If your family likes Strawberry Jam they'll enjoy Strawberry Jelly too. Here's the successful way to make it.

STRAWBERRY JELLY
3 1/2 cups juice (about 2 1/4 quarts ripe berries)
7 1/2 cups (3 1/2 lbs.) sugar
1/4 cup strained lemon juice
1 bottle Certo fruit pectin

To prepare juice. Crush thoroughly about 2 1/4 quarts fully ripe berries. Place in jelly cloth or bag and squeeze out juice. Measure 3 1/2 cups juice and 1/4 cup lemon juice into a very large saucepan.

To make jelly. To the measured juice in saucepan, add 7 1/2 cups sugar and mix well. Place over high heat and bring to a boil, stirring constantly. At once stir in Certo. Then bring to a full rolling boil and boil hard 1 minute, stirring constantly. Remove from heat, skim off foam with metal spoon and pour quickly into glasses. Cover at once with 1/2 inch hot paraffin. Makes about 11 medium glasses.

Quite a few new homemakers have asked me about pectin. "What is it?" they say. Pectin is the jelling substance found in all fruits in varying amounts. Certo is pectin extracted from fruits rich in this natural substance, then refined, concentrated and performance-controlled. Certainly, nothing artificial or chemical about it! When you use Certo and follow the tested Certo recipes, your jam and jelly always sets perfectly.

If your church group or women's club is interested in homemade jam and jelly, I have a Certo film I'd be happy to loan you. No charge. No obligation. It's called "Jelly and Jam Session" and runs about 12 minutes. It's 16 mm, has sound, and is in full color. If you'd like to borrow it, please write me — Frances Barton, General Foods Kitchens, 44 Eglinton Ave. W., Toronto.

Watch for my column! I'll be back with more recipes, and meantime — if you've any jam or jelly problems, please write me, and I'll do my best to help you.

The time of the year being what it is, a few remarks on fishing may be appropriate. We never get much beyond the stage of still-fishing with a very simple rod and reel and a couple of dew worms — but even this is a grand way to spend a lazy summer day. Most of you probably know more about fishing than we'll ever know, so this is not intended to be a learned text on the gentle art of coaxing fish to bite. What it really is, is a plea for the poor battered Game and Fisheries Laws.

Our conservation experts have made careful studies of breeding habits and life expectancy of all types of fish. By involved computations that are beyond us they have set up a table of size limits and catch limits for different species of fish. The catch limits may vary from area to area and it behooves the Compleat Angler to know just what is and is not permitted in the waters that he is fishing.

The catch limit laws have been set so as to ensure that an area will not be completely depopulated of a certain species of fish. The limit law also ensures us of a reasonable chance of getting a fair catch of our particular favourite fish. These laws are unfortunately broken regularly, not just because of ignorance but because of the natural greed and avidity that is present in the best of us.

One summer not too long ago, we witnessed a breaking of fishing laws that was downright wanton. A stringer (home made) of 15 fair sized bass had been thrown into a clump of bushes adjacent to a boat landing and left as unwanted in the hot sun. They were no longer fit to eat as they were announcing their presence right odorously. By asking around we didn't have too much trouble locating the joker who had had all the luck with the bass. When asked why the fish were thrown away in such a stupid manner, the answer was, "Nobody in our cottage likes fish, but I sure love to catch them."

This boy was a live one. It never entered his little pointed head to toss them back again or even offer them to someone who would eat them. Nope, they were fun to catch and to show to his non-fish-eating companions, but as far as he was concerned they were of no further use. With an attitude like this one, a lake could be stripped in a very short time.

The foregoing was a very extreme case, no doubt. However for every undersized fish taken and for every fish kept above the limit there are just that many fewer fish. Multiply the one or two over the limit by one hundred thousand-odd anglers and the figures become staggering.

Our fish are nothing more nor less than a cash crop. Hundreds of thousands of our neighbours to the south pour over the border yearly to pursue the elusive little devils, merely because the fishing is better than the fishing at home. During the course of a summer season, millions of dollars are spent by these people, dollars which help to keep our standard of living what it is today. Enough of economics.

