

King City, Oak Ridges Lake Wilcox

"The Liberal" is always pleased to publish items of interest regarding people and events in the Oak Ridges-Lake Wilcox and King City districts. Our news correspondent in King City is Mrs. William J. Houston, telephone King 205M; and in Oak Ridges-Lake Wilcox, Mrs. Elizabeth Orton, Aubrey Ave., phone PR. 3-5610.

Oak Ridges, Lake Wilcox Socials

The Oak Ridges Cdn. Legion Flying Day held Sat., June 13th turned out to be just that for Oak Ridges Public School students. Their athletes managed to retain possession of the Atkinson Memorial Challenge Trophy for most points scored in track and field, also High Senior Boy and Girl and High Junior Boy and Girl. The baseball trophy was also won by Oak Ridges A's who beat S.S. No. 7. A fly in the ointment however was caused by Lake Wilcox B's beating Oak Ridges B's. This event was arranged and supervised by Legionnaire Charlie Swan with co-operation from the teachers of the three participating schools.

Roller Skating Rink

The Oak Ridges Legion also has another enterprise rolling at the present time, a Roller Skating Rink, and the children and I may say oldsters of the district are on wheels quite a few times a week now. Sessions are held nightly from 7.30 p.m. Monday thru' Saturday with young folks in the afternoons and teenagers and adults in the evening.

Graduation Banquet

Another school year has drawn to a close and on Wednesday evening June 24th the annual Graduation Banquet and Dance was held for Grade VIII pupils. Students and their parents joined with the teachers to enjoy a delicious chicken dinner at the Ridge Inn. Grade VIII students joined the party at dance time. Guests at the head table were the Principal, Mr. L. W. Jeans and Mrs. Jeans, vice-principal Mr. Cliff Bell, school inspector Mr. Adams and Mrs. Adams and Mr. and Mrs. O. Miller, vice-principal of Aurora and District High School. After welcoming the guests and introducing them to the students and their parents, Mr. Adams addressed the students. In his address he asked the boys and girls to remember that education is a triple process; education of the mind, body and heart. He asked them to do their best with their future education. Mr. Adams asked the youngsters to remember that there is no easy way to acquire knowledge, but was available to children from all walks of life in equal quantities and of equal value to all. Following these short words of advice Mr. Jeans called on Linda Mayhew to give the valedictory speech. Linda had previously placed second in the York County Oratorical Contest for Grade VIII students. Mr. Jack Blyth of the School Board explained the origin of the Edna Lowndes Memorial Trophy and asked Mr. J. Lowndes, a son of the donor, to present it to this year's top boy and girl student—Gayle Connor and Gordon Appleton. A small replica becomes the personal property of Gayle and Gordon and the larger trophy is displayed at the school. Mr. Miller addressed the graduating class and welcomed them to the Aurora High School next September.

He explained they would find a new set of rules and regulations to guide their future education. Mr. Miller also referred to a previous class from Oak Ridges who had set a high standard for the students of other Districts to follow. The evening closed on a

gay note with students and parents enjoying the dance. Funds for the Banquet were furnished by the Home and School Association, the School Board and the Lions Club. Arrangements were made by Mr. Jeans, Mrs. J. Blyth, Mrs. J. Smith and Miss L. Hopkins.

No Swimming Lessons
Very regretfully the Community Centre Committee of Oak Ridges and Lake Wilcox have not been able to sponsor the Swimming Lessons, which have been such a success over the past few years. This is due to an apparent shortage of capable, fully qualified instructors. Anyone who has the necessary requirements and would be interested in this very worthy project is asked to contact Mrs. J. D. Smith PR. 3-5378 or Mr. G. Day at Davis and Day Drugs as soon as possible.

Honour Minister
Friends numbering close to 100 attended a going away party in honour of Rev. Allan Hiese and Mrs. Hiese on Monday evening June 22nd. The event was held in the basement of Brethren in Christ Church, Aubrey Ave. Rev. and Mrs. Hiese are leaving their work in this community to assume a new parsonage in Hamilton. Both Rev. Hiese and his wife have been very active members at Oak Ridges since the beginning of the Brethren in Christ Church twenty years ago. Mr. Hiese has been assistant pastor, Sunday school teacher and Adult Sunday School Leader.

Rev. Allan Hiese was presented with a Concordance Bible and Mrs. Hiese received a beautiful Tri-life lamp.
The Bible School sponsored by the Brethren in Christ Church Aubrey Ave., will commence July 6th thru' to July 16th commencing at 7 p.m. A bus will be used to pick up the children from Temperanceville, Oak Ridges, Lake Wilcox in that order and return them to their homes, the bus is well supervised and all children are welcome to arts and crafts, games, contests and of course, Bible Study.

