

### Committee To Prepare Brief Metro Planning

Representatives of a major number of the fringe municipalities met in Richmond Hill last week to further discuss the matter of individual municipal representation on the Metro Planning Board. Those present set up a three member committee to prepare a brief for presentation to the province requesting the fringe municipalities be granted individual representation on the Metro Board.

The committee is composed of Mayor K. Tomlin of Richmond Hill, Mayor Parrish of Ajax and Councillor Bryant of Woodbridge. At present the fringe municipalities are divided into groups and granted a representative for each group.

### Endorses Metro Plan

## Vaughan Council Wants No "Flash Thaw" In Twp.

During Monday's heavy snowfall, when Vaughan Township Council held its weekly meeting, Councillor Bruce Ralph asked, "What equipment is available in the township, in case we have a flash thaw?"

Councillor William Anstey said, "We have one steamer, no hoist. Reeve John Perry added, "It would require a pretty big staff to keep all the culverts in the township open. I have no suggestions," he then advised Councillor Ralph as chairman of the roads committee to have a talk with Road Superintendent Nelson Kerr.

Councillor Anstey said he would advise residents to get a pair of long hip boots and a raincoat. Councillor Jesse Bryson had this to say, "The Humber River north of Bolton is frozen solid to the bottom of the river bed. This may slow up any flooding."

Council passed on a request presented by Police Chief James Davidson for 25 miles per hour zoning in school sections in the village of Maple, following a discussion of the safety factor involved in the present 30 mile per hour by-law. Chief Davidson said parents have been laying com-

plaints of excessive speeding in school zones, and the Chief felt a new by-law at 25 m.p.h. would put teeth in any charges laid within the municipality.

**Turkey Farm**  
A letter from W. Burns of Brookside Rd. was read to council by Clerk J. MacDonald. The letter stated, "We have a new flock of turkeys in and council is invited to come up and inspect conditions at any time." Council members said they accept the invitation, but may not all be able to visit the farm (which a delegation of ratepayers petitioned against last year) at the same time.

**Water For Maple Sub.**  
On being notified by Clerk MacDonald that people in the area of George Bailey School are asking for petition forms for water services, Reeve Perry said, "We can't be dictated to by every little faction in the village as to how to handle a water system."

Councillor Anstey said "When this subdivision was approved it was approved partly on the condition that we could get water to supply the village."

The reeve asked that the water committee meet with the village trustees to find how many people want water.

**Thornhill Water Extension**  
In order to clear up any confusion arising from the engineer's report re cost of meters to be used in the proposed Thornhill water extension plan, Councillor Anstey stated "The debenture shown in the report presented at Thornhill School recently will be reduced by \$7,000. A debenture will be issued, for the plan, but meters will be paid for when they are installed."

**Vaughan Dump**  
Dumping other than by residents of Vaughan Township is illegal at the township dump. Mr. George Manning, superintendent of the dump appeared before council to ask for police co-operation in enforcing the by-law which forbids outsiders from using the township dump. "They come from Toronto, Vaughan and even King," Mr. Manning told council. Reeve Perry advised Mr. Manning to lock the gate, if any trucks entered the dumping area, and phone the police to lay charges.

**Woodbridge Dump**  
Council agreed to delay signing an agreement with Norlock Development re the dump near Woodbridge until a meeting is held on Wednesday (last night) to discuss it.

**Water Resources Plan**  
Vaughan Township Council endorsed a plan of Metro Regional Water Resources last Monday, which if put into action will employ 138 men for 10 years, and at times might employ as many as 2,000 men. Cost to Vaughan which lies east and west of the Humber River, (part of the territory to come under the flood control and water conservation plan) will be approximately two packages of cigarettes a year to each resident, a speaker from the Authority told council members.

**Extend Sympathy**  
Council registered sympathy for Mrs. Bowman, wife of the late Rev. C. H. Bowman, who retired from his charge in Maple last fall and who died on Monday, February 23, 1959.

## Try Some New Apple Recipes

No wonder the versatile apple has been referred to by many as the "fruit of the tree" in the Garden of Eden — it provides so much pleasant eating, whether served "plain" or "fancy."

This is the best time of the year to get the most out of this fresh fruit — and apart from apple pie, apple fritters, applesauce and Dutch upside-down apple cake, why not try some of the following tricks with apples?

**Apple Topping** — Whip half or a 4-ounce package of cream cheese into 2 cups of applesauce and serve generously on gingerbread or spice cake.

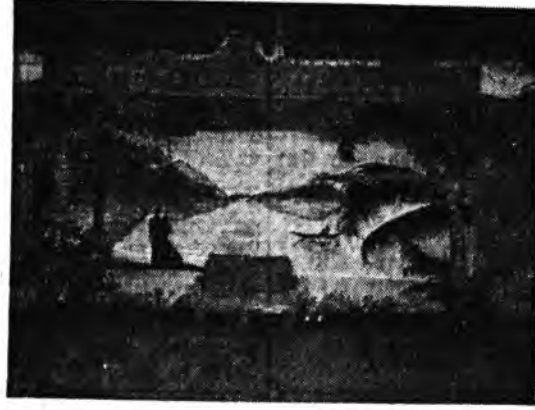

**Apple Stuffing** — For stuffing either pork or poultry, use equal quantities of chopped apples and

bread crumbs along with the usual seasonings.

**Tangy Applesauce** — Add a little vinegar or horseradish to applesauce when serving it with pork.

**Apple Snacks**—Fill the centres of cored, unpeeled green or golden apples with pimiento cream cheese and the centres of red apples with blue-veined or plain cream cheese. Chill. Slice into thin wedges and serve with graham or other crackers.

