Under campaign chairman Mr. J. McDonald, cards have been mailed to each householder giving the name of the canvasser who will call during the early part of April. Please welcome your canvasser and take this opportunity to learn of the work being done by your local branch and the help that is available to all.

Bridal Showers, Trousseau Tea and the Wedding
Marie Field and her groom, Ted Harding are busily preparing for the Big Day April 18. Marie was feted at a community shower held at the hall where she received many beautiful and useful gifts from her friends of Maple. Hostesses were Florence Strahan, Norma Baker, Doris Cooper, Jean La Riviere, Julie Wismer and Pat Johnson. Also a shower from the girls at work (P.S.I.) was given for Marie and another at her cousin's in Toronto.

The bride's friends are all invited to a trousseau tea at the apartment at 117 Wiltburn Cres., Apt. 110, Downsview, on Saturday, April 11, from 2-4 p.m. and 5-7 p.m. This will be the couple's home after the wedding and we send along our best wishes. We hear her nephew Claude Holmes is quite an avid Liberal reader!

Bowling Banquet
Our junior members of the Community Bowling League will be out in force Saturday, April 11, for their annual banquet — thanks to the Maple Lions' Club. We hear there's to be turkey, also pop and ice cream so it should average 300 — with all "strikes" for everyone. The Community and School club is catering for this one at "Bowling Headquarters." The teams and names of the champs will be listed as soon as known.

Although Mrs. Muriel Rose is not feeling too ambitious yet, her neighbours and friends are glad to have her home after her recent stay at North Western Hospital. She would like to sincerely thank her friends for all the cards, flowers and well wishes she received — with a special thanks to daughters Barbara and Lynda who "kept house."

Welcome Back
The many varied community groups and her friends welcome home Mrs. Muriel Weir from a month in Florida — but the biggest welcome came, no doubt, from her family, Tim, Michael, Eric, and hubby Bill. Hope you are well rested — we've been waiting for you.

Our I.G.A. McCowans enjoyed a beautiful stay on a plantation in Jamaica. Mrs. Helen McCowan hosted a bridge party last week where the girls were fascinated with her many intriguing baskets, all shapes and sizes, she had brought back with her. Quite a collection.

4-H Clubs Guests Of Fed. Of Agriculture

The Vaughan Federation of Agriculture invited the 4-H Home-making Clubs of Purpleville, South Vaughan, Edgeley and the Woodbridge 4-H Calf Club to join them at the Vellore Township hall on Wednesday, April 1 to view two films and enjoy a social evening.

Nearly 100 girls and boys attended with their leaders and enjoyed seeing a film on "The Milky Way," which is the current project of the 4-H Home-making Club girls, and a film on "Safety."

There are many talented girls and boys in these clubs, and a few of them contributed most generously to the entertainment which made the evening a most enjoyable one.

Miss Donna Graham of the Vellore 4-H Club sang a solo while her mother accompanied her at the piano.

The Misses Karen and Judy Bodker of the Edgeley 4-H Home-making Club played a duet on the piano.

Miss Cathy Soper of South Vaughan delighted the gathering with her accordion numbers.

Miss Shirley Bower and Miss Linda McMahon of Purpleville danced the Highland Fling.

Mr. M. Cockburn of Newmarket, York County Agricultural Representative, led in a singing.

The Home-making Club girls prepared and served very attractive and delicious refreshments, demonstrating the skills they had acquired in one of their recent projects "The Club Girl Entertains."

Charlie Robinson thanked the girls and boys for coming.

Will Tie Up Small Lots Pl. Bd. To Approve-Perry

To prevent the subdividing of small, long parcels of land — where a contractor buys a farm, cuts it up into 10 acre parcels with minimum frontage, thus creating small, long lots — Vaughan Township may endeavour to create a new by-law stating, through Clerk James McDonald's suggestion, "It will be prohibitive to sell 10 to 25 acre lots without the approval of the township planning board first." In this way these unsightly lots will be tied up. This by-law, if brought into being, would not affect lots already subdivided in this way.

Councillor Jesse Bryson said, "I think that's good, because there are too many small parcels taken out of farms by subdividers."

Reeve Perry's statement that it would apply throughout the township and that no lot would then be sold without the permission of the township planning board caused Councillor Bruce Ralph to remark, "We have certain statutory laws we cannot rescind."

Richvale Community Hall
On hearing that there was no insurance on the Richvale Community Hall, covering it in the event of fire, because there was no money in the committee's funds to pay for such expense, Reeve Perry suggested the matter be turned over to the committee members, which include Councillors Anstey and Ralph, to find a solution.

Councillor Ralph said he was of the opinion the hall was a township activity and that a grant should be made to cover the insurance. Clerk McDonald said he didn't think the township owned the hall and that they would be starting a precedent if they paid a grant.

Councillor Anstey said, "I can't see that we own it. We are holding it in trust for the people and it is up to the people to look after it. It was built by the people in that area."

Deputy-reeve Ryder said if they are not enthusiastic enough in that area to keep it up, they should have interest created to do so. Clerk McDonald suggested it be referred to the Department of Agriculture.

Ready Mix Cement Plant
With a request by letter for a permit to build a ready-mix cement plant in Vaughan, the reeve said he was in favour of such an industry. It was then pointed out that the Municipal Planning Board was against cement plants for the township to which the reeve replied emphatically, "I say yes."

