Wimbridge Defeats Victoria Square 17-3

This game was played over the nine inning distance and for the first seven innings promised to be a tight ball game. The surprise feature was the stellar performance of Murray Thompson making his first start on the mound for the Cleaners. Murray allowed just one hit and struck out eight batters when his control faded in the seventh inning and Bill Costoff came in as relief pitcher.

Murray is a recent Richmond Hill resident and has played a lot of ball in Dieppe Park. He has a sweeping curve that seems to bend at least a foot and a sizzling upshoot that really hops. As the season progresses this boy should really be something to watch.

Johnny Nigh, hurling for the Square also had his lumps in the fatal seventh. Up to this frame Johnny had allowed eight hits and had six strikeouts. By the time the fire had been put out in the bottom of the seventh John had been relieved by Freddy Walker and nine runs came in on nine hits and one error.

At the start of the seventh, Wimbridge had a 5-0 lead on Victoria Square. Murray Thompson will lead the first two batters and Bill Costoff came on to relieve Thompson. Costoff struck out the first two men to face him and then walked Dent Brumwell to load the bases. Johnny Nigh then poked a double into right field to score three runners, and Howie Bennett came in to relieve Costoff. The side was retired with no further trouble and the score was Wimbridge 5-Victoria

Blonde Bomber vs. Redhead Garner

On Wednesday, June 9, at the Thornhill Farmers Market, Billy Foster, well known as "The Blonde Bomber" will test the skill of veteran mat ace Red Garner in a two out of three fall one hour limit match. Foster has been going great guns of late and since winning the middleweight mat crown has been threatening everyone. Garner only recently returned from Utah, U.S.A., will attempt to quieten the mad blonde on June 9.

As a co-feature Karl Mueller and Jack Diamond will go at it again also in two out of three falls. Both of these grapplers are as rough and rugged as they come and will take up where they left off last week. Diamond was the winner in this one but he had outside help from Hangman Howard, who will be well away from the ring this time. Two other good bouts will be on the card and will round out a fine evening for the local grapple fans.

You Bring'em We Wreck 'Em

Popular public demand for Wreck-Em races will bring extra chills and spills this Saturday at Pinecrest Speedway on No. 7 Highway when about a dozen cars will take to the track to be wrecked, and we do mean wrecked, the cars run into each other and do as much damage as possible, the idea of the whole race is to put out every car you can, the winner being the one car that is still running when all others are disabled.

The Wreck-Em race will be in addition to the regular stock car races, the popular ladies race and the jalopies, a total of 12 events for the evening and no advance in prices.

The field of cars increases every night - last week saw over 70 turn up to race, and the more cars, the more thrills as they race for big prize money as well as \$3,300 in point money.

First race goes at 8:30 p.m., rain or shine, so come early for a night of thrills.

Spring Football Clinic A Success

The Richmond Hill Intermediate Football Club is just completing what Coach Bill Points calls, a grand and worthwhile Spring Clinic.

The purpose of this pre-season get-together was to determine how many of last season's players would return, and welcome new players from the Hill area. There is still room for interested players, but everyone is pleased with the many new faces that reported in May. The final pre-season training session will be held next Wednesday at the Walter Scott Schoolgrounds, Markham Road. Both intermediate, and midget players will be welcomed.

May Dial Direct To Prairies Now

Beginning June 7, telephone subscribers in Richmond Hill and vicinity will be able to dial their own long distance calls to three cities in Western Canada - Winnipeg, Regina and Calgary. Since the inauguration of direct distance dialing a year ago, this service has been extended to Montreal, New York City, Miami, Fla. and many other distant points. In a few years, the service is expected to be continent-wide.

"Changing Status Of Women" Is University Club's Topic

As its project for the year, the University Women's Club of York County at its May meeting voted in favour of giving the sum of \$100 to the King Library. A number of worthwhile projects had been investigated and presented to the membership by a committee composed of Mrs. Fraser Gee, Mrs. J. D. MacGregor, Mrs. John Heard and Mrs. Dickson Miller.

Members also voted Monday night to support the changes in the Federal Estate Tax Act recommended by the Vancouver Club which would give recognition to the contribution made by a wife to the marriage partnership.

Two new members were introduced to the club by Mrs. G. Fish, Aurora, membership secretary, bringing the total of new members this year to 22. They were Mrs. Sidney van den Bergh and Mrs. John W. Whalen, both of Richmond Hill.

Mrs. Lorne C. Lee of Aurora gave an interesting report on the Windsor Regional Conference which she attended as the club's representative on May 1 and 2. Mrs. Dickson Miller, Richmond Hill, introduced the guest speaker. She was Mrs. M. Chadsey, chairman of the public affairs committee of the Y.W.C.A. of Canada, who spoke on "The Changing Status of Women."

Mrs. Chadsey, who is a graduate in Economics of the University of London, led the Canadian Delegation to the International Seminar on the Status of Women in New York last year.

She pointed out that women today have a greater opportunity than ever before for a full and interesting life, if only they use their changed status properly. In the early 1900's women were in the home, either their father's, or their husbands. Since then there has been a tremendous widening of women's activities. Most work outside the home at one time or another at a great variety of jobs, and are carrying on their duties as citizens. The pattern followed by women today as opposed to 50 or 60 years ago is to go to school, train for something, get a job, continue in this job after marriage until the arrival of the first child, stay in the home while
