Many Activities

**Richmond Hill High School
Extensive Sports Program**

Richmond Hill High School has one of the most extensive and best co-ordinated sports programmes of any high school in Ontario. The programme is under the direction of Mr. Bill Babcock and seven other teachers are assisting in carrying out a really full calendar of activity.

The School has a junior football team only available to form a senior team. Like another football team that shall remain nameless (Argos) the boys got off to a slow start but are just finding the range on their first game.

They lost their opposition to Woodbridge by a seven to nothing score and then bowed to Markham seven to six. In their next game the Richmond Hill team were beaten twelve to seven by St. Andrew's College but Bobby Coulter's charges were pushed to the limit for the win against Aurora. The Richmond Hill boys gave it a real effort and beat the hapless Aurora squad forty-one to nothing.

At the start of the season coaches Russ Snider and Jim Harrison had only five boys on the team with any previous experience. As the record shows the improvement has been steady and the kids should render a good account of themselves from here on in.

This is Jim Harrison's first year in the Richmond Hill area but he comes well prepared to handle his job. Jim is a Queen's graduate and has managed Inter-Collegiate football teams and coached Intramural football. Jim played on the Queen's senior basketball squad and was with the team when they won the Inter-Collegiate title three years ago. Russ Snider is fortunate indeed to have an assistant coach of Jim Harrison's calibre.

The Richmond Hill High School Junior Soccer Team, under the coaching of Bill Babcock, is setting the soccer league on fire. The Boys average fourteen years of age and are a little league of nation as they have two English players, four Scottish born lads, two from the Netherlands, and one player from Germany. Not one of the remainder of the squad is a graduate of the Richmond Hill Public School system.

In three appearances the boys have averaged better than eleven goals per game for and have had less than one goal per game scored against them. They defeated Aurora six to one, Bradford twelve to one and swamped Pickering College sixteen to nothing.

On October 15th the Richmond Hill team will entertain Aurora at four p.m. At the High School Grounds. All you people who enjoy Soccer please note and keep

the date open if you are at all able. There is also an intramural Football League at the High School with sixty boys participating. There are four teams with fifteen men per team and they will play four games using regulation rules and equipment except that running shoes instead of cleats will be worn.

The Cross Country running team consists of fifteen boys from grades nine through to thirteen. Six of the boys have returned from last year's squad which finished third in the All-Ontario meet last year. The team has been training hard, running three to four times a week, on one of the training jaunts six of the squad got tangled up with a patch of poison ivy but despite the painful after effects carried on with the training schedule.

The Richmond Hill High School is sponsoring the fourth Annual Georgian Bay cross country meet on Saturday, October 17 at the farm of John Passmore. Activity gets under way at 11 a.m. with a mile and a half Junior Run followed by a two mile Senior Gallop. Invitations are extended to all schools in the area, from Thornhill to Parry Sound and it is expected that at least ten schools will be represented at the meet.

The High School Girls get into the sporting whirl as well with junior and senior volleyball, Borden Ball and Speed Ball. If anyone should get the idea that these are "girlish" games go up to the school and have a try sometime.

Just a short while ago yours truly was bemoaning the fact that Lacrosse was as dead as a doornail. Maybe so but not at Richmond Hill High School. The senior boys are playing indoor box Lacrosse and in November will be moving outdoors to play. The tax money due a double job here is also equipment used for football is also used by Lacrosse players. Each and every player must wear a football helmet and face mask plus whatever other padding the player deems essential.

The High School Sports Directors are working with Mr. Ross of the Pleasantville Public School to provide recreational facilities for students from this not yet completed School. Arrangements have been worked out to permit Mr. Ross to use both gymnasiums every Tuesday night at 4.00 p.m.

starting in November to give the boys and girls of Pleasantville Public School an opportunity for Physical education classes. This is real co-operation and making the most of available facilities.

The most physical education classes are getting a big play with men from twenty to fifty years of age being registered. With Bill Babcock at the helm, all those enrolled are encouraged to do the basic conditioning course before opting badminton, table tennis, tennis etc. This course seems to fill a real need in the lives of the adult members of the community.

This by no means exhausts the activities going on at the school. Basketball has yet to get its official start and tumbling and gymnastics are also under way.

Sympathy
The sympathy of the community is extended to Mrs. A. Wright, John St., on the death of her father, last Thursday, October 1; also to Mrs. Harold Steffler whose mother passed away last week.

Tuesday, September 29, was a hectic day for the family of Mr. H. Wright, No. 7 Highway. Mr. Wright came home with the flu. He was no sooner settled in bed when Margaret fell and cut her lip, making it necessary for the second call on the doctor. The cut required four stitches. We hope they are both recovering satisfactorily.

School News
We reported in last week's edition that the area field day would be held on Thursday, October 1. This should have read school field day. The area field day will be held on October 7 at Thornlea School.

Results of the school field day were:

High Jump: Sr. Boys - J. Watson, P. Jordan, N. Tytler. Jr. Boys - G. Henderson, T. Vouge, A. Elliott. Sr. Girls - C. Coleman, Diana Reid, C. Shannon, Jr. Girls - C. Martin, P. Leith.

Running Broad Jump: Sr. Boys - J. Watson, David Reid, B. Knox. Jr. Boys - J. Doyle, G. Henderson, H. Heid. Sr. Girls - Diana Reid, D. Evans, P. Elliott, Jr. Girls - C. Martin, J. Gough, K. Marshel. Sr. Girls - C. Shannon, D. Evans, Diana Reid, Jr. Girls - C. Martin, S. Mannin, P. Leith.

Congratulations . . .
