## Over Hill, Over Dale

by Cicely Thomson

(Continued from Page 2)

There's a foam rubber and plastics plant on Crosby, just west of the railway. On Centre street there's the United Flexible Metallic Tubing. Also there's William Seales, one of the oldest industries to establish here (in 1944). That one fooled me, how many of you recognized our old friend the pea factory? and still on Centre street there's the Everbright (Aluminum) Co. and Sully's Cas-

tings. Our roses still take first place probably in our affections, with H. J. Mills (who grow about ten million roses a year) and Bedford Park roses.

But we also have F. E. Shaw Ltd., pipeline contractors and Timiskaming Construction Co., a very big operation, primarily road builders. You've seen them on Markham Road in what was the Storms Construction Building. The two offices share the same building and operate together in the repairing of equipment. Pre-cast Concrete is the Risi Brothers business on

Cedar Avenue and William Perry specializes in making displays for showing merchandise in stores. Also the Newmarket Bus Lines have built a shop on Enford Rd. for servicing their buses. The job printing of "The Liberal" puts it into our industrial brackets; there is the Mayfair Manufacturing

on Yonge street too that manufactures ladies' dresses and blouses, and we must not forget Vitafeed Concentrates Ltd. that has been established here since 1930. We have roads into our industrial strip . . . . Industrial Road itself which is finished running east from Yonge, but Newkirk Rd. so far is only scalped so

that no property can be shown to potential clients on its mile-long length. And we have Mr. Langford who strikes me as a man to leave no stone unturned to see that we get the best of the industries that we need.
