

Urges Parents To Join Home and School

By Mrs. Kojala, President York Simcoe Home & School Council

With the holiday season quickly coming to an end, we are once again faced with the problem of school.

To many parents the problem will be a new one, when they are forced to part with their first born and submit him or her to a new environment where he will have to conform, share, live and play with others.

We parents hope and expect understanding, guidance and instruction from the teaching staff, which will help our child to grow into a happy and useful citizen.

Before the parent has recovered from the first shock of parting and become lulled in their newly acquired leisure, they are alerted with another problem!

To be or not to be a home & school member!

Home & school is the largest voluntary organization in Canada. Ontario alone has 144,000 members. It is not a money making organization. It is not meant to be a critical body nor is it intended to interfere with school administration.

The purpose of a home & school association is to create a situation where parents and teachers could study and discuss the needs and problems concerning the education and welfare of our children.

Home and school in action means an ultimate influence and power.

It is responsible for community

climate and public relations. It is a medium which interprets formal education to the average parent.

It is a means of stimulating resources and leadership among its members.

It provides guidance for formation of study groups, buzz sessions, and panels on a variety of topics.

Home and school has much organized subject material available for actual study, discussion or for use in a series of programmes. A study kit has been prepared for topics such as:

Aims of Education
Role of the Home
Teacher Supply
Special Education
Assistance for Students

The council is there to cement together the various home & school associations and to serve as a link between them and the Ontario Federation.

The council is there to assist you in your work and to provide leadership training courses, work shops and area conferences. Do not hesitate to use your council, get to know your council representatives.

Only by a joint effort of all our associations in co-operation with church and community can we promote the welfare of all children.

You are limiting the efficiency and power of your association by not giving it your full support.

Let us not ask: "How much MUST I do?" but, "How much CAN I do?"

Birthday greetings to Ian Miller, Doncrest Rd. who celebrated his birthday on Monday, August 17th.

Congratulations also go to Ian for his swimming successes at Thornhill Pool on Thursday August 13th. He came in third in the back stroke competition and also passed his tests with his brother Jimmy which puts them into the Intermediate Class. Keith Miller wasn't left out either, he passed his test and now goes into the junior class. Keep up the good work boys.

Mr. and Mrs. Leonard Hutchinson and their daughter Lynne of Doncrest Rd. accompanied by a friend from Toronto, Miss Miriam Clavis, have recently returned from a very interesting visit to Stratford. While there they attended a concert, saw both the plays "Othello" and "As you like it," and visited the Shakespearean Exhibits where they have the properties from previous plays, an exhibit of puppets and also one of Eskimo carvings. The highlight of this trip for Lynne and Miriam were these carvings, they both purchased some using all their savings to do so and made friends with the carvers themselves, obtaining their names and addresses both in English and Eskimo.

We are pleased to hear that Mrs. Rose, Garden Avenue — formerly of Doncrest Rd. is now out of hospital and on the way to recovery.

Mrs. Igmundsen, Bayview Ave., is at present in Branson Hospital. We all wish her a speedy recovery.

Congratulations to Mr. and Mrs. H. A. McMaster on the birth of a baby boy on Saturday, August 15th. Mrs. McMaster is the former Katherine Frazer, daughter of Mr. and Mrs. Gary Frazer of Bayview Avenue.

Miss Beverley Frazer recently returned from a visit to Cape Cod.

Mrs. S. Trenka entertained at a Trousseau Tea on Saturday, August 15th, in honour of her daughter Nancy whose marriage to Wilbur Brumwell took place on Saturday, August 22nd. Visitors were received by Nancy, Mrs. Trenka and Mrs. Brumwell.

The bride proudly displayed her many beautiful shower and wedding gifts and also her trousseau. Mrs. Brumwell conducted the visitors to the various rooms.

Mrs. J. Taylor poured tea for this happy occasion.

Wedding

PULLEN-TOWER

Langstaff Baptist Church was the setting for a lovely wedding between Miss Doreen Pullen and Mr. LeRoy Tower on Saturday, August 22nd. The bride wore a white floor length gown with lace bodice and fingertip veil and carried a white bible. She was given in marriage by her brother, Mr. Ron Pullen.

Mrs. Ron Pullen wearing an aqua ballerina length dress and carrying pink roses was matron of honor.

Two sisters of the groom were flower girls, wearing pink and yellow dresses.

The groom was attended by Mr. Phillip Brown, a Bible College associate.

Following the wedding the bride and groom left for London where they will take up residence.

Mr. P. Carle, Morgan Avenue, while vacationing at Temagami with his family, suffered an injured hand and spent some time in Branson Hospital with a bad reaction to anti-tetanus.

On Sunday, August 23, Mrs. P. Carle, 58 Morgan Ave., left for Midland to be with her mother, who underwent surgery on Wednesday, at St. Andrew's Hospital.

Mrs. H. Debnay, Henderson Ave., enjoyed the company of her sister, Mrs. Baillie and three children of Nakina, Ont., for several days last week.

Mr. W. Stow of Stockport, England, is enjoying a four week visit with his son and daughter-in-law, Mr. and Mrs. J. N. Stow of Henderson Ave.

Brian Dale, Proctor Ave., and Harry Morrison, Sprucewood Dr., left Tuesday of this week for Temagami, where they will be guests of Mr. F. Amone and family at their summer residence. The Amones are from Proctor Ave. in Doncaster.

The Canadian Cancer Society was organized in 1938 at the request of the Canadian Medical Association. One of its main functions is to teach Canadians that early diagnosis of cancer depends on the early reporting of suspicious symptoms to a doctor. It also supports cancer research and gives assistance to cancer patients.

The senior girls of the Doncaster Bible Chapel who attended the Chapel's Bible camp at West Gifford, in the Haliburtons, have returned home, thus finishing the church's summer programme.

On the week-end of August 15-16, the men of the Doncaster Bible Chapel enjoyed an overnight camping trip in the Boyd Conservation Park near Woodbridge.

Honored by two surprise parties were Barbara and Brian Dale, twins, who celebrated their 14th birthday on August 19. One party was given by friends Audrey Drake, Betty Coyle and Maren O'Hare, the other by Terry Adkins, also of Proctor Ave. All are neighbors of the Dales.

A related farewell is extended to the J. Ellicott family, formerly of Morgan Ave., now residents of Newmarket.