**Freeze or can Applesauce now for summer** — Next time you make a big batch of applesauce, why not freeze or can some to use during the summer months when fresh apples will not be available?

"HAWAIIAN SUNSET"

The above is a scene from the Richmond Hill High School decorations for the formal held last Friday.

### Plan Whitchurch Twp. Subdivision

Whitchurch Township Council met with the township planning board early this month to lay out the draft for a subdivision agreement for the municipality. Solicitor J. D. Lucas and Engineer E. Jorgenson were both in attendance.

Asked if it would be possible to accept cash in lieu of the 5 per cent of land for park purposes, the Solicitor advised that this could not be done unless the township had an official plan.

### Winger Farm Sale Brings \$75,000

Greatly increased activity in the sale of farm lands is reported by David McLean Limited, Realtors.

The McLean firm has announced the sale of the westerly 80 acres of the Samuel Winger Farm, fronting on Keele Street.

The reported sale price was \$75,000.00, and the purchasers are the Cadillac Lumber Company of Maple.

Other farms sold within the past week by the busy Richmond Hill office of the McLean firm include the Jones farm on Bathurst Street, and the scenic Marwood farm on the 7th concession.

**BOLTON**: Paul C. Delaney, who has held the positions of clerk, treasurer, tax collector and assessment commissioner, has tendered his resignation to the corporation. He has accepted the position of treasurer of the City of Woodstock.

A big, new event in Canadian curling has just been announced by Ken Watson, Canada's Mr. Curler, after a trip to Scotland. Winners of the Quebec finals in March will be invited to visit Scotland with Mr. Watson, on an all-expense-paid trip, to play Scottish champions.

Above, right, Mr. Watson describes features of a Made-in-Scotland curling stone to (left) Gordon Shaw, a leading Toronto curler and George Mara, Canadian representative of the Scotch Whisky Association who are making this outstanding event possible.

### Convict Man Of Cheque Charge

On a charge involving the passing of a worthless cheque in the store of a Richmond Hill merchant, Stanley Allen of Newmarket received a sentence of one year and was placed on probation by Magistrate O. S. Hollinrake. Allen's case was tried in Magistrate's Court, Newmarket, on Monday, February 23. Constable K. Sider, Richmond Hill Police, was the investigating officer.

On the same date, Knaggs Finlayson of Uxbridge was found guilty of impaired driving, and fined \$50.00 and costs by Magistrate Hollinrake. This offence took place in Richmond Hill on January 26. Constable Edward Green was the investigating officer.

**JACKSON'S POINT**: Two men were burned badly when a stove in their Lake Simcoe fishing hut exploded. Stouffville Police Constable Hugh Van-Koughnet, 40, and Mervin Wickens, 39, Thornbury, suffered burns to the legs, face and hands.

### Spadea's INTERNATIONAL DESIGNER PATTERN

NORMAN HARTNELL

The return of Princess Margaret to the salon of Norman Hartnell, also marked her return to a position on the best-dressed list. This is readily understandable, since Hartnell has a sure sense of fashion tempered with an equally sure taste. This suit to be lined or not, has exceptional neckline treatment in the unpressed fold that adds a flattering dimension to the framing effect. The seams of the jacket are opened out at the waist in tiny flaring slashes. The detail is picked up in reverse with side pleats at the hem line. Perfect for dressy wear in suiting silks or novelty rayons, it can also be very effective in sheer wool, linen or city cottons. From this size chart select the one size best for you.

Sizes	Bust	Waist	Hips	inches
10	34	24	35	"
12	35	25	36	"
14	36½	26½	37½	"
16	38	28	39	"
18	40	30	41	"
20	42	32	43	"

Length from nape of neck to waist

Size 10	16½ inches
" 12	16¾ "
" 14	17 "
" 16	17¼ "
" 18	17½ "
" 20	17¾ "

Size 16 requires 3¾ yards of 39 inch material for overblouse and skirt and 1¾ yards of 42 inch material for lining. To order Pattern No. S-421, state size send \$1.25. For new Jumbo 144 page International Designer Pattern Book B-C, send \$1.25. Address Pattern Service "The Liberal," 63 Yonge St. S., Richmond Hill, Ontario.

### CANADIAN CANCER SOCIETY

Richmond Hill Unit  
**FACT FOR THE WEEK:**  
Every dollar donated to the Ontario division of the Canadian Cancer Society is used for the aid and comfort of cancer patients, for the search for a final cure of the disease and for the education of the people of Ontario to equip them for their part in the fight against cancer.

### Highways Dept. Advises on Roads

An engineer representative of the Department of Highways has suggested to the council of Whitchurch Township that extensive break-up in road surfaces may be expected this spring. This break-up has already begun where road surfaces have been bared, and pot holes are evident on tarvia tops.

Council, meeting on Thursday last, agreed to adopt March 1st as the date for beginning half load regulations, but did not set any date for ending the restrictions.

Road Superintendent Davis stated that obtaining sufficient salt for sanding purposes, was quite difficult. He said that supplies were short and companies were doling out the supply in small lots. He advised council that a total of 2,000 yards of sand had already been used this year and more would be required.

21 Truck Tenders  
Council received eleven tenders for one truck and ten for another. The net price in all cases was quite close, but the amount being allowed for the machines being turned in, varied considerably.

The successful bidder on both machines was Slessor Motors, Ltd., Newmarket. The new trucks will be a GMC half-ton and G7C 3-ton. The net price to be paid for the half-ton is \$1,895.75 with extras. The net price for the 3-ton machine is \$4,763.85. Council accepted these tenders subject to the approval of the Department of Highways.
