GORMLEY NEWS
CORRESPONDENT: MRS. CHAS. MILSTED
Telephone Gormley 5201

The annual Heise Hill Christ's Crusaders Day was observed on Sunday, March 1, with Rev. W. Rae of Stouffville as speaker at both morning and evening services.

Mr. and Mrs. Don Doner, Sharon and Barry had dinner on Sunday with Mr. and Mrs. S. N. Doner.

Mr. and Mrs. G. Harman spent Sunday with Mr. and Mrs. F. Binns of Toronto.

Mrs. Willis Hunking spoke on Sunday morning at the Sunday school at the United Missionary Church on St. Clair Ave., Toronto. Bryan, Patsy and Edith Faye were all dressed in native Nigerian costume.

The ladies of Heise Hill Sewing Circle had an all-day meeting on Tuesday at the home of Mrs. Peter Stickley.

A wedding of special interest was solemnized on Saturday afternoon, February 21, at Heise Hill church when Miss Annie Steckley was united in marriage with Mr. Abram Lehman of Carlisle, Penna. Miss Steckley, who served a number of terms as a missionary to India under the Brethren in Christ Church is a

daughter of the late Mr. and Mrs. Joseph Steckley.

While Mr. and Mrs. Melvin Henderson and Sheila sang the hymn "Consecration", the bride entered the church escorted by her brother, Rev. Elmer Steckley, who also performed the ceremony, assisted by Bishop Alvin Winger. She was becomingly attired in navy waffle crepe with white accessories and wore a corsage of pink and white roses. Her bridesmaid, a niece, Mrs. Marian Kelly, wore peacock blue arnel crepe with corsage of pink and white carnations. Mr. Carl Lehman of Carlisle, Penna., was best man for his father. The ushers were Mr. Bruce Steckley and Mr. Lloyd Steckley. During the signing of the register, the Henderson trio sang "Grace be with You".

At the reception in the church dining-room, the bride's sister, Mrs. Alvin Winger received the guests, assisted by Mrs. Elmer Steckley.

Mr. and Mrs. Lehman have the good wishes of their friends and relatives as they take up residence at Carlisle, Penna., after a short honeymoon trip to Virginia and Florida.

Miss Eileen Lager of Owen Sound, missionary on furlough from Nigeria, Africa, spent several days with Mrs. C. E. Hunking.

Mr. and Mrs. Aaron Sheffer of Stayner celebrated their 65th wedding anniversary on Saturday, March 7. Mrs. Edgar Stickley of Gormley is a daughter of Mr. and Mrs. Sheffer.

Mrs. Allan Heise entertained at a quilting on Thursday. It was also the birthday of her mother, Mrs. Alvin Winger. On this occasion Mrs. Winger was pleasantly surprised by her daughters and her sisters.

Mr. and Mrs. Jos. Heise, Mr. George Cober and Mr. and Mrs. Garnet Francy all returned this week from a pleasant holiday in Florida.

Miss Arvilla Forester had supper on Wednesday night with Mr. and Mrs. A. Hollands.

Mr. Seth Wideman visited his brother and sister-in-law, Mr. and Mrs. Noah Wideman of Zephyr on Thursday afternoon.

Mr. and Mrs. Joseph Wideman spent Sunday with Mr. and Mrs. Neal Sider of Wellandport.

Misses Katherine and Evelyn Reesor and Mr. Ken Reesor spent the week-end with Mr. and Mrs. Owen Witmer of Salem, Ohio.

Miss Evelyn Reesor, nurse-in-training at Wellesley Hospital, Toronto, is enjoying a month's holiday at her home.

On Friday night about 70 members of the St. Sunday school of the United Missionary Church spent a social evening at the Parkside Youth Centre. The evening was spent in games, a sing song, and a film entitled "Missionary at Walker's Garage."

In the attendance contest at the United Missionary Sunday School for the month of February and March, the beginners class is lead-

ing with 96 per cent attendance. Mrs. T. Hepburn supplied in the intermediate room at S. S. No. 7 Whitechurch on Friday, due to Miss M. Barker's absence from illness.

Attendance is down at both local schools due to severe colds and flu that seems so prevalent. A number of people driving to work on Friday morning, especially on side roads, found the driving very hazardous, due to the extremely icy roads.

Mr. and Mrs. C. Milsted and Charleen were present at a birthday dinner in honour of the 80th birthday of their aunt, Mrs. H. Wraggett, at the home of Mr. and Mrs. Geo. Duncan at Dundalk on Sunday.

For those who feel we have a lot of snow here, they should see the extremely high snow drifts in the Dundalk area. Truly they are a sight to see, but certainly they have presented many difficulties for those living there.

