Doncaster Lot

In a biting attack delivered Monday, Mr. Cecil Russell of Doncaster accused Markham Township Council and Planning Board of treating a Doncaster widow and wife of a former veteran in an "unfair and unjust manner."

The matter concerned the sale of the property owned by the widow at lot 42 on Clarke Avenue. Mr. Russell said the planning board had refused the widow permission to sell a lot 100 feet by 413 feet in size, and instead would only allow her to sell one 146 feet by 125 feet. Yet the planning board permitted the person owning property next door to sell an identical lot 100 feet by 413 feet in size.

Continuing Mr. Russell said the individual buying the 146 by 125 foot lot from the widow had built a house on one side of the property leaving a lot 73 feet by 125 feet for sale. As township legislation requires that a building lot have a minimum of 15,000 square feet, sale of this lot would contravene a township by-law.

Reeve W. L. Clark stated anyone buying a lot this size would be unable to secure clear title to the property. "Any purchaser of a piece of property should first search the title", remarked the reeve.

York County Council Highlights

Following the report of the Property Committee presented by Reeve Floyd Perkins, chairman, a new maintenance depot for the Toronto and York Roads Commission, was voted for over an hour at last Friday's meeting of the June Session of County Council. The special property committee had recommended that the present building occupied by the Commission (at the county building, Newmarket) be extended and that the new maintenance depot only should be located on the Don Mills Road, south of Buttonville at Pleasantville.

Don Anderson of Georgina Township said the depot should be on the present site of the County Council building saying, "We told the ratepayers we are consolidating service, when we built this county building. There may be some advantages in having it down there. If we can save money by doing so I'd agree - but I can't see it at this time."

Reeve Ken Wagg said the site was in the centre of the Toronto and York Roads position, but he was also opposed.

Reeve John Perry moved the question be held over for a further session. Warden Hodgson was called for a recorded vote which was 13 to 10 for its establishment at Newmarket.

Snow plowing expenses were approximately forty per cent higher for the first four months of this year than for the same four months in 1958. County Council was told by the committee of the Toronto and York Roads Commission. The overall cost of labour, materials and machine time was two and one-half times as great this year as the cost was during the corresponding period last year.

The Board of Transport Commissioners has issued an order according to the Commission's application, directing the installation of a new standard automatic signals at the C.N.R. crossing of Bayview Avenue, south of Highway No. 7.

In the Towns of Newmarket, Aurora and Richmond Hill, the Commission has agreed to pay the entire municipal share of the cost of maintenance and operation of all standard type signals.

Studies are now under way and preliminary discussions have been held with engineers of the C.N.R., following resolutions received from the township of King, the police village of King City and the Women's Institute of King City, for a study of the crossing where a fatal accident took place recently. County Council will receive a report at a later date.

"As Warden of the County, I would like to express our thanks
