**MORAL RESPONSIBILITY FOR TRAFFIC SAFETY**  
During April, religious leaders of all faiths throughout Ontario will stress the moral aspects of the traffic accident problem. They will be asking you, as a motorist or pedestrian, to accept individual responsibility for obeying the traffic laws and the rules of the road. This personal appeal to the users of our streets and highways is the basis of the Moral Responsibility Campaign sponsored by the Ontario Department of Transport. It is receiving enthusiastic endorsement and active support from the Ontario Federation of Agriculture and from local safety councils, police departments, service clubs, women's groups and other community organizations. You can help the Moral Responsibility Campaign achieve success by practising the Golden Rule of traffic safety—drive and walk as you would have others drive and walk.

**Easter Service**  
Despite the early hour of Temperanceville United Church Easter service, it was very well attended. It was a pleasure indeed, to have with us a number of visitors. We are also grateful for the beautiful Easter lily placed at the altar with all its simplicity and purity. The children's Easter story told by Mr. Kennedy, "Dr. Carpenter is Upstairs," portrayed the devotion of a talented and Christian doctor to his needy fellowman and the respect of those people shown him at his death. The Easter Message, always one of reverence and hope and triumph, was beautifully expressed in Rev. Kennedy's message, "Christ Triumphant."  
The special Easter music rendered by Temperanceville choir with Mrs. Ruth Beynon as organist, was greatly enjoyed and appreciated.  
On April 5th, we observe the Sacrament of the Lord's Supper. New members will be received during our Church service. A communicant's call for those 12 and over will begin soon. Anyone wishing to take these classes please contact Rev. Kennedy. This group will be received as members of the church in June.  
The Sunday School will observe their monthly missionary Sunday on April 5th. Mrs. D. Chalk and Mrs. F. Hare will be on hand for this part of the service. Please bring extra collection for the M. and M. fund.  
The Temperanceville Explorers Group enjoyed a very pleasant evening on March 26th when they had as their guests the Wesley Explorers; Mrs. McCloud of Woodbridge and Mrs. McClelland of King. The Wesley group opened the meeting after which Mrs. McCloud showed the film on "Refugee Children of Europe." This showed the terrible condition of skin diseases which are prevalent among refugee children. A little penicillin (as little as 2¢ worth) if available, will clear up these deplorable skin diseases. Unicef is doing its best to provide this necessary drug. The film showed the children, happy and free from disease after its use. The meeting was closed by the Temperanceville Explorers. They were very happy to have the Wesley group present as well as parents and friends in this community. Many thanks to Mrs. McCloud and Mrs. McClelland for arranging for the films, W.I.  
On Wednesday evening, April 8th, at 8 p.m., the Temperanceville W.I. meeting will be held in the Sunday School room.  
The roll call will be answered by fees being paid for 1959-60, also written suggestions for next year's programs. The annual reports will be given by all convenors and the secretary-treasurer. Members are asked to place articles on display which they are interested in as a hobby.  
Mrs. Thomason will present a skit. The hostesses are Mrs. W. G. Turner and Mrs. H. Routledge, Millinery Course.  
The fourteen ladies who attended the millinery course under the direction of Mrs. Mulligan of the Department of Home Economics were all delighted with their accomplishments. Besides being most enjoyable the three days it took to complete the course was most advantageous to those attending. After selecting a hat form suitable to their particular style the ladies proceeded, step by step, to create what proved to be very becoming Easter finery. The materials and trimming brought by the instructor provided a great variety of choice for the different styles which were chosen by the ladies. Blocking of material to fit the form, shaping the brim, gluing or shellacking materials, placing in the wiring where necessary, choosing, making and shaping the lining, placing in the head band and sewing each intricate part as it proceeded all made this an intriguing adventure. The choice of trimmings and the placing of them to best advantage added an artistic touch to this work. Mrs. Mulligan also demonstrated the covering of wire for stems, etc., and the making of a scotch thistle and tiny umbrella shaped ornament. Each lady completed at least one hat, some worked on several. These were inspected by Mrs. Mulligan before her departure on the third day. A gift of a pair of nylons to the instructor was a gesture of appreciation. All other members of the W.I. were invited to come and see the hats which the girls had made and enjoy a cup of tea with them. Among our members is Mrs. Broul who, with her family, is leaving for her native land, Scotland, on April 1st. As a farewell gift, Mrs. Stewart Paxton, on behalf of the W.I. members, presented Mrs. Broul with a W.I. cup and saucer. We are all very sorry to have the Brouls leave this community, but wish them every happiness and prosperity wherever they may be. We do hope Mr. Broul's health will vastly improve in the near future.  
The Auxiliary for the York Manor Home are sponsoring a Tea and Bake sale on Wednesday, April 15th. The proceeds will be used to enable these aged citizens to continue with their handicrafts. We in Temperanceville are very interested in these aged people and hope contributions of baking will be forthcoming to make this a success.  
**Personals**  
Mr. and Mrs. Nelson Thompson and Billy attended the wedding of Mr. and Mrs. Sam Snider in Victoria Square United Church on Saturday, March 28th. The reception was sponsored by Buttonville W.I. and held in the Buttonville W.I. Hall. Mrs. Snider was the former Miss Janet Oakes of Buttonville.  
Mr. and Mrs. Milton Wells and family were Easter Sunday guests of Mr. and Mrs. Joseph Levison of Shanty Bay.  
Mr. and Mrs. Fred Boys were guests of Mr. and Mrs. D. McAllister on Easter Sunday.  
Mr. and Mrs. Nelson Thompson visited Mr. and Mrs. E. J. Bailey and Mrs. John Thompson, Toronto, on Sunday.  
Elaine Paxton entertained Mary Broul on Wednesday evening when she had a group of twelve guests to bid Mary farewell before her departure to Scotland.  
The Temperanceville group who attended the meeting at Schomberg for stewards and elders were Mr. W. Jennings, W. James, W. Herrema, F. Hare, M. Wells, W. Mitchell and F. Boys.  
Mr. and Mrs. John Umehara were thrilled to have all the family home for Easter. Dr. and Mrs. James Reese, Elliott Lake, Miss Millie Umehara, Hamilton and George Umehara, Toronto.

