Guide Notes

On Sunday, June 14, the 2nd Richmond Hill Guide Company met at the post office at 12:30 to venture through the Boyd Conservation Area in Woodbridge. Considerate parents drove us to our destination where enthusiastic Guides bustled out of the cars. With our capable leaders, Mrs. Taylor and Mrs. Hamilton, we started up a hill to find a suitable place to have dinner.

After settling down, half the company set a nature trail for the younger Guides to follow. For this we used woodcraft signs to indicate the direction we had taken. After a few helpful hints, they managed to follow the trail and finally ended at the dinner spot.

When this successful hunt was over, a rousing game of baseball began, once we had diverted some of the girls' attention from two handsome boys.

Then came what we had all been waiting for, DINNER. There were the usual sandwiches and pop, however corn and macaroni were also served.

Later we played games and had an exciting treasure hunt. Ultimately the time came to leave after we had cleaned our spot and put out the fire. On the way back a cool stream persuaded some of the girls to go in wading. Then we continued on our way back to the gates. There, those considerate parents met us and brought us back to Richmond Hill.

Here ended a most enjoyable day full of excitement, amusement and mishap.

— Charleen Smith and Janet Thompson
