## Maple Notes

**The Rains Came**  
Finally we got ourselves some rain. Hope it perked up your garden and lawn, it seemed long overdue. It's been a wonderfully hot summer for sun bathers but a little hard on the working class.

**Home Sweet Home**  
Bill and June Wilson spent their holiday time doing New York but it evidently was a little overpowering — never again, say they. The same echo was heard across the way from the Hamiltons. Mac and Eleanor cottaged Ottawa way but just starting to relax and really enjoy life after they hit Maple again.

**A Change of Address**  
Dr. and Mrs. P. R. MacFarlane, and family have moved into the old pioneer home of Gordon Line. Their beautiful former home is to be used as the club house when the local flying club completes its plans for expanding in the very near future. Tentative plans sound exciting indeed and as soon as we get more news we will let you in on the excitement too.

**More Holiday News**  
A motor trip to the Lake Nipissing area was enjoyed by Charles and Muriel Rose with Lynda and Grant. They visited the home of the Dionne quintts at Corbeil and took pictures of the nursery and grounds. Some cottage fun was had by all at Belle Ewart with Muriel conquering water skis — well, for a few yards at least. Of course daughter Barbara Cook showed how it really should be done!

By the by — guess everyone knows by now that Phil and Barbara Cook are living in Maple. They have an apartment at Earl Thurston's.

Mr. and Mrs. W. Park and Miss Agnes Couper took a few days off to visit around Tobormory and Alliston. Miss Couper stayed for an extra week and Helen Campbell spent a few days with Grandmama Park.

Mrs. Ellen Thurston flew to Brooklyn to visit her sister while John and Maureen had fun at their Uncle and Aunt's farm in Dunford.

**Visitors to Our Town**  
Dr. and Mrs. John Wells, Lane, Cathy and Barbara from Jefferson Missouri, visited Mr. and Mrs. Art Wells, also Lorne Wells family.

Mrs. Art Wells enjoyed a reunion with a school friend, Miss Jean Macdonald of Toronto, — it had been many many years since they had been together so a lot of reminiscing took place. Mr. and Mrs. Roy Shier brought her along with them.

Speaking of the Wells Sr., they recently took off for Collingwood and Southampton where they visited with friends, then on to Sarnia where they stayed with an aunt of Mr. Wells, Mrs. H. Austin, along the St. Clair River.

This allowed for a recuperation period after the enormous work entailed with the recent election. Mr. Wells was returning officer for the provincial riding of York, and that is a long and tiring task. Mrs. G. W. Bailey's sister, Mrs. Gordon Ross of Montreal, has been spending a few days in our town with Mrs. Bailey. Together they visited Dr. and Mrs. Wm. Callwell — former Maple residents, now living in Brampton.

Mr. Hamilton (Hammy) Johnson with his wife Eleanor and Lynda and Jim were in town preparing their home for new tenants. Spied them enjoying a barbecue supper on the lawn with Marg and Lorne Wells, Saturday night.

Mr. Wills MacLachlan had a visit from his sister, Mrs. Frank Smith of Montreal and from his son Dr. Ian MacLachlan and Mrs. MacLachlan and grandchild Sandy.

Former Maple-ite Mrs. Arnold Rumble of Alliston, whose birthday was August 16, was given a birthday party by her mother, Mrs. Jarrett, Saturday night to which a few friends had been invited. Her son Roy came along too.

**Wish For Speedy Recovery**  
Sorry to hear that Mr. T. W. Guilliat will have to spend some time at Grayhurst Hospital. We hope he recuperates quickly and his stay will be short.

**Tex Maas in Hospital Again**  
Just when we thought Tex was through with such places, we find he was back in last week and had his tonsils removed. Cheer up Tex—that sore throat can't last for long.

**Isn't This The Way It Goes**  
Mrs. Len Shore with Peter, Gregory and Stephan enjoyed Sunday dinner at the home of Mr. and Mrs. Mac Hamilton.

## Edgely Socials

**Birthdays**  
Birthdays are making big news in our community these days. Miss June theirs on August 15, celebrated Young and Jim Ash Mr. A. Tomkow's birthday was August 17 and Mrs. Laura Linn celebrated her birthday August 1<sup>st</sup>.

At a family luncheon at the home of Mr. and Mrs. R. J. Darlington, Mr. Jos. Darlington of Woodbridge was the guest of honor on his 78th birthday. Twenty-six members of the family attended the luncheon.

