### THE PRESERVING KETTLE

by Frances Barton of GENERAL FOODS KITCHENS

There's a special sparkle, a satisfying tartness to cherries that makes them welcome in every jam cupboard. You'll find this quick, sure recipe results in Cherry Jam that always sets perfectly, and tastes as tempting as it looks!

### CHERRY JAM

4 cups prepared fruit  
about 2 lbs. ripe sour cherries,  
7 cups (3 lbs.) sugar  
1 bottle Certo fruit pectin

First, prepare the cherries. Stem and pit about 2 quarts fully ripe sour cherries. Chop fine. Measure 4 cups chopped fruit into a very large saucapan.

Next, make your jam. Add sugar to fruit in saucapan, mix well. Place over high heat, bring to a full rolling boil. Boil hard 1 minute, stirring constantly. Remove from heat, stir in Certo at once. Skim off foam with metal spoon. Stir and skim for 5 minutes to cool slightly, and to prevent floating fruit. Ladle into glasses. Cover at once with 1/2 inch hot paraffin. Makes about 11 medium glasses.

Maybe you're just a bit confused about this special called pectin! If so, let me explain: Pectin is simply the jelling substance found in all fruits in varying amounts. Certo is pectin extracted from fruits rich in this natural substance, then refined, concentrated and performance-controlled. Certo and the Certo tested recipes make your jam and jelly turn out exactly right.

You'd enjoy seeing our free 12-minute Certo film called "Jelly and Jam Session", which shows a homemaker like yourself making jam and jelly by the modern Certo method. This 16 mm. film is in full color, with sound, and I'll be happy to lend you a free print if you'll just write me—Frances Barton, General Foods Kitchens, 44 Eglinton Ave. W., Toronto.

Don't hesitate to drop me a line, too, if you run into any problems in your jam and jelly making. I'll do my best to help. And watch for my next column, with another failure-proof preserving recipe.

set of four glasses.

Including proud parents, about 50 attended the chicken dinner, some of the students going on to the Richmond Theatre.

While the number of building permits issued for the first six months is down by 19 from the same period last year, the total value of new buildings in King Township is up substantially, reports Building Inspector Charles Ross.

Up to the end of June this year, Mr. Ross gave out 177 building permits, of which 104 were for new houses, one a service station, two for schools and 70 for garages and other additions. Last year's permits totalled 196.

Total estimated cost of 1959 building to date is \$1,396,501, while total value of building for the same six months' period last year was \$1,363,765.

Mr. Ross noted more individual builders and fewer developers sought permits this year. With two of the current homes valued at \$40,000 each, the building inspector thought the generally higher priced house erected by the individual owner accounted for this year's overall financial increase.

## Trustees Appoint A Part-Time Constable

For the first time, King City has part-time constable policing the village exclusively, with the July 1 appointment by the village trustees of Mr. William Jensen.

Among Mr. Jensens main duties will be traffic control.

He is familiar with village administration after serving half a year as trustee in 1955, when he was appointed by Trustees Robert McLeod and Alex Campbell upon the mid-term resignation of Donald Findlay, Q. C.

The new police officer headed the Firemen's Association two years ago and for a year he served on the Board of King Memorial Library.

He built the Jensen Building on South Keele St., and after selling the beauty parlor portion still owns the rest of the building.

His wife, the former Joy McQuarrie of Maple, used to operate the hairdressing business. They have two sons, Peter 1 1/2 years, a 1 Jerry, five months, and are living on King Sideroad on R.R. 3. Mr. Jensen may be reached at PRospect 3-5757.

Trustees point out that Mr. Jensen's services are part-time and a 24-hour police coverage is not assured through this measure.

Operating through the township office, King Township Council has Chief Constable Harold Russell on duty daily, with Constable William Davis on call as part-time officer. Bond Lake Detachment, O.P.P. investigating criminal offences.

MARKHAM: Thirteen years of faithful service was recognized by Central United Church and the members of Ebenezer in a special service to honour Rev. W. and Mrs. Butt.

## Oak Ridges, Lake Wilcox Socials

### Crusaders For Christ

A "Singspiration" was held on Sunday evening at the Aurora Town Park under the sponsorship of the Lake Wilcox-Oak Ridges Crusaders for Christ. This is the new name taken by the executive of Aurora and district Youth for Christ, which has sponsored these open air meetings for the last five years. The only change is the name, the policy remains the same.

Mr. and Mrs. George Patterson and Diane of Bayview Ave., Lake Wilcox, attended a family picnic on Sunday. It was held at Mazinaw Lake and 140 relatives were present.

### Another Champion

The Glen-El-Tee Kennels, on Yonge Street, have added another champion to their list. Champion Glen-El-Tee's Golden Joy finished her championship at 11 months of age at the recent Hamilton Kennel Club show. She is a Shetland Sheepdog and came with ribbons for winning 1st open female class, winners female, best of winners, best of opposite sex and best puppy in breed. She is temporarily retired to await the

arrival of her puppies. The number of champions at the kennels now is 6.

Don't forget there is still time for the children to enjoy "Adventuring with Christ" at the Vacation Bible School, Brethren in Christ Church, Aubrey Avenue. The bus picks up and delivers the children from Temperanceville, Oak Ridges and Lake Wilcox. Classes commence at 7 p.m., close at 8.30 p.m.

Many of the children are taking advantage of the fact that swimming lessons are being held at the new Aurora pool. As yet the Community Centre Committee reports no response to their plea for swimming instructors here.

### Missionary Sunday

It was Missionary Sunday at the Brethren in Christ Church this past Sunday, and Mr. Peter Wilms, a missionary from Japan gave a most interesting talk on the customs and habits of the Japanese. He also brought with him, clothing, utensils, etc., native to Japan. A full capacity congregation had a most enjoyable evening and learned how life is at the "other side" of the world.
