamous split knee drop, but has aroused the fans to a fever pitch with his unorthodox methods. Now Diamond, although he has only appeared once since winning the belt from Lopez, has been wrestling around Montreal with great success and is fit as a fiddle for this one. He feels that he can take the rugged German wrestler. Jack has this to say, and we quote — "This Mueller has never been anything but a poor type as far as I am concerned and I am not one bit worried about the outcome of Tuesday's bout." But on the other hand Mueller has a small quote of his own: "I have had a lot of hard luck in my career, but I am rolling along in high gear now, and the champ may think I am a poor type but he had better look out because I'm going to win Tuesday, any way I can." With each wrestler threatening the other, things may get a little heated so a special referee will be appointed to look after things, and make sure no one gets hurt. The fans don't care who wins this one but I feel that most of them will be pulling for Jack Diamond as the

lesser of two evils.

Genial Alex 'Tiger' Jensen, Diamond's tag team partner, will arrive on the scene with his buddy and have a go at Joe Greenfield, the leg scissors specialist. Jensen is another tough one but if Joe ever gets his large sized legs around Mr. Jensen he'll squeeze him into a fare thee well.

Another good match has been added to the card with Freddie La Belle, classy French Canadian grappler, meeting Leapin' Len Hewitt who has put aside his refereeing chores for the nonce to do battle with the shifty habitant star.

A tag team match will be offered as well, with the teams yet to be named.

All in all it looks like a real action packed card.

And You Think You Got Troubles

The famous bear that has been wrestling in the Richmond Hill area for some time was signed by promoter Frank Tunney in Toronto, to fight at various out of town points.

Last Saturday, the bear was scheduled to fight in Kitchener. You will remember we got that snow storm Friday night.

Evidently the bear remembered, because Saturday morning he went in hibernation, and went sound asleep. The various officials worked over him all day long in an effort to rouse the sleeping brute, even to the extent of bringing him incense next to a fire. After repeated nudgings, our brown friend would just grunt and roll over.

It was not known by press time whether "Sleepy Joe" woke up in time to fight or not.

Blueliners Undeclared In Two Games With Schomberg

Richmond Hill's Bantam A entry in the O.M.H.A. started off the season like a big league team with two wins in as many starts.

The team, known as the 'Blueliners', came through with a big win over the Schomberg Bantam team last Wednesday at the North York Arena with a lop sided 7 to 0 score. The goals were well divided with Nelson getting two, Walker one and Greaves, Elliott, Wainwright, and Craig also scoring.

In the game played at Richmond Hill against the same team, the Blueliners were skating like fiends against a hard checking

All 16 Teams Play In Little O.H.A. — N.H.L.

The little N.H.L. got off to a flying start at the local arena on Saturday afternoon with all sixteen teams in action. The players of all teams were out in full force to open the season but due to a misunderstanding of the rules, some difficulties had to be straightened out.

The objectives of the league as written in its constitution are (1) to provide equal opportunity, equal instruction, and equal playing time for all registered players abiding by the laws, rules and regulations, regardless of playing ability or other influencing factors whatsoever. (2) To promote keen sportsmanship and develop healthy bodies. After these regulations had been explained, play got underway.

Little O.H.A.
Flyers 2 — Teepees 1
Bob Patfield led the flyers to their first win, scoring a goal in the first period and another in

the second. Heenan scored with Robbie Gropp in the first period for the Teepees. The game was fast, with Bob Stevens and George Anderson turning in a good performance for the Flyers, and Robbie Gropp and Jeff Stocks doing the same for the Teepees.

Marlboros 1 — Canadiens 0
Ron Hollowell scored the first shut-out of the season with teammate Phil Dobbs getting the only goal of the game at the six minute mark of the first period. Terry Stewart and Bob Ogilvie played well for the Marlies and Gary Charley and Barry Pollard did their best for the losing Canadiens.

Biltmores 1 — Tiger Cubs 1
Carl Bridges put the Biltmores in the lead at the four minute mark, but this was short lived as Roddy Mabley tied it up with an assist from James and Loftus. Both goal keepers, Bob Ellis for the Cubs and Harrington of the Biltmores showed exceptional ability in the second period.

St. Mikes 1 — Petes 0
After a scoreless first period of good hockey, Howard Cazaly broke the game up in eight minutes of the second period to sink the puck for the double blues. The Petes and St. Mikes are the new teams in the league, and show every indication of getting themselves a playoff spot.

Little N.H.L.
Blackhawks 3 — Bruins 0
The Hawks started the season in a scoring way, but unfortunately, by not following the rules of the league, this game was entered into the records as a tie. Kendall Wainman and Paul Jackson scored in the first period, followed by another tally by Paul Rollinson in the second, giving team-mate Bob Hazard a shut-out victory. Terry Maddeaux and Wayne Mills were the outstanding players for the Bruins.

Maple Leafs 1 — Canadiens 0
The Leafs, carrying on where they left off last year, started on their winning way with a shut out over the Canadiens. Don Gibson scored early in the first period and Bursy blocked all the pucks that came his way.

Red Wings 2 — Rangers 0
Ian Ross and Peter Hiscott gave the Wings a two goal lead in the first period and were never headed after that. The Rangers tried hard, but Bob Ritchie had the answer for everything they had. Jim Lawson and Gary Everatt played well for the Rangers.

Maroons 3 — Americans 2
Playing hard for their absent coach Brian Mills, who is in the hospital, the Maroons came up with a win over the Americans. David Brown and Fraser Dunn scored in the first period. The Americans tied it up in the second on goals by Keith Prasser and Ken Magee. Brian Hishon scored the winning goal for the Maroons.

At the end of the first day's play, the league standings are as follows:

Shop Talk and Big War

As most people around here know, writing a newspaper column is completely new to us, but in deciding to write "Rolling Wheels" we felt that many facets of the car business might prove interesting to our readers. In handling anything as important as automobiles, you get to know something about them. You get to know how the sweet purr of a good engine should sound, you hear stories about old cars, and you get to know how to look after a car.

You get to know a good car from a poor one, because if you think about it for a moment, you'll see that we have to buy cars as well as sell them. So we have to know what a good car is. And while we're buying, selling and servicing, we pick up a lot of interesting stories we think are worth passing along.

It's our Shop Talk . . . just like the talk of the railway men who remember the record set way back by Old No. 580, or brokers who remember the Big Crash, or Army buddies who remember the Big War, which is, of course, the one they fought in.

So we hope you'll enjoy stopping at this spot every week, and we hope we can pass along some shop talk that'll be useful. We're not going to get complicated or technical because there are too many people today trying to confuse others with big words and fancy phrases.

All the fancy adorning hasn't been able to change some things, like honest trade, a dollar paid for a dollar's value. Whatever you may think about the dollar today, it won't buy more sound motoring than at our used car lot. As we said before, we have to buy cars as well as sell them and after we take a car in, we check it carefully and recondition it before offering it for sale. If it doesn't measure up we'll tell you what's wrong with it or wholesale it immediately.

We're proud of the class and quality of the used cars we sell and we have hundreds of satisfied customers who'll attest to this. Every once in a while we take in an exceptional car that just can't be duplicated anywhere. This week we have a 1955 FORD CUSTOM SEDAN with automatic transmission, power steering and only 9900 miles. If you are looking for that perfect used car, drop in and see this one. We'll be glad to give you the name of the lady who owned this beauty.