Amongst the birthday celebrations, two little new citizens have some into our midst. Henry Klippe, son of Mr. and Mrs. Andrew Klippe, was born July 22 and is their second son. Mr. and Mrs. Klippe and family reside on the Findlay Dairy Farm where Mr. Klippe is employed.

James Andrew Howden, fifth child of Mr. and Mrs. Bob Howden was born August 6. Happy birthday to you all and best wishes to the happy parents with their new sons.

**Off To P.E.I. As Judge**  
Norman Bagg left by plane last week for Prince Edward Island where on Tuesday he judged the

**LIBERAL CLASSIFIEDS GET RESULTS PHONE TU. 4-1105**

Jersey show at the Charlottetown Provincial Exhibition. During the next few weeks Norman's judging activities will take him to London Ont. and Texas, U.S.A.

At the present time Norman and Don are preparing about 25 head of Jerseys for entry in the cattle show of the C. N. E. Socials

Master Robbie Ash underwent a tonsillectomy last week and is recuperating at the home of his grandparents, Mr. and Mrs. Chas. Ash.

Mr. and Mrs. Alex Hunter holidayed recently at Lake Kawhigamog. Mr. and Mrs. Ewart Burns and son Ross and Paul Hunter visited with Mr. and Mrs. Ron Burns and their daughters Dianne and Donna last Friday at Lake Simcoe and all went for a ride in Ron's new boat which he won recently in the Weston Lions Club draw.

A large crowd turned out for the sale at the former Garnet Keffer farm and fairly good prices were brought for most of the machinery and furniture offered for sale. A combine sold for \$710.00 and two tractors brought \$725.00 and \$425.00.

When Mrs. Orville Keffer and Mr. and Mrs. Garnet Keffer and family move from the farm on November 1, it will bring to a close a long chapter in the history of this family's occupancy of the farm. Orville has informed us that he has purchased a small farm at Schomberg, but at the present time, Mrs. Garnet Keffer's plans are indefinite.

Mr. and Mrs. R. G. Keffer returned home in July from a month long trip which took them to the Pacific Coast and many points of interest in Canada and the United States. Her many friends are very pleased to learn that Mrs. George Jackson, who had suffered a stroke, is able to be up and about a little each day at the St. John Convalescent Home, where she is a patient.

## BUTTONVILLE

Correspondent:  
Mrs. F. H. Leaf  
R. R. 2 Gormley  
Phone AXminster 3-6188

**Neighbourhood Notes**  
Gordon and Margaret Brumwell are in line for congratulations on the safe arrival of their small daughter, Sandra Lynn. The baby arrived at the Scarborough General Hospital on July 30 weighing 7 pounds 4 ounces. This is the first grandchild for Mr. and Mrs. Reid Brumwell.

Grass fires have plagued firefighters of nearby brigades through this hot dry season, and one on the farm of Art Hill, Finch's Ave., east of Don Mills Rd. on Wednesday evening of last week was halted minutes before it reached two houses — one on the farm property whose occupants were absent, and a second one belonging to Mr. Wm. Miller.

Rev. and Mrs. Morrison Sellar of Owen Sound are on vacation this month. Part of the time has been spent with Mrs. Sellar's mother, Mrs. Robert Rodick and her brother and sister Jack and Mrs. Sellar were in Haliburton.

The square committee of the Victoria Square charge is taking advantage of the absence of Rev. and Mrs. A. F. Binnington to make some much needed repairs to the manse bathroom. New piping and fixtures are being installed; the walls and floor are receiving new tile, and fresh paint and new curtains will complete the picture.

Mr. and Mrs. Woods and their family returned last week from a three weeks' vacation. Mrs. Woods' parents live in Nova Scotia, near Kemptville, so this year the Woods' and their children motored through Quebec and down to the east coast to visit their relatives.

Mr. and Mrs. James McQuay and Mr. and Mrs. Gordon Scott of Oshawa motored to Tobermory, and western Ontario recently, while on a brief holiday. Last weekend Mr. and Mrs. McQuay entertained Mrs. Mrs. McQuay's sister and her family, Mrs. Eva Wright of Toronto; other guests were Al and Beverley Jones and their children; and in the evening they were pleased to have Mrs. L. Scott, Miss Rhea Scott and Mr. Clarence Scott visit them.

