## HAVE YOU HEARD THIS ONE?

Masher - trying to date a pretty girl: "Say, haven't I seen you somewhere before?"

Girl: "Very likely, I was there."

There's a retort to remember, girls, the next time some wolf starts howling at you. And here's something else to remember. To attract the "unwolflike" types you have in mind personal appearance is what counts. So for that handbox-fresh look at all times entrust your wardrobe to us for the dry cleaning care it deserves.

## To Probe Crosby & Beverley Acres Costs

(Continued from Page 1)  
proval to Councillor Haggart's motion to appoint at once a firm of inspecting engineers and that a three member committee of council be named to conduct a thorough fact finding investigation. The council committee will be named by the Mayor.

It will cost an estimated \$31,585, to provide drainage for the Yonge-Crosby area and the Liquor Control Board planning a store on that corner has been asked to contribute \$20,000, toward the cost. This was reported to council by Reeve Perkins who told of a recent meeting with the provincial representatives. A 36-inch sewer is needed to take the water down Crosby to the creek. He said Liquor Control Board representatives thought the request reasonable.

East Elmwood ratepayers asked street lighting on Norfolk, Wenlock and Maple Avenues. The request was referred to the Hydro Commission for an estimate of cost.

The C.N.R. offered to sell the town 1.6 acres adjacent to the new water treatment plant for \$2,950. On motion of councillor Haggart council will make the purchase.

Council concurred in Planning Board recommendation to permit the division of a 98 ft. lot by L. Harding, Benson Avenue, with one lot of 48 ft. frontage. The required frontage is 50 ft.

Richmond Hill Library Board asked council for a loan of \$17,500, to complete purchase of shelving and equipment. The request was referred to the finance committee on motion of councillor R. P. Ross. A request from the District High School Board for debentures for \$30,000, to finish grounds at Woodbridge High School was referred to the same committee.

A suggestion by Councillor Bradstock that an advisory committee be appointed to work with the Planning Board will be considered at a joint meeting of council and planning board this week.

Councillor Haggart asked for a progress report on the construction of the water treatment plant. Councillor Haggart Police Chairman answered complaints that three policemen were operating the radar speed equipment. Additional equipment has been procured and it will in future be a one man operation.

Councillor Haggart complained that industrial land in use is assessed at \$1600 per acre but unused industrial land is assessed at only \$800, per acre. This he said played into the hands of speculators. The assessment commissioner will be asked for a report.

Council laid over until next meeting the appointment of a member of the Recreation Commission. Deputy-reeve Tinker submitted the names of Al White and Harry Whitaker. Councillor Haggart said the new member should come from east of the tracks. There is now only one member from the east part of the town and Councillor Paterson supported Mr. Haggart's contention the area was entitled to more representation. Council agreed to lay over the appointment until next meeting.