He then exclaimed, "Who runs this township? I'm sick of this Municipal Board telling us what to do. The Municipal Board runs the township, does it? Who elects them? Were they elected at the last election? I didn't see their names on the ballot at the last township elections." Turning to the press the reeve said, "And you can print that." "I never heard of them," he concluded.

Joint Planning
The reeve said Vaughan was

"just three years ahead of Markham, following an invitation to meet with Markham Council to discuss joint planning re-zoning of Yonge St. Councillor Anstey said he was in favour of a meeting with Markham.

Decrease Conservation Allotment
"Conservation is spending too much money," Reeve Perry said on hearing that Vaughan's allotment on the budget for 1959 was \$6,900. "I will not buy the budget Conservation has presented to us," he stated flatly. "I think we should say, as Metro does, we will give you so much. I think \$3,000. is all this township can afford. I will entertain a motion from this council to that effect. That's all it's worth. These people are not elected by the people — and they are quite ready to spend our money."

Councillor Bryson, Vaughan's representative on the Conservation Authority said, "Conservation is for all the people, we cannot afford not to afford it."

Councillor Anstey: "I'd be glad to make a motion that we don't exceed last year's allotment." Bryson: "It won't do you any good."

Councillor Ralph: "Why, have they the power of assessment?" Clerk McDonald: "If you don't approve the levy they set, you appeal to the board of appeals."

Anstey: "I understand they spent \$400,000 on advertising last year."

Reeve Perry then asked for a motion for an amount of \$3,000 but although Councillor Anstey supported him with a motion, no seconder appeared forthcoming and the motion was dropped.

Roads
Councillor Ryder, head of the roads committee for the township, received support in his quest for a double shift on road work during the summer months of the year, when his motion was seconded by Councillor Anstey, and approved by council.

Councillor Anstey said, "Summertime is the only time to do road work."

Maple Lands & Forests Staff Visit Amos Baker Sugar Bush

On Wednesday, March 25, several members of the Department of Lands and Forests staff at Maple, and the Toronto Office, availed themselves of the opportunity to get a little practical experience in the first stages of maple syrup production.

The location was the sugar bush owned by Mr. Amos Baker, just west of Langstaff, and the visitors Messrs. P. Addison, S. R. Hamilton, H. Middleton and D. Drysdale, spent several interesting hours learning about the various processes and procedures involved.

The first jobs, carried out in sequence, were selecting the trees to be tapped, drilling the holes, placing the metal spiles in place and hanging the buckets. Mr. Baker, the owner, and his son, Paul Baker, chose the trees suitable for tapping, placing the point where the hole was to be drilled. Drilling was carried out both by the conventional brace and bit method and by power drillers, carried on the back and fed by a 2-cycle gas engine. This latter method was extremely

fast and much less tiring than drilling into the tree by hand. Closely following the drillers an assistant carrying a pail full of spiles would gently tap the spile into each hole. A bucket was immediately placed on the spile by a third man and clear sap began to drip into the pail. Each evening sap is collected and transported to the evaporator for boiling.

Arrangements were made for the department staff to return to the operation prior to completion of the sap run when they will be assisting the Bakers in collecting and boiling the sap and following the operation through to the final packaged product.

Mr. Baker's co-operation in allowing the group the opportunity to learn the on-the-job features of this specialized, interesting and money-making farm woodlot activity is much appreciated.

Canadian Cancer Society
It's time once again for us to give to one of the most worthwhile causes of today — the Canadian Cancer Society. There will be a door-to-door canvass in our community so everyone will have a chance to donate. It cannot be emphasized too greatly that cancer can strike anyone, anywhere, at anytime. Give to help those already stricken, and to help provide funds for research so that there will some day be a cure possibly for us and for future generations.

YOUR ONTARIO HOSPITAL INSURANCE CERTIFICATE

IS A VALUABLE POSSESSION

AND...

it is your means of identification at the hospital

HOW TO USE IT... Always keep your Ontario Hospital Insurance Certificate handy, and present it to the hospital Admitting Department if hospital care becomes necessary for you or your eligible dependants.

ONLY ONE CERTIFICATE is issued to each insured single person and to each insured family.

As a precaution, each member of the family should have a separate note of the Hospital Insurance Number for ready reference in case of sudden illness or accident.

WHAT IT DOES... Your Certificate and paid-up premiums entitle you and your eligible dependants to essential "in-patient" hospital services in standard ward accommodation of approved hospitals only, for as many days as such services are medically necessary. Benefits cease when the physician indicates hospital care is no longer necessary.

"Out-patient" hospital services are not covered EXCEPT in the case of emergency out-patient care received within 24 hours following an accident.

Hospital services must be medically necessary

Ontario Hospital Insurance benefits cannot be provided for 'custodial' or 'domiciliary' patients i.e. persons whose medical conditions do not justify use of hospital accommodation and services, and who could be cared for at home or in some facility other than an approved hospital.

PREPAID PREMIUMS mean PREPAID PROTECTION

It is important that your Ontario Hospital Insurance premiums be paid on or before the date they are due. This is necessary to maintain a period of prepayment during which your protection will continue if it ever becomes impossible for you to pay your premiums.