Mr. and Mrs. A. W. Miller have been looking forward to a visit in their daughter and her husband, Velma and Don Otis, of Lincoln, Nebraska. They were to arrive here Monday of this week for a two-weeks' stay. Bob and Mary Lou Miller have moved from Guelph now that Bob has graduated from OAC, and are established in Toronto where Bob will finish his Civil Engineering course at U. of T. At present he is at Surveying School at Dorset.

On Thursday evening of last week Mrs. Bryce Jackson entertained at a linen shower for her house guest, Miss Lois Moorthy. The hostess served delicious dessert refreshments, after which the bride-to-be opened her gifts, assisted by Mrs. Brown.

Lois will become the bride of Ross Baker, son of Mr. and Mrs. F. W. Baker of Buttonville, this week-end at a ceremony to be held in Stouffville. The new pavement on the South Road from Oak Ridges to Lake Wilcox cost \$54,000. Whitchurch Reeve Geo. Richardson said. The township pays one-half, the province the other half.

## CONCORD SOCIALS

**Well, Well!**  
That precious, taken-for-granted liquid, water. What an effect it has on our lives! In the spring, there's too much of it, and four or five months later it's scarce as hen's teeth. Most of the wells in Concord are down from their normal level and a few are dry. Why, we've heard of several families who are taking their Saturday night bath at Concord Pool. No soap, please! If it weren't for our cistern, I guess we'd be there, too. Not that we swim in it, but it sure provides ample water for washing (clothes and people both.)

**Signs of Life**  
Last week I asked if anyone was still alive in the Cooper Subdivision, and I am happy to report that there are a few survivors yet. About the middle of last week, we received a card from Jackie Barrett who was holidaying in Quebec with her husband and the girls. They are home now, and Jackie reports that everyone had a marvelous time. Unfortunately her French isn't what it used to be. That's okay, Jackie, we can get lost even in English. The Barretts visited Jackie's brother, Dr. Ralph Cooke and his wife June, who is a nurse, in Montreal, and there lies another story. Not being certain of Ralph's new address, Jackie mailed the card, telling of their impending visit, to June's sister. She would have gladly passed the message on, except that she was on vacation in P.E.I. at the time. As a result, Dr. Cooke was most surprised to see his big sister in the hospital staff cafeteria. Anne, Penny and Sherry Barrett were disappointed too when they saw Aunt June, not in a crisp white uniform, but the "ghastly green" operating room attire. After the initial shock, they all had a good visit.

I am happy to report that the McLeans of King High Drive are

still among us too. Mrs. McLean very kindly called me this week with a barrel full of news.

At the beginning of the month, the McLeans had visitors from Ottawa, Mrs. McLean's sister, Mrs. Betty Hyde and sons, Tony and Christopher. At the present time, Miss Barbara Bambridge, London England, another sister, is visiting the McLeans. Miss Bambridge teaches school in London and goes to University of London four nights a week studying for a degree in psychology. When she has attained her goal, she hopes to work with disturbed children.

Mrs. McLean was very shrewd over the long weekend. She used her guests as baby sitters and went off to Dorset with Mr. McLean. This is only the second time since they were married that the McLeans have been away without the boys, so we'll forgive your deceptive methods, Margaret.

Mr. and Mrs. Tony Kenneth and family have returned from a holiday at Cobocok.

There is a lot of building going on in the Cooper Subdivision, too, Mr. and Mrs. Grant Cooper's new home on Concord Avenue is about ready to be occupied.

Mrs. James Snider, Woodbridge is building a home on King High. Mr. and Mrs. Wm. Lacey of King High Drive, have built a lovely new home on Leaside Avenue and hope to move into it at the end of the month.

**Back to Nature**  
Jack and Marion Bateman and family returned recently from a camping trip to a place called (I think) The Pinery, near Grand Bend. Had a wonderful time at this newly-opened camp site.

Last weekend the Ors and the Days went camping at Sibbald Beach, a Provincial campsite. They too had a wonderful time, despite the rainy weather.

## CARRVILLE NEWS

CORRESPONDENT: MRS. BERT MIDDLETON  
Telephone Maple 130R3

Services will be held at the Carrville United Church on the last Sunday of August, Dr. E. B. Eddy will be in charge of the services August 30, and the first two Sundays in September 6 and 13, before he leaves for his new charge at Hespeler.

The Thornhill Pastoral Relations Committee has had several meetings, but has come to no definite conclusion as yet about a minister for the charge.