A few years ago the Trustees urged that the Post Office officially adopt the name to eliminate any confusion. Postmistress Mrs. W. F. McDonald reports on June 9, 1953, she had the Post Office sign changed from "King" to "King City" after being notified by the Post Office Department.
The village's CNR station still carries the lone name of King.

Among many weddings taking place in June was one uniting Miss Margaret Donnelly, daughter of Mr. and Mrs. Charles Donnelly, Elm Grove Ave., and Mr. Norman Roberts, son of Mrs. Roberts and the late Mr. Roy Roberts, Yonge St.
On Saturday evening, Mr. and Mrs. Tony Atemichuk, Elm Grove Ave., were taken out by relations only to return a short time later to find about twenty neighbours had taken over their home. The occasion was a going away party. Mr. and Mrs. Atemichuk were a pair of popular teachers at the Oak Ridges Public School, but are moving out West. Following the party the neighbours presented them with two beautiful landscape paintings and wished them well for the future. Arrangements for the party were made by Mrs. Jack Atkinson, Elm Grove Ave.

Library before it was changed from an association to public library early this year.
A native of Scotland, he is a much-travelled civil engineer, who enjoys reading travel books in any spare time.
He and his wife, Marie, have lived in the district the past 11 years and with their daughter, Gail, are now residing on Springhill Road.
Trustees had received six applications for the advertised positions.

STOUFFVILLE: With the recent hot weather, the draw on the local water supply mounted to a quarter of a million gallons a day and reservoirs were depleted to a dangerous level. The new and larger pumps were immediately brought into play and the supply restored, but to curb any further sudden depletion, the Stouffville Public Utilities Commission has issued restriction orders on the use of lawn taps for watering.

King City Notes

Moving

Dr. and Mrs. James McPhee have purchased the Dr. H. J. Barrie farmhouse next to King City School and expect to be moving with their four children, Mary, Bruce, Ross and Charles the end of July.

Farewell Party

Mrs. Henry Gillham of King St. entertained Saturday afternoon in honor of Mrs. McPhee, Mary and Bruce, who have been her piano pupils.

The McPhee family made a presentation to their teacher and Mary and Bruce received gifts after entertaining with piano and vocal selections.

Mary played two piano solos and held a nosegay of pink and white roses with forget-me-nots while she sang, "In the Garden," "Moonlight and Roses," and "I Know a Lovely Garden."

Bruce played two piano numbers and sang, "A Brown Bird Singing," "Oh What a Beautiful Morning," and the children's marching song. Mrs. McPhee gave two piano renditions, and was presented with a bouquet of yellow mauve and bronze mums by her daughter.

Flashlight pictures were taken to record the occasion. Among those attending were King St. neighbours Mrs. James Watson, Mrs. Elmer Hadwen and Mrs. Carl Heder and Mrs. Alfred Gillham from Strange.

Church Picnic

Some of the public school beginners had two picnics in one day as they went on to festivities on the lawn of All Saints' Anglican Church.

Sixty-five present and future members of the Sunday School, plus parents, participated in a program of races, games and supper at tables set outdoors by the evergreens.

The children ran straight races and showed their skill in transporting peanuts on knives. Mothers sportingly attempted a backwards race. Numerous prizes were awarded, including plastic sailboats and rubber balls for the boys and plastic purses for little girls.

Older members of the Sunday School went over to King Memorial Park for a ball game.

Supplementing assorted sandwiches brought by the picnicers, members of the Evening Branch W.A. who arranged the picnic supplied cookies, numerous iced cakes, ice cream cones, soft drinks and tea. A few fathers joined the gathering.

Park Picnic

Miss Helen Nigh took her Grade two pupils on a picnic in King Park.

Trustees & Council To Co-Operate Future King City

In reply to King City Village Trustees' June 1 letter to King Township Council, asking council to consider with trustees whether the police village should enlarge and incorporate, or revert to status of hamlet, Trustees received written confirmation of willingness to co-operate.

At the village trustees' June 22 meeting, Trustee Ronald Bolton read the following letter signed by Township Clerk Harold Rose and dated June 19:

"Council wishes me to assure you that they will be most happy at all times to discuss with you any phases of the development, not only of the Police Village of King City, but its immediate environs."