Next time you go fishing, Dad, just make sure you know all the laws that apply in the area you're working over. Make darn sure the kids do as well. If we can sell conservation to the younger set we've got this thing beaten now and ever after. Besides, Dad, you know what happens to all that lovely tackle, that boat you've always wanted and that big electric start motor when the game warden yells "Foul", don't you?

Fishing is still great sport and can give everyone even more pleasure when rules are obeyed. We hope that you really ardent anglers end up with full creels of the right size and number of fish every time you go out. The rest of us will have our fun with the line and the dew worm — within the law. The Ontario Department of Lands and Forests (Games and Fisheries) would just love to hear from all of you. Your tax money goes to support this government agency, so let's put them to work supplying us with exact information.

SPORT SPOTS

In last week's paper, the Dynes Jewellers' player roster appeared. Somehow Sil Steffan was referred to as a HEAVY catcher. Despite rumours that he really is putting on weight (rumour source Dynes players) what was honestly intended was to say that he was a HEADY catcher. Sorry if Vivian has been serving smaller portions at the Steffan household, Sil.

Brian Gillespie was another Dynesman who was dealt with less than fairly. This correspondent still thinks that 'Gillie' is one of the best first basemen in this or any other town and that his work with the big glove is terrific.

SPORT SPOTS

Hear from some of the girls who play under the Town Inn banner. Most of them felt the remarks about desire to win, or rather lack of desire were unkind. I don't intend to apologize for the statement because on the play in that particular game, the criticism was a just one. However, if some of the girls get mad enough to play just a little bit better, then the criticism served its purpose nicely. If people observing the game realize how ineffectual a performance is, surely the players must know it as well. The criticism was not meant unkindly, but just to hold a mirror before the team so that they can possibly redeem themselves from this point on. Good luck girls and please don't shoot, the family think they need me for a while longer.

SPORT SPOTS

It has been very noticeable the last two weeks that attendance at the town park on Thursday nights, when Dynes play their home game, has been steadily improving. This is a most gratifying and desirable state of affairs as nothing will prompt any athlete to rise to greater heights than a wee bit of local support. It is a great feeling to know that a great many other people care enough to come out and cheer on your efforts.

The attendance on Tuesday nights for the Wimbridge Cleaners games in the Richmond Hill and District Intermediate League has improved but there are lots of good seats left for you. Come on along on Tuesday and have a look at what other towns have to offer. The entertainment is good.

Dynes' Win Streak Snapped 6 To 4

On Tuesday, June 17, Dynes Jewellers were defeated by the Red Pancers 6 to 4 to break their win streak at six games. George Ward, Dynes' starting pitcher, was rudely handled by the Pancer hitsmiths, who pounded Big George for five hits and four runs in two-thirds of the first inning before Bill Bowen came on in relief.

Moe Meyers was the starting pitcher for Pancers and was still firing strikes at the end of the game. Moe allowed eight hits, struck out five and walked two during his nine inning appearance. Bill Bowen who pitched seven and one-third innings in relief allowed six hits, struck out 10 and gave up no walks. Mickey Hancock of the Pancer club blasted a home run off a Bowen offering in the bottom of the fourth inning.

Lorne McLean, Dynes' starry centre fielder, was the heavy hitter for the Jeweller team. Lorne had three hits in five trips to the plate, while catcher Sil Steffan had two hits in five tries.

Two fellows named Little were the siege guns for Red Pancers. Gordon R. Little, catching for his team, had three hits in four trips and Gordon W. Little, right fielder had two hits for four at bats. Winning Pitcher Moe Meyers. Losing pitcher: George Ward (Bill Bowen).

Red Pancers: 6 runs, 11 hits, 0 errors, 1 home run (Mickey Hancock).
Dynes Jewellers: 4 runs, 8 hits, 1 error.

Dynes Jewellers Nip Lansing Sunoco In Ninth Inning, 4-3

The local citizens who were in the park to see this game were the lucky ones. It was a real thriller right to the end and provided just about every thrill that a well-played softball game can offer. What made it even better from a Richmond Hill point of view was the final score — Dynes Jewellers 4, Lansing Sunoco 3.

George Ward was given the starting pitcher nod by Stan Ransom. Ward pitched eight full innings and gave up six hits and three walks. George was being hit solidly but some fine defensive work kept the Jewellers out of trouble. Bill Bowen went in to bat for Ward in the bottom of the eighth inning.