**York Manor Is Old But Comfortable Says York County Warden Hodgson**  
An architect has been engaged to prepare preliminary plans and sketches for a new home for the aged of York County, Warden William Hodgson, Reeve of King Township, announced this week. A meeting will be held at the County Building April 2nd, with representatives of the Provincial Department of Welfare to discuss current problems related to York Manor, he said.  
A special welfare committee was named at the January Session of York County Council to investigate the need for a new home for the aged in the County. At its initial meeting, Irving Boigon was engaged to prepare preliminary plans.  
"York Manor, in our opinion, has been criticized unjustly in the past year," said the Warden. The worst possible picture of this institution has been presented to the public through the press with little attention being given the many improvements made at the home in recent years.  
The home, in its present condition, is more fire proof than it was prior to the division of the County. Since January, 1954, many improvements have been made, all of which have lessened the fire hazard.  
Prior to the passing of the Municipality of Metropolitan Toronto Act, the old County had planned to replace York Manor. Only basic maintenance work had been done there for sometime. With the formation of Metropolitan Toronto and the decision to build the new home for the aged, Greenacres, as a Metropolitan Toronto Home, the continuing County began extensive renovations at York Manor. These were planned to make the residence more comfortable and safer for the county's senior citizens until such time as a new home could be built.  
Since 1954, there has been \$34,000 spent at York Manor for a new fire alarm system, fire doors and the fire proofing of floors, ceilings and stairways," the Warden explained.  
A heat actuated system was installed in 1955, connected directly with the Newmarket Fire Department. It is extremely sensitive. On January 28th, when a workman, welding pipes with a blow torch in the laundry room set off this fire alarm system, the

