

Mr. and Mrs. D. Geary, following their recent marriage in St. Paul's United Church, Oak Ridges. The bride was formerly Miss Carol Evans of Richmond Hill.

Turn Table Talk

The Romantic Music of Rachmaninoff by Andre Kostelanetz and his orchestra

Rachmaninoff wrote many magnificent melodies, some of the most famous as any in the world, as well known and as celebrated as it is possible for music to be. Some of these are on this record. But there are others, creations of great beauty, that lie like pearls beneath the waters waiting for the hand of the searcher to find & lure them to the surface. Some of these, too, are on this record.

Broadway in Rhythm

Ray Conniff and his orchestra and Chorus. Three of his most popular elements in recording today's dance music. Broadway show tunes, and the arrangements of Ray Conniff. The combination of these three would seem to be natural, and here on this record is proof that it works.

Swing Softly

Johnny Mathis with orchestra under the direction of Percy Faith. For this collection, Johnny and Percy Faith have taken a group of fine old favorites and given them a gentle, irresistible swing that has its quota of humor without ever losing sight of the romantic aspects.

Congratulations to Mr. and Mrs. Ronald Legault (nee Clara Burnes) on the birth of twin boys, born in Newmarket Hospital on Monday, September 21st; brothers for little David.

Ross Doan School

A kindergarten tea, sponsored by the Ross Doan Home and School Association will take place in the kindergarten room at the school this Thursday afternoon at 3 p.m. Parents of the kindergarten pupils are invited to attend.

The Ross Doan School Field Day will be held on Wednesday, September 30th. The Wednesday Field Day will be held in afternoon of Wednesday, October 7th at Thornlea School.

The first Ross Doan Home and School meeting is slated for Monday, October 5th. Parents are invited to bring their children with them to see the interesting Dalglish Museum. The meeting will be at the museum at 7:30 p.m. and there will be a business meeting and refreshments when they meet back at the school.

NEWMARKET: Council voted to install two new T. P. radar sets as early as possible. These sets, it is said, are easily assembled, accurate in performance and do not involve any complicated operation.

R. H. Indians Lose 18 To 6

The Richmond Hill Indians went down to defeat last Saturday in the local park as some inept play on the part of the Indians set the Ghosts up for two majors. Two penalties gave the Ghosts possession inside the Richmond Hill thirty five yard line. Some fine defensive play caused the Ghosts to kick on 3rd down, the ball went deep behind the goal line and was beautifully caught by Joe Martin. Joe, realizing he was trapped, lateraled wildly and the ball was recovered by the Ghosts for a touchdown. The attempted convert was blocked and the score was six to nothing after five minutes of play.

Patti Lu Hat Bar

Pat Anderson, proprietor of the Patti-Lu Hat Bar, which she opened successfully last weekend is seen, holding one of the velvet felt cloches from the Patti-Lu Hat Bar. The hat, by Merson, is in the lovely Autumn Glow shade and the softly draped crown has a same-shade feather trim.

Treat Old and Invalids

by Paul Delmer

DID YOU EVER STOP TO THINK OF THE LIFE OF OLD FOLK? Did you ever wonder how life seemed to them, bound in without the daily opportunity most people enjoy to ride out into the country? Did you ever wonder how slow time might seem to an invalid? Have you a friend or a member of the family who seldom gets out of doors, or, if so, only as far as the front porch or perhaps the garden.

One Joyful Day

If you do know of some such person young or old, an invalid or not, here is an opportunity to bring to them one joyful day which will mean an awful lot to them and about which they will never cease afterwards to talk.

Worthwhile Community Project

The eighty-five members of the North Toronto Motor Sports Club of which the well-known local race team Shelton-Mansell are members, have been discussing ways and means of making themselves useful to the community. They have been wondering how they could direct their powerful energies to some worthwhile community project.

So they have come up with the idea that one weekend out for a wonderful day's outing, and an adventure to remember, as many invalids of any age young as well as old and as many old folk as they can cope with.