Jack Curry pitched the whole route for the Lansing Sunoco boys and gave up six hits and three walks. The Sunoco team played solidly behind Jack and in the bottom of the first inning came up with a nice double play. The first man up, Brian Gillespie, was walked — Sil Steffan drove a hard one to third that Sunoco third baseman Al Fairthorne fielded perfectly, firing to Ray Harris at second to force Gillespie. Ray Harris relayed to first baseman John Mann to nip Sil Steffan.

The first run of the game was scored by Dynes in the bottom of the second inning. Dynes' second baseman Tony Centa was walked. Left fielder Phil Butler was hit by a wild pitch, Tommy Easton, playing right field, was walked, and the bases were loaded with one out. Lorne McLean, the first batter had filed out to right field. George Ward hit into a fielder's choice and first baseman John Mann elected to force Tony Centa at the plate. Jim Crilly, Sunoco catcher, missed touching the plate and the runner scored on a catcher's error.

There was no further scoring until the fourth inning when Bob Blair, on third base, was scored on a long fly ball to centre off the bat of Sunoco right fielder Chico Fernandez. Phil Butler, in left field for Dynes proved himself to be a fine defensive fielder with a strong, accurate arm. In the fifth inning, Lansing scored another run to lead Dynes by a 2-1 count.

With two men out in the bottom of the sixth inning, Dynes' dependable third baseman got his sights on one and hoisted it over the fence in centre field to tie up the ball game at two runs each. In the Lansing half of the eighth, Al Fairthorne, playing

Opening Pitch

MAYOR KEN TOMLIN

Richmond Hill's Mayor throws the first ball to officially open the International Section of Minor League Ball at the local park. The Mayor was in his usual good form and tossed a nice one right over the plate.

Richmond Hill Peeeweas Down Aurora In First League Game

In the first league game of the season, the Kinsmen-sponsored Peeeweas downed Aurora by a 12-0 score last Wednesday night at the Aurora Park. Coach Austin Everatt is justly proud of his young charges and feels that they have the ability to go all the way. The league is made up of entries from Newmarket, Bradford, Aurora and Richmond Hill.

Billy Richardson on third base for Richmond Hill was a tower of strength defensively as was second baseman Steve Gauld. Gauld also had a big night with the bat and belted out at least one extra base hit.

Coach Everatt had a hard time deciding just who his starting pitcher would be. In the exhibition games, Jamie Macaunod proved himself to be a good man, so Austin gave the starting assignment to young Paul Ramer. In the third inning, Dave Pratt went in to relieve Paul and gain some competition experience.

It is everyone's wish that the new diamond in the town park will be ready for use and that Richmond Hill fans will be able to see these youngsters in action.

Town Inn Girls Lo e Close One

Monday, June 22 the East York Kiwanis defeated the Town Inn girls 15-4. This game was played over a five inning route and despite the score the local girls put up a real battle. This was a different team from the group beaten by Whitty last week.

Carol Seager was the starting pitcher for the Town Inn, until relieved in the fourth inning by Dorothy King. Dorothy came into the game with the score 13-10 in favour of the Town Inn and was unlucky enough to be the losing pitcher.

Lil Karstovsky was the East York Kiwanis choice as the starting hurler and was relieved in the bottom of the fifth by Jenny Wingerston. As East York had a 15-10 lead going into the last of the fifth, Lil gets credit for the win.

Marg Bain, playing left field for the local ladies had a good night in the field making two nice running catches. Marg slammed out a double in the first inning to help the Town Inn cause. Mary Sanderson at third played fine defensive ball and smashed out a long triple in the fourth inning. Esther Bell Helen Vine and catcher Peg Hopkins all played good ball for the Town Inn.

For the East York girls, Marilyn Robertson, Terry Hanna and Jill Christie played good baseball. Come on out next Monday night and get in on the draw. Mrs. Dennis Needham of Wilcox Lake was the winner of a fine wallet. The lucky number draw was made by Plate Umpire Bill May, who along with Dave Joslin on the bases called a good game.

STOUFFVILLE: Last Sunday the little frame Quaker church three miles west of Uxbridge marked its 150th anniversary.