"As you know, following the decision of the Ontario Municipal Board, Council instructed the planning board to ask Mr. H. A. Babcock to make an engineering study of the area to determine what services would be required and in his judgment, the estimated cost would likely be," wrote Mr. Rose.

This study was undertaken in accordance with the duties of Council and the planning board under the Ontario Planning Act. "At the time council instructed the planning board to proceed that council was doing this for the benefit of the residents, not only in the King City area, but also as a guidance for the future development of the Township at large and that the results would be available for study as soon as they were received and adopted.

Politics Excluded
"While it is true that the engineer has come to council from time to time asking for further information, it is quite untrue to suggest that council and planning board have been having private meetings on the political future of the King City area.

"I am requested to point out that Mr. Babcock was not instructed to make any recommendation with respect to the administration of the area. "His report has just been received and I am instructed to advise you that as soon as it is adopted by Council and becomes official, a copy will be delivered to you.

"I am also directed to say that council and planning board are in complete agreement with you that our objective is to arrive at something which is in the best interests of the ratepayers in the area and both bodies regret that there might be a feeling, as suggested in your letter, that there is any form of competition. "The council would also like to draw your attention to the fact that it did not spend any monies opposing your application for incorporation.

No Extra Costs
It was presented at the hearing by its solicitor and its auditor, but the services of these gentlemen did not involve the

Problem of Pressure and Controls

King City Has Sufficient Water Supply On Hand

King City has sufficient water, but the waterworks system has problems of pressure and controls, reported Waterworks Commissioner Ronald Bolton at village trustees June 22 meeting in the Fire Hall.

In the absence of Chairman Donald Findlay, Mr. Bolton presided. He and Trustee Mrs. Mary Scott voted to spend around \$2,000.00 to install a telemeter to control the level of water in the tank and keep the water pressure more uniform.

"All the pressure there is, is standpipe pressure," explained Mr. Bolton. "The telemeter won't increase the present pressure of a full tank, but it will keep the water from dropping and lowering pressure. The main pressure control now at the pump, would go on at the tank."

Among the eight ratepayers were Clearview Gardens representatives, who reported parts of their subdivision had low water pressure.

Asking about water consumption Heritage Park Chairman Bruce Hall was told at present an average of over 100 gallons per person per day was being used. In winter about half that much is used in the village.

Mr. Bolton said the second well is guaranteed to produce 100 gallons a minute the year round. Both wells are being used, but the first well does not have a meter to indicate what it is supplying.

On current hot days the 1,300 population is using 170,000 gallons daily, reported Mr. Bolton. "Before long we will need a third well and should start drilling this year," he advised.

Protests Decision

Clearview Gardens Chairman George Lawrence referred to township council's decision, following the advice of township solicitor J. D. Lucas, not to assume the subdivision until an injunction was lifted.

"I feel this is a buck-passing deal, inasmuch as the township accepted the plan for the subdivision in the first place," said Mr. Lawrence.

During the discussion Mr. Bolton asked councillors views. Mr. Taylor pointed out, "You wouldn't buy a piece of land with an injunction against it."

The problem stemmed from the November 8, 1956 judgment, which awarded Keele St. residents Mr. and Mrs. James Armstrong \$337.80 with costs after water from the new subdivision ran onto the Armstrong property.

The injunction stipulates "Clearview Gardens Limited, its servants, workmen and agents... are hereby restrained from permitting surface water to drain from lands known as Registered Plan 459, on to lands of plaintiffs, known as lots 36, 37 and 38 in Plan 84... until such time as the local municipality assumes the care and maintenance of the roads laid out and shown in Plan 459." An exception was made for "Acts of God," which are beyond seasonal fall of water.

Considerable discussion pursued whether township would still be liable if it accepted the roads. Councillor Jennings indicated the injunction was the only hindrance to Clearview's first plan being assumed.

Mr. Bolton said the delay meant no extra cost to residents, since it was the responsibility of subdivision Alfred McBride to maintain the roads in the meantime. "All trustees can do is get after him to keep the dust down and the roads in condition."

Mr. Bolton pointed out there had been no flooding in the past two years, with the ditches sodded and culverts kept clear. He thought it would be necessary to have engineers guarantee the flooding danger does not now exist, in order to have the injunction lifted, "but I don't know how an engineer could prove it."

Seek Administrator
Mr. Bolton said of six men applying for the part-time job of village secretary-manager, one had withdrawn, another was a lawyer in Agincourt, and four local applicants had been interviewed by trustees, who wanted a resident to take all-hour phone calls.