We asked Mr. Geo. Cober for some highlights of his trip to Florida. "I arrived home from Florida on March 4 and had real nice weather. In February there were only two showers and about two cloudy days, temperature around 80. I met a lot of fine people, visited Mr. and Mrs. Anthony Nigh (Gormley residents), and also Rev. Charlie Baker of Stayner. We also visited Mennonites at Pinecroft where they still can talk the Pennsylvania Dutch; visited some old order German Baptists at Homestead, and attended their Love Feast at Lakeland, and also a house meeting service of the old order River Brethren. We also attended meetings in Lawrence Brunk's church where the Brethren in Christ had two weeks' meetings with Harry Hoch and William Rosenberry, evangelist. I took in a Holiness Camp

PUBLIC NOTICE
of vital importance to you

Again in the Spring of 1959
Consumers' Gas Company
asks your assistance

The severe winter weather experienced this past year has created a deeper frost level than normal. When the frost "comes out", as milder temperatures prevail, ground movement will be greater than in other years.

The Works Departments of many municipalities have warned of the damage that has already occurred to streets and paving, and that more damage will take place. Repairs to broken roads, water mains, etc., cost thousands of dollars each year and the estimates this year are greater than ever.

The many miles of gas mains buried in the ground, as well as sewer networks, hydro conduits and telephone cables have been installed and maintained for years in accordance with the best known engineering and operating practices. All of these facilities will be subjected to pressures and movement as the ground begins to thaw.

Where our new gas mains and services have been installed, refilled trenches will likely settle. Any resulting damage to lawns, walks, roads and driveways will be adjusted as quickly as weather permits.

Under these abnormal conditions the possibility of natural gas leakage is increased. The Gas Company therefore requests the assistance of all citizens in the community in guarding against gas leaks that might otherwise go unnoticed.

Gas leak detecting crews constantly patrol the area, checking streets, utility manholes, sewers and buildings. In addition to this safeguard we ask your co-operation by reporting ANY UNFAMILIAR ODOUR to us promptly. In addition any of the following circumstances should be reported without delay:

1. Any noticeable bubbling in pools of water on the ground and streets.
2. Any odour which has no readily apparent cause, either in buildings or out of doors.
3. Any indication that your furnace, regardless of fuel, does not appear to be operating as it should.

Basement floor drains should be checked to ensure that they contain water. Sewer gases, natural gas and other combustible fumes can enter homes through basement drains if they are dry. Pour a pail of water into dry cellar floor drains to fill the water traps and prevent the entry of gases.

Your participation in this safety program is appreciated. Please assist us to render the best possible service by reporting ANY STRANGE ODOUR to us quickly at any time of the day or night.

JOB MAKERS

CANADIAN manufacturing in each month of 1958 provided employment for an average of 1,146,156 Canadian men and women. This represented nearly 43 per cent of all non-agricultural employment in Canada.

The combined income of those engaged in manufacturing in 1958 was slightly less than \$5 billion or about 31 per cent of all Canadian wages, salaries, and supplementary labor income.

Manufacturing is by far the most important part of the Canadian economy.

Manufacturing provides the greatest amount of employment in Canada. It makes by far the largest contribution to government revenues. Its production enables Canadians to enjoy the second highest standard of living in the world.

Because of its contribution to our way of life, Canadian manufacturing deserves the support of every Canadian through the purchase of goods made in Canada.

Steel is the foundation of all our manufacturing, and Stelco is Canada's largest steel producer.

"No Water" Is Cause Of \$50,000 Fire

A fire which broke out in a garage attached to Clifford Bennett's home on the Elgin sideroad at Dufferin St., early last Friday morning, spread to his \$50,000, split-level house and gutted it completely, the upper storeys collapsing into the cement block first floor of the house—because there was no water to control the fire.

Maple and Richvale volunteer fire brigades responded to the call which came in at 5:45 a.m., but on the way to the fire the Maple fire truck slid into the ditch at Maple and Dufferin St., owing to the icy condition of the highway. Richvale brigade reached the scene in time to control the fire in the garage and prevent it from spreading to the house, until their supply of water ran out. A pond on the property was frozen solid.

"The Liberal" asked Vaughan Fire Chief James Davidson why water was not obtained through the Richmond Hill Fire Department. Chief Davidson said, "We were waiting for the Maple truck, we did not know what had happened to it until it was too late to save the house." When the Maple fire truck finally appeared at the scene of the fire Richvale and Maple took turns in running to Richmond Hill to truck back water to the blaze.

The fire, which is believed to have been started by a space heater in the garage attached to the house (which has been an outstanding landmark on the Elgin sideroad) also destroyed a late model car. Mr. and Mrs. Bennett escaped in their night attire. They were asleep when the fire was discovered by a neighbour.