**Personal Shower**  
Miss Mary George, bride-elect, was guest of honor at a very lovely personal shower at the home of Mrs. John A. Baker and Dorothy Baker, who were hostesses for it on Wednesday evening. Mary was the recipient of many lovely and useful personal gifts and this shower was a complete surprise to her. She was assisted by her sister, Miss Carol George, Richmond Hill, who read the gift cards.

The hostesses served a very delicious lunch, bringing a pleasant evening to a close. Those present: Mrs. C. White Snowball, Mrs. R. Sommerville and daughter Susan of Glenville; Mrs. L. Penny and daughter Christina of Unionville; Mrs. E. Anning, Mrs. E. Boynton, Mrs. M. Wilson, Mrs. Al Wilson, Mrs. Wm. Jordan, all of Richmond Hill; Mrs. Jas. Ash of Moorefield; Mrs. J. McCarthy, Mrs. A. Read, Mrs. J. McEwen, Miss E. Wickson and Mrs. R. Middleton of Carrville; Mrs. Grant Dewery and son Donald of Stouffville.

Mr. and Mrs. Jack Barton accompanied Mr. and Mrs. David Barton and Bonnie of Beverley Acres when they called on Mrs. John Ash Sr. of Concord, known by all as Grandma Ash, who celebrated her 86th birthday on Wednesday, August 12, in the evening.

Mrs. Jas. Ash and Donna Lyn Ash returned to their home at Moorefield after spending several days last week at the Bert Middleton and Chas. Ash homes, when Robbie Ash was in Branson Hospital where he underwent a tonsillectomy. He is still re-

cuperating at the home of his grandmother, Mrs. Chas. Ash, of Edgely, and expects to go home the end of the week.

Mr. and Mrs. George Wood and daughters, Karon, Cathy and Beverley spent a week camping, part time at Algonquin Park and at Carson Lake. They enjoyed it excepting at meal time when they were bothered by bees — which seem to be very plentiful in those parts.

Mr. and Mrs. Dick Greenfield and children, Ricky and Anita, spent several days in Detroit on their holiday, visiting Mr. and Mrs. D. Marshall.

Mr. Stanley Wood and Andrew and Mr. and Mrs. Geo. Pitts visited on Sunday with Mr. and Mrs. Alex Lutez at St. David's.

Mr. and Mrs. John Wight and children Stewart, David, Margaret and Leonard of Keswick visited with Mr. Albert Middleton and Myrtle on Friday.

We were very sorry to hear of the unfortunate accident that Murray Winger had last week in getting his eye injured at work. He is in Branson Hospital, and we are glad to know that his sight was not injured. We hope he will soon be up and around again.

Mr. and Mrs. Jack Barton and John and Miss Charlotte Gardiner of Toronto had a picnic supper on Sunday with Mr. and Mrs. Walter Bulley and Michael at their home at Myrtle.

Mr. and Mrs. Tom Knight and Christine Knight of Doncaster spent Friday evening with Mr. and Mrs. Jack Barton.

**MARKHAM:** Following opposition from ratepayers from Boyington Heights, Markham Village Council will not give permission for a temporary sewage disposal unit until the permanent system and west trunk are assured. It should not be more than a year before a disposal plant is constructed; and the west trunk could be laid in about three months.

## TV Star To Open Dance Studio

Among the many new residents who have moved to Richmond Hill during the summer months is Dennis Moore, who represents one half of the internationally known dance team of "Dennis & Maxine." Mr. Moore, plans to open a dancing school in Richvale next month, which will cater to both children and adults in the Richmond Hill, Aurora, Newmarket, Richvale, Markham and Willowdale areas. Mr. Moore has travelled extensively through out Canada and the United States making many stage, night club and television appearances. He brings a wealth of experience and artistry to the area. Classes & private lessons in all phases of dancing will be taught by both Mr. Moore and a well trained staff. Further information will appear in next week's issue of "The Liberal."

## "DONT'S" OF WATER SAFETY

Repetition may be tiresome, and especially when someone is being read a lecture; yet there are some subjects where it seems inescapable if lessons important to human life are to be driven home. One of these is water safety. As the experts point out, the danger of drowning is greater than many people realize and it can only be warded off through the constant observance of a few simple rules which cover swimming and boating.

So here, once again, is that tiresome but essential list of "don'ts."

Don't swim for at least an hour after a heavy meal or after drinking much liquid.