Ken Mansell says that they are planning for something like 30 to 50 old folk and invalids but does not want to limit the number. He believes that if applications went beyond the number his club could handle, then other clubs would come out to lend a useful hand.

This appears to be a wonderful project worth all the support local folk can give to it.

Send In Names Please

"The Liberal" office will be glad to receive the names and addresses of any old folk who would like to participate in the outing and of everybody else of whatever age and of both sexes who are permanent invalids or who have been invalids for a long time. The offer is limited to those who normally do not have any opportunity to take a ride out into the country. As Ken Mansell says, "If you have not enjoyed a Canadian fall, then you still have a wonderful experience ahead with the beauty of our grand countryside to enjoy."

Fifteen To Twenty Cars

A minimum of fifteen cars and up to twenty-five can be provided by the North Toronto Motor Sports Club and other cars be obtained if the requirements warranted.

The Club meets on the 1st and 3rd Monday of each month at Henderson Avenue School, at Thornhill, and will welcome new members to any meeting. The club is open to those who have an interest in sports motoring, and activities include discussions pertinent to motoring, exhibition of sports car films; rallies are organized and races participated in. The driver members are ever ready to assist with driving skills and should the local police have any ideas for the constructive use of the club in this direction, Ken says they will be very happy to co-operate.

Public Spirited Gesture

The majority of members are local people from Richmond Hill, Thornhill, Willowdale and from North Toronto.

It is not essential to be the owner of a sports car to be eligible for membership but a definite interest in the subject is a must.

The current project is a public spirited gesture which could make a lot of people happy.

Free Gifts Suggested

It is suggested that perhaps local merchants and the supermarkets might like to join in the gesture by making some gifts available. It would not have to be a great deal but as we see it, these enthusiasts are offering a wonderful treat to a large number of those who normally are restricted in their fun and enjoyment. Would it not complete their enjoyment to receive at the end of the day, a small gift, one for everyone?

If there are any who would like to participate in this way, please contact "The Liberal" and advise the extent of the contribution which can be made.

First Day and Night Race

The North Toronto Motor Sports Club incidentally was the first in Canada to organize a round-the-clock day and night race. This was the O'Keefe Grand Prix of July 4th last which was very successful.

The club will be glad to follow on with other projects and will be glad to receive suggestions for consideration.

Such communications may be made direct to Shelton-Mansell Motors at Richmond Hill or in Thornhill.

Now will you all please—those of you with other projects and anyone at all who ought to go on this day outing by car, full details of which will follow in later issues of "The Liberal", send names to the "Liberal" office, preferably in writing stating name, age and address of the person suggested.

Remember it will be an absolutely free day out and possibly there will be a gift as well as refreshments for every participant.

Attended Camp Cagintra

Crystal Bowyer seen here was one of the two honoured delegates from York County to attend Camp Cagintra on Lake Erie near Port Ryne, Crystal attended this Provincial girls Camp Council for 11 days.

She and Joanne Wilson from Aurora have returned full of exciting and new ideas for their C.G.I.T. The girls were able to participate in the following interest groups, Camp Craft, Bible Dramatizations, Photography, Enrichment for Living, and On Being a Real Person. The program provided an opportunity for fun and fellowship with 70 girls from all Ontario, in such events as swimming, sing songs, council house, and camp fires.

Of all their camp experiences the most meaningful were the quiet hours spent in the woodland Chapel and on Vesper Hill.

In Hospital

We are sorry to hear that Grant Crawford will have to spend the next month in the Hospital for Sick Children. Grant is under observation for an over-active thyroid condition. Maybe if some of the local children wrote him a letter or sent a card it would help to make the time pass a little quicker.

Accident

Alan Castledine had the misfortune to break his arm during a football game last week. Hope it soon heals for you, Alan.

Sunday School

Calvary Sunday School re-opens on September 20 at 10 a.m. There will be a warm welcome for anyone who cares to come. It will be held at Thornlea School, as usual.