Newmarket brigade was at York Manor in four minutes.  
A false alarm in 1958 required the evacuation of all residents from the home. This was completed in less than five minutes with little commotion and no panic. Five bedridden patients were carried from the building by members of the staff.  
York Manor is supplied by water by the town of Newmarket. It was linked with the town's water system in 1957. Prior to that, water from York Manor was piped over a mile from a spring on the Second Concession of King Township.  
Mr. and Mrs. Peter Wilde were appointed Superintendent and Matron of York Manor in January, 1954. Each year since then the reports from the Department of Welfare inspectors have praised their work and the general conditions at the home. Following Mr. Wilde's appointment, a night nurse was employed. The building is patrolled on an hourly basis by the nurse. A man keeps a close watch on the furnaces at all times.  
In January, the County employed Frost-Graneck Associates, Consulting Mechanical Engineers, to examine the heating system at York Manor. This action was taken following reports of temperature readings in the 30's at the home.  
This firm reported that: The oil burner capacity is adequate to maintain the heat in the building, but has no reserve. Oil firing the third boiler would provide adequate reserve capacity and emergency stand-by. The present controls for the burners are independent and should be interconnected for proper operation. In general, the radiation is adequate but certain areas (the first floor lounge for example) requires additional units. While no attempt was made to check the circulation of the system, it was found that most radiators were heating, indicating that water circulation was satisfactory.  
"No action has been taken on this report pending the investigation by the Special Welfare Committee," continued the Warden.  
"It is true that the building is old but except under extremely adverse weather conditions, accompanied by high winds, it is comfortable. The Special Welfare Committee will report to the County Council at the June session. It will be the responsibility of York County Council to reach a decision at that time," he said.

The first oil well in the U.S. was built in Titusville, Pa., in 1859.

Mr. Stanley Baker was suddenly taken ill last week and is in St. Michael's Hospital. His many friends join in wishing him a speedy recovery.  
Mr. Peter Smith flew to Chicago last Thursday night on business and returned Monday evening.  
Congratulations to Mr. and Mrs. W. Korn on the arrival of their little daughter born in Newmarket Hospital on Saturday morning.  
Several break-ins were reported in Richvale over the weekend, Mr. B. T. O'Beirn Addresses Richvale H. & S.  
Attributes which contribute to the development of successful work habits carry a student farther along the road to a fuller education than sheer brilliance without good work habits. This was the theme underlying a discussion of persons and problems, arising throughout high school days, by Mr. B. T. O'Beirn, vice-principal and guidance counsellor of Thornhill High School, in his address before the Richvale Home and School Association last Monday evening.  
Learning to do a small amount of homework well and quickly in public school would stand the student in good stead when he entered high school, Mr. O'Beirn said. He felt that it was unfair for a student to have to work for five hours on homework when he should be able to get over it, even in grades 12 and 13, in three to four hours.  
The need for parents to exert their influence by encouraging their students, being reasonable in their demands, and remaining firm on their decisions, was shown by the speaker who cited cases of students where children had got off on the wrong track by the lack of these traits in their parents.  
It was the place of the parents to tell the student to go

to bed at ten-thirty and not allow him to stay up till twelve and one o'clock in the morning, studying for an examination.  
The importance of parental example in developing honest, truthful, not half-truthful, characters in their children could not be stressed too strongly, Mr. O'Beirn said. If Dad or Mother breaks the law by failing to stop at a stop street, or by speeding five miles over the speed limit, when Junior has the car, he's going to do the same — only he won't speed five miles over the limit — he'll speed twenty-five. He is not breaking the law any more than his parents.  
Mr. O'Beirn went on to describe different courses in High School, pointing out that not everyone is gifted in mathematics or the sciences. They may excel in languages, or some of the other subjects.  
Regarding University, Mr. O'Beirn stated that where there is a will there is a way. Thornhill High School has several bursaries which are available for those who really want to go to University and have the required marks. "This is a competitive world," Mr. O'Beirn pointed out, "and to get into Ryerson Institute of Technology a student has to have 60 per cent in some courses, 66 per cent in others, and in most engineering courses 75 per cent is required. They won't accept students with less than the required standard. They don't have to. They can get lots of students with a 75 per cent average." To illustrate this point, Mr. O'Beirn mentioned the case of two students who were trying to get into Ryerson. One student had a mark of 59.5 per cent and the other a mark of 58 per cent. Both students were turned down, Mr. O'Beirn said.  
A child who had developed into a good clean-living student and had acquired good work habits had perhaps the best preparation for high school, Mr. O'Beirn said. He urged parents to interest themselves in the work their children were doing in school, and occasionally to check up on their homework. He suggested such a question as: Johnny, have you done all your homework? rather than: Have you done your homework? The speaker emphasized the advantage of having a schedule for doing homework.  
Mr. O'Beirn discussed individual queries regarding entrance requirements for different courses.  
Concluding his remarks Mr. O'Beirn said that both the principal and himself welcomed parents' enquiries either by personal interview or by telephone.