Don't plunge into cold water when overheated.

Don't swim alone out of reach of help; an accompanying boat is essential at any distance from land.

Don't dive until sure how deep the water is and whether it is free of submerged obstructions.

Don't venture in small boats without a life-preserver if a non-swimmer.

Don't leave a capsized boat but stay with it until help arrives, because the distance to shore is usually deceptive to the eye.

Don't place trust in inner tubes and the like, for they may go flat. They can also drift far from shore.

Don't play pranks with other swimmers or boaters that may endanger their own safety.

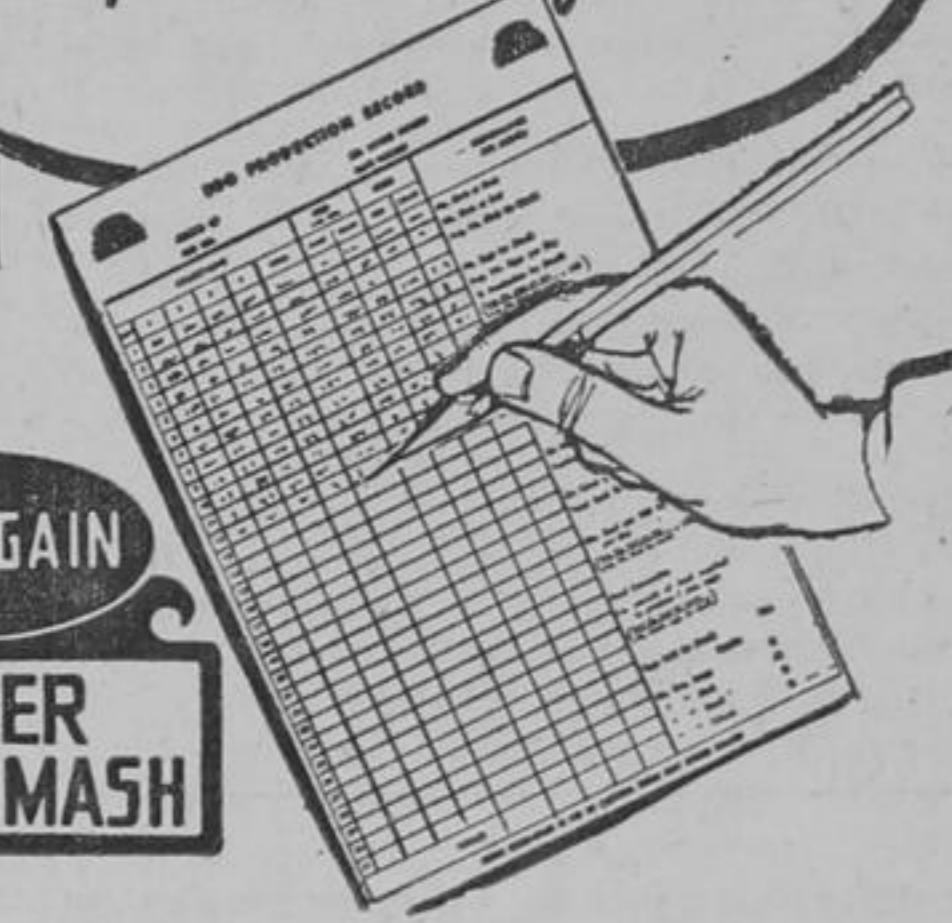

Breaches of one or other of these rules have already led to several tragedies in Ontario this summer. But if every family were to take them to heart the toll from drowning would certainly go down sharply.

"This advertisement published in the interest of a worthy community cause by"

## YOUR OWN RECORDS

will prove the value of SHUR-GAIN

SHUR-GAIN  
SUPER LAYING MASH

There's a saying that goes,

"I'VE GOT TO SEE IT TO BELIEVE IT"

We invite you to do just that. SEE FOR YOURSELF what SHUR-GAIN Super Laying Mash can do for you. Of course to do this you must keep records and we suggest the use of our handy egg production charts.

Remember, the cost per 100 pounds of feed doesn't tell you much. It's the cost of that feed PER DOZEN EGGS PRODUCED that tells you the real worth of a ration. Your own records will tell you how economically SHUR-GAIN Super Laying Mash produces eggs.

Plan now to put your new flock on the SHUR-GAIN program — for better results, for bigger returns. Make sure you ask us for a handy EGG PRODUCTION CHART for your flock.
