 son, Mrs. Bruce Hall, Mrs. Harry Goulding and five Guides, Joan Flucker, Elaine Powell, Denise Heaps, Maureen Donaldson and Linda Kane.
 Earlier in the week the uniformed schoolgirls had been taken around the village, by mothers driving cars, to collect more rummage than was received last year.
 The cartons left at King City United Church were partly sorted by Guides' and Brownies' dozens who tied dozens and dozens of pairs of shoes together and packed evening dresses, a brown fur jacket, clothing for all ages, draperies, children's toys, harp-cover and paper-backed books, women's hats and purses, cups and saucers, china figurines and knick knacks and sewing accessories.
Choir Wins
 Once again King City Public School choir came home with a singing award from Woodbridge Festival, this time taking first prize competing with public school choirs from five rooms or under.
 Children from three King City classrooms formed the winning team, after being coached by their music teacher, Mr. Iltyd Harris of Aurora.
Cater For Banquet
 Twenty-five mothers of King

City District Scouts and Cubs managed the catering for the annual Father and Son banquet at Maple.
 Mrs. James Flucker was social convener, aided by Mrs. Harry Lacey and Mrs. Howard Clegg of the Auxiliary's social committee.
Bale Quilts
 It's still the season for sewing bees. Mrs. Robert Farren and Miss Jessie Gellatly prepared attractive patchwork tops and the two quilts were sewn three afternoons last week at Miss Gellatly's home by Mrs. Fred Curtis, Mrs. Farren, Mrs. H. Lenhardt, Mrs. Ern. Hollinshead, Mrs. Aubrey Campbell, Mrs. Charles Kerr and Mrs. Charles Black.
 About a dozen quilts are being prepared for the bale to be packed by St. Andrew's Presbyterian Church W.M.S. the end of May for shipment to north-western Canada.
Library Board
 Several improvements to King Memorial Library were planned by the Library Board meeting last week.
 The new executive proposed adding a stone window box to the front of the building. New black shingles will be an immediate improvement to the roof.
 The entrance step is to be raised a few inches to prevent water from ruining the floor tiling.