Local Development

During the past few years in the course of development of this area a great number of the old and beautiful trees have had to be destroyed. Recently on Bayview Avenue this had to happen in order for the road to be widened. Now the water mains are being installed along No. 7 Highway east of Bayview Avenue, and as they came to the lot line near Mrs. Gordon's house, we anxiously awaited the fate of these trees to see if they also fell beneath the saw. Fortunately, though the construction company is going around the trees and it was so encouraging to see that sometimes this can be done, and so preserve some of the natural surroundings. I am sure that anyone who has had occasion to walk the highway during the summer heat has been glad of the shade these trees and others along the way provide, and will appreciate them remaining there.

Home & School News

The first general full meeting of the home and school association was held at Thornlea School on Wednesday, September 16. It was encouraging to see so many parents present. The president, Mrs. Wright called the meeting to order with the singing of the Queen.

The annual graduation banquet will be held again this year. All grade 8 mothers will be asked for assistance to make this evening a success. Time and place will be announced later. A \$25 scholarship is to be awarded then to the student of highest academic standing.

Plans were also laid for a fun fair to be held at the school on Saturday, November 7. Any suggestions concerning this would be appreciated by the executive. If anyone has any clothing to donate, they are requested to have it cleaned and mended beforehand.

We are also hoping to get the square dancing tuition going again this year and parents are asked to offer their services to aid in the supervision of the children. Last year an average of 60 children attended these classes so you can well understand the need for co-operation on behalf of all parents.

Miss Kylie won the \$2 parents' attendance prize. Mr. Kinsinger introduced the teachers. He asked that with the bad weather fast approaching that all the children's rubbers, lunch boxes, etc., be clearly marked. He also gave an outline of the level system.

Mr. M. Hallman, School Inspector for T.S.A. No. 1 Markham and Vaughan, elaborated on this a little and also discussed the coming split in the school area and the formation of the new one. He expressed the opinion that as so much depended on the school board elected that it was up to the parents, in the best interests of their children's education, to get to know the people nominated for trustees before casting their ballots. Mr. Hallman also spoke very highly of the new principal.

The next guest speaker was Mr. J. Cantelon from CBC Children's Broadcasting Department. He has a great deal to do with the planning of TV and radio programs for children and he said that parents were in a better position than those at CBC to select the programs they wanted their children to view or to listen to, as each child reacted differently.

Marie McDougal Weds D. Lovel

St. Mary's Anglican Church, Richmond Hill, was the scene of a lovely wedding at 11 a.m. Saturday, September 12, 1959, when Ina Marie McDougal, daughter of Mrs. Ralph R. Legate and the late Mr. Dick McDougal, became the bride of Douglas Edward Lovell, son of Mr. and Mrs. Mel Lovell, all of Richmond Hill. Rev. James O'Neil officiated.

Given in marriage by her step father Mr. Legate, the bride wore a ballerina length dress of white lace and rayon with scoop neckline at front and a v-shaped neck, the tight-fitting bodice had short sleeves and a large taffeta bow, at the back of the waist. Her shoulder length veil was caught to a pearl headband and she carried a bouquet of pink roses, white carnations and Fiji mums. Miss Lesley Webb was maid of honour and Miss Sandy MacDoughall was bridesmaid. They were gownned alike in light blue chiffon, embroidered with white flowers, over taffeta; their bouquets were of pink carnations and Fiji mums and fern.

Mr. Bryan Mills acted as best man and ushers were Bob and Carl Lovell.

Seventy guests attended the reception which was held at the Summit View Restaurant, after which the bride and groom left on a honeymoon trip to Ottawa, Montreal and the Catskills. On their return, about September 26th, they will live in Richmond Hill.

NEWMARKET: Eight new teachers joined the staff of Newmarket High School this year, bringing to 33 the total number of teachers.

Pat Anderson, proprietor of the Patti-Lu Hat Bar, which she opened successfully last weekend is seen, holding one of the velvet felt cloches from the Patti-Lu Hat Bar. The hat, by Merson, is in the lovely Autumn Glow shade and the softly draped crown has a same-shade feather trim.