**Financial Campaign For Scouts**  
The Group Committee for the 1st Richvale Scouts and Cubs reports a most successful financial campaign and wishes to thank everyone who helped to make it so. Three hundred and fifty dollars and fifty cents was contributed and a further thirty-five dollars was realized from the sale of newspaper. Another paper drive is planned for the latter part of May. This collection will also include pop bottles and six quart baskets.  
There are now twelve Scouts registered. Mr. Jim Dawson, the new Scout Master, has been instrumental in organizing and establishing three Scout troops. He has lived in the district for ten years, and is a former army instructor.  
There are twenty-six Cubs, and a waiting list for both groups. The only thing which prevents the expansion of the Cubs is the need for assistant leaders. An appeal is made to anyone who would like to give the Cubs a boost, to offer their services as assistant leaders. The chairman of the group committee is Mr. Alex Bain, AV. 5-4490.  
**Vaughan Women Workers**  
The Vaughan Women Workers, whose pet project is the Community Hall on Spruce Avenue, are holding a rummage sale and home baking sale there, on Saturday, April 4th from 1 to 4 p.m.  
O.R.B. League scores: Hilda Leece, 210; Marie Lawson 275, Gloria Searle 221, 217, 222; Pauline Price 242, 212, 292; Tom Lemperg 209, 219; Bill Stone 207; George Lawson 255, 304. High three flat, Pauline Price 746.  
Mrs. R. W. Miller was an Easter weekend guest at the home of her son and daughter-in-law, Mr. and Mrs. R. J. Miller, Birch Avenue.  
Mr. Don Heustis of Elliott Lake came home last week to visit his father, Mr. Gervais Heustis, who has been on the critical list for some time, in Sunnybrook Hospital.  
A farewell party was held at Richvale Chapel last week honouring the superintendent of the Sunday School and his wife, Mr. and Mrs. Douglas Price. Mr. Price has been transferred by his firm to Elliott Lake. About fifty persons were present. Mr. and Mrs. Price were presented with a lamp and two long-playing records in appreciation of their work in the Assembly. Afterwards refreshments were served. The table was tastefully decorated with daffodils.  
Miss Wanda Smith and Miss Ann Watts flew to Jamaica last Wednesday for the Easter holidays.  
**Award**  
Congratulations to 11-year-old Jimmy Lawson who won the Clarke Pharmacy award for the outstanding player on the Ranger hockey team. The award was made in Richmond Hill on Friday night.  
**Cancer Campaign Chairman To Speak**  
Mrs. Gordon Purves of Buttonville, campaign chairman for the Cancer Society in the district between Stouffville and Woodbridge, will be the speaker at the Richvale Home and School meeting on April 20th. Her talk will be accompanied by films. A special invitation is extended to everyone in the community who is interested, to hear Mrs. Purves.

**Dog Winner At Sportsmen's Show**  
Glen-El-Tee's (Yonge Street, Bond Lake) "Golden Joy," a Shetland sheep-dog, pup of eight months did herself proud at the recent Sportsmen's Show. Entered in the second show, she placed first in open female, winners female best opposite sex, best Canadian bred in breed, and best puppy in breed.  
At the fourth show, which was a specialty show, Joy placed first in her class and was reserved winners female in strong competition.  
At the third show, Glen-El-Tee's "Little Black Gem" — who has completed her American Championship, was first in open female, best of winners, best of breed and best Canadian bred in breed. Glen is owned by Mr. Fagan of Ithaca, New York.