After Heritage Park Chairman asked about having a water ditch cleared, Roads Commissioner Mrs. Scott explained Mr. A. E. Kelley had been told by Township Supervisor Chalmers Black not to proceed yet with the work.

When trustees consulted Councillors Jennings and Taylor, both on township road committee, Mr. KESWICK: York county council has authorized the first steps to a bridge over the Holland river, which would cut 12 miles off the present 45-mile route from Keswick to Barrie.

SCOTIA PLAN CHEQUE-CREDIT

The Bank of Nova Scotia's new system of "revolving" credit

Last year the BNS introduced SCOTIA PLAN LOANS. The response was so enthusiastic, the BNS now offers a second kind of Scotia Plan credit — also life-insured at no extra cost to you.

5. Your monthly payment is one-twelfth of the amount of credit you have used, so far.
6. As you make a payment, the amount of the payment becomes available again for your use.

How Scotia Plan Cheque-Credit Works

1. Select a monthly payment that you can afford. You then apply for twelve times that amount.
2. When your application has been approved you receive a book of special cheques.
3. Use these cheques whenever you need funds—good anytime, anywhere in Canada.
4. Each month the BNS sends you a statement of cheques written, payments to be made, and the amount of credit still open.

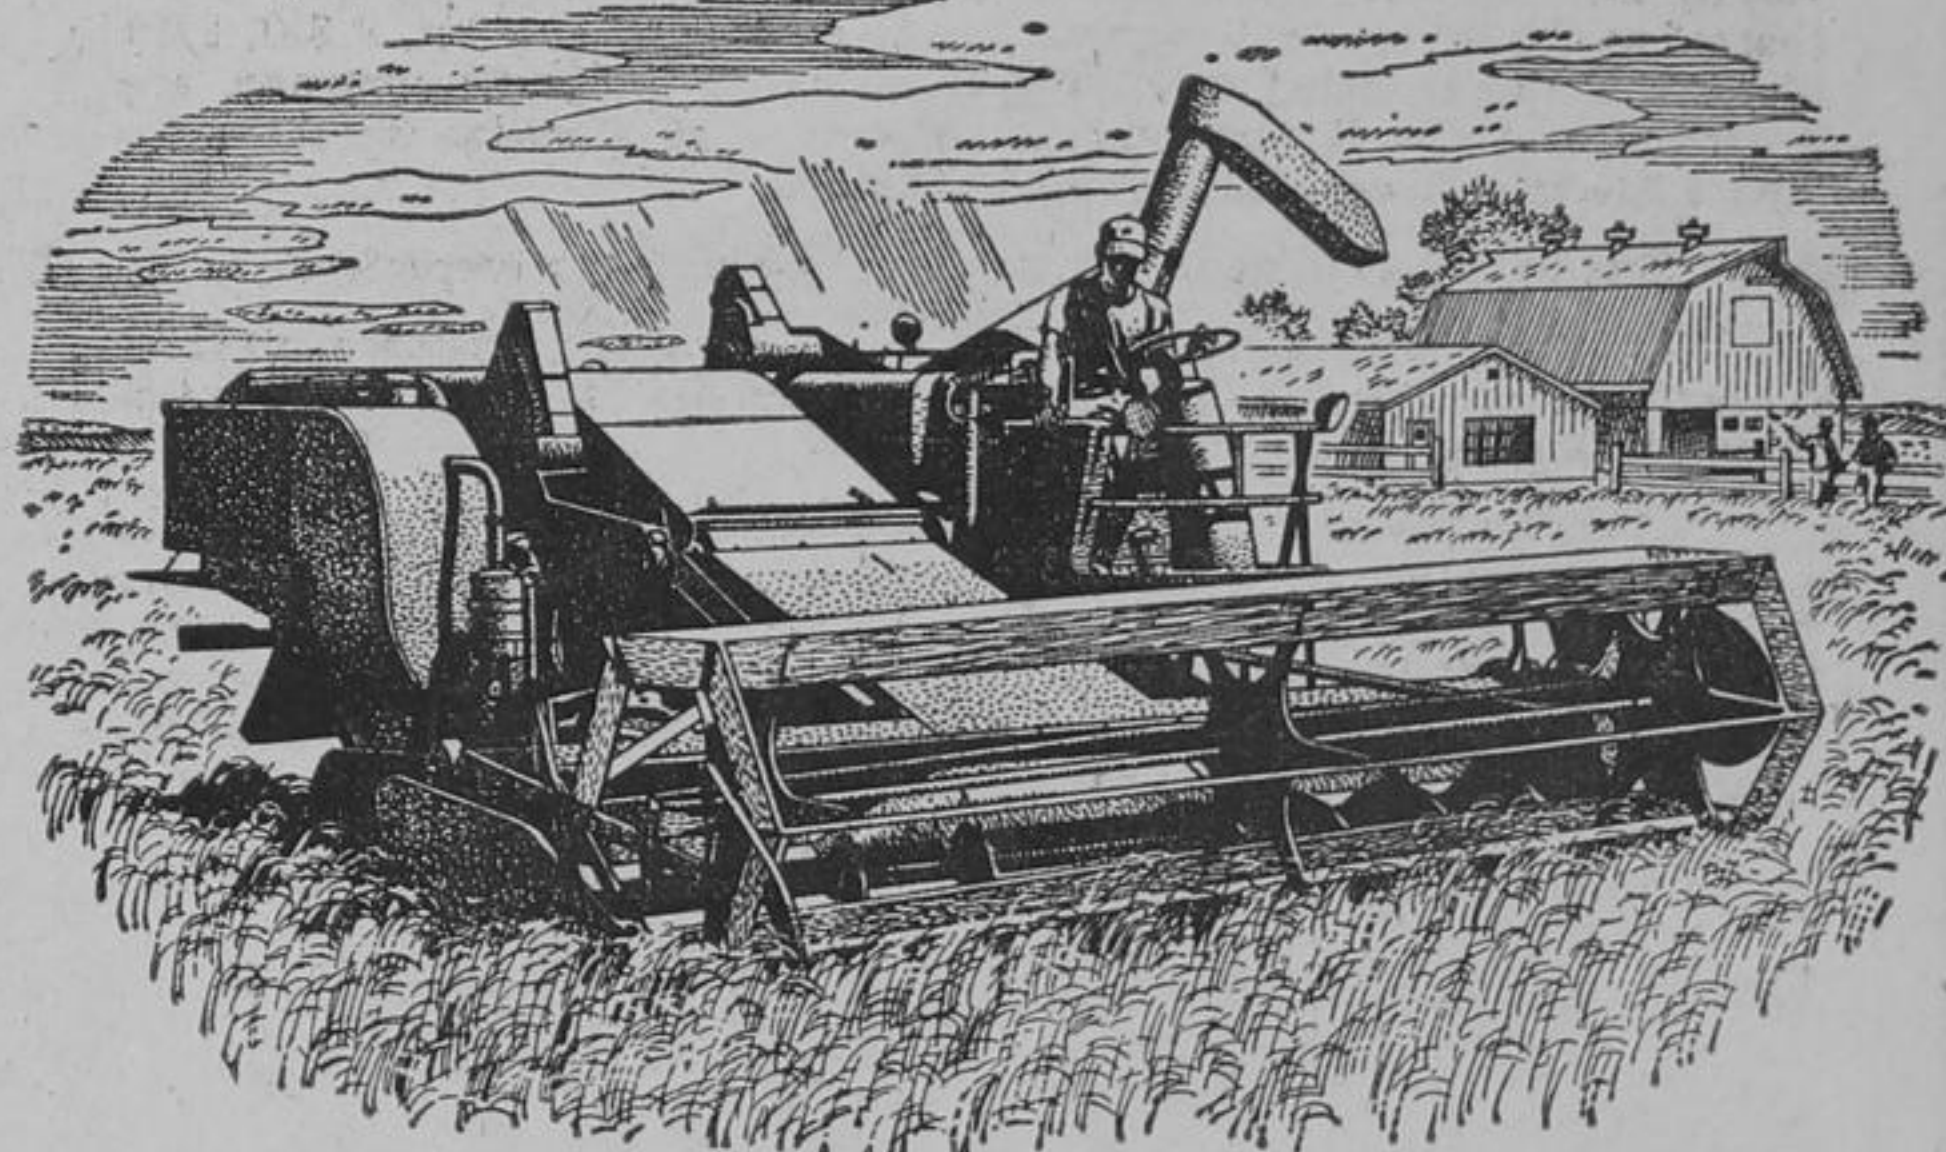

EXAMPLE:

Assume you are eligible for Cheque-Credit up to \$600. You write a cheque for \$100. Your monthly statement from the BNS will indicate one cheque used for \$100, a payment due of \$8.33 (1/12 of \$100), a charge on the \$100 of 50¢ per month, and credit remaining of \$500.

Find out all about Scotia Plan Cheque-Credit at your nearest branch of the BNS, soon. Ask at the Scotia Plan Department.