Local Hockey Assoc. Busy Planning Next Season

Early in the spring at a general meeting called for anyone interested in hockey, a new hockey association was formed. The minor hockey league and the Little N.H.L. league had decided to combine their efforts and in doing so, bring all hockey in Richmond Hill under one governing body.

At this meeting the following officers were elected for the coming year: President, Mr. Harold Mills; Vice-President, Mr. Elgin Barrow; Secretary, Mr. John Gropp; Treasurer, Mr. Bob Pimm; Registrar, Mr. Fred Waters; plus the following directors who are to act as governors for the following groups: Mr. Eric Charity, A.H.L.; Mr. Barry Brent, Minor; Mr. Bob Jackson, N.H.L.; and Mr. Lorne Prosser, Jr. "A".

The executive will also appoint a director each year to be referee in chief, and also a past president, Mr. James Grainger was chosen for the first position and Mr. Dick Piller who was last year's president of the minor league will be the past president. Mr. Brydon Ellis was appointed the Assistant Statistician.

Since then the executive has been meeting once a week in drawing up a new constitution and by-laws. They are arranging for ice time next season. They are pleased to say that the new by-laws should be ready for all to read at the next general meeting in September and that they have secured double the amount of ice time for next season that they had before.

The new association expects to register over 600 boys for hockey this coming season and they will be registered sometime in the middle of September. All boys must register before being allowed on the ice. Date of registration will be in "The Liberal" beforehand. All boys under the age of 10 as of August 1 will register with the Jr. A teams. Boys under 12 as of August 1 will register with the A.H.L., and under 14 by the same date with the N.H.L. Minor hockey will register all boys under 17 as of August 1. The association is also glad to announce that they expect to have their own ice time and will consist of all beginners in learning the fundamentals of the game.

There will also be a juvenile Rams team, midget Blue Liners, bantams, and All-Star peewee teams. These teams will be entered in leagues outside of the town and will be affiliated with the Minor Hockey Association and the Ontario Association and so will become the first Richmond Hill Hockey Association affiliated with all the Ontario Hockey Association.

So with 32 hockey teams, it looks like a big year for hockey in Richmond Hill and the association will need the help of not only all the parents of these boys but also the help of many of the local residents and merchants in town. The cost of ice time, programming, equipment, and insurance is a big problem, but the association has planned ahead. With the help of all the people in Richmond Hill, they can see their way through their obligations. They can assure all those interested of seeing good hockey from next October on.

Murray Thompson, Wimbridge Cleaners' slight, bespectacled right-hander, fashioned a five hit ball game over the nine-inning distance on Tuesday night, June 23. This is the first time this season that Thompson has lasted through the whole game. Murray was seldom in trouble as the five hits were well scattered and he struck out eight and walked two men.

Jon Bunn, throwing from the port side for Wilcox Lake had his troubles at times. Jon gave up 12 hits, two of them home runs, struck out three and walked two. Sonny Needham, in centre field for the Lake, played heads up baseball and pulled off two sensational catches to rob the Cleaner team of sure hits.

In the bottom of the first inning Wimbridge third baseman, John Dunn, drove a long, long home run over the head of Needham in centre to bring in three runs. Jim Gregory, catching for Wimbridge belted one over the left field fence in the sixth to drive in two runs.

Lennie McLean, Cleaner shortstop, made two very fine defensive plays on hard hit ground balls and at times was roaming into centre field to make catches on fly balls. Don MacMillan, at third base for the Lake team played good steady ball. In the seventh inning Don made a sensational one hand grab off a line drive by left-fielder George Vacheresse.

The same George Vacheresse played starry left field and on two occasions made catches hard against the left field fence. There was a good crowd in attendance and the fans were treated to a good ball game with lots of bat work and fielding gems galore.

Following a supper of barbecued hamburgers (barbecued is a fancy word for burnt) etc., the party broke up to return to Richmond Hill with everyone agreeing that this was the best drill ever. The parents present enjoyed themselves thoroughly and seized the opportunity to become better acquainted.

Winning pitcher: Murray Thompson.
Losing pitcher: Jon Bunn.
Wimbridge Cleaners: 9 runs, 12 hits, 2 errors and 2 home runs (Dunn, Gregory).
Lake Wilcox: 3 runs, 5 hits, 2 errors.
