How You May Save Up to \$300 On Your Next Car

Finance and Insure It Through State Farm

The State Farm Bank Plan is the modern way to buy a car... without signing up for expensive finance and insurance package deals that can keep you "car payment poor." The Bank Plan has helped thousands of car buyers save \$100-\$200-\$300 and even more, enjoy lower payments, shorter loans.

We help you get low-cost financing at a leading local bank. It's simple, it's private. Payments are arranged to suit you. No extra fees, no hidden charges.

And unlike most financing plans, you don't pay a higher interest rate when you finance a used car through the Bank Plan.

In addition, you save through low-cost "careful driver" insurance. State Farm keeps rates low by aiming to insure only the average driver of careful driving habits.

As your State Farm agent, I handle details. I give you a cheque for the amount you need, even include credit life insurance to cover the unpaid balance at no extra cost. Call me today and find out how much you may save.

Forecast Deficit In Markham Road Budget

Faced with a deficit in its 1959 road budget Markham Township Council Monday approved a \$58,000.00 supplementary road by-law for submission to the Department of Highways. Clerk-Treasurer H. Crisp reported that unofficial figures indicate the township may finish its 1959 operations with a \$26,500.00 deficit. Work included only in part or not all in the budget includes the paving of 18th Avenue, work on 16th Avenue, Helen Avenue, Steeles Avenue and the Elgin Street-Henderson Avenue extensions. All these projects received verbal approval from the Department of Highways.

The original 1959 road budget amounted to \$215,000. Road Committee Chairman L. Mumberson said for one thing the budget got off to a bad start last January with the unduly hard winter we experienced. Markham spent more money on snow and ice removal during the first few days of January than they had spent the whole of the previous winter. Reeve W. L. Clark reported that attempts to transfer \$43,000.00 in debentures left over from the construction of the Woodland Park Bridge to the road account had proved unsuccessful. The province will only allow debenture funds to be spent to retire other debentures covering a similar area.

An attempt by Deputy-Reeve W. Dean to debate the deficit was cut short by Reeve Clark who said council will debate the matter only after it has received the final official figures from the treasurer.

Drop In Fines

"Recent changes in the highways traffic act are making convictions more and more difficult", reported Reeve Clark in commenting on the sizeable drop in the amount of the fines collected by the township police for the period ending on August 31. During the first eight months of this year total fines collected amounted to \$2,890.39, compared to \$6,925.76 for the similar period in 1958. This year's budget figure for the total fines collected is \$7,000.00.

The province now requires that all traffic violators must be stopped and charged at the time of the occurrence. Councillor Mumberson stated the change had been brought about by "three or four municipalities who had their police doing nothing but tag speeders". "I don't want to give anybody the impression that we are employing our police for profit", stated Reeve Clark, "but the present situation is discouraging from the standpoint of law enforcement". Three years ago the total fines collected by the township over a 12 month period amounted to approximately \$18,000.00. Up to the end of August police costs amounted to \$47,712.40. This year's total budget is \$72,000.00.

Fire Costs

Fire costs are down in the first eight months of 1959 compared with last year. Costs to date amount to \$3,089.67 compared to \$5,049.71 in 1958. This year's total budget is \$10,000.00.

Deputy-Reeve Dean took strong exception to the number of fires caused in the front end of the township by carelessness. He was commenting on a bill from the Richmond Hill Fire Department for \$900.00. Reading from the fire report, Mr. Dean showed how a majority of the fires had been caused by children playing with matches, or a carelessly thrown away cigarette, but council instructed the police to take appropriate action under the by-law to recover part of the losses at least from the parties responsible.

Winter Works Program

The Federal and Provincial Governments are again sponsoring a winter works program as a means of relieving unemployment. The program will extend over a five month period commencing on December 1st. Under it the two senior levels of government will subsidize municipal projects normally carried on in the winter months. The Federal Government will pay 50 per cent and the Province 25 per cent of approved costs. However the subsidies only apply to labour and not materials. Council felt the plan had little appeal to the municipalities. In light of last year's experiences, Reeve Clark felt many of the municipalities were not looking on the scheme with much favour. Mr. Clark felt the greatest drawback was that the senior governments would only subsidize labour and not materials.

AUCTION SALE OF HOUSEHOLD FURNITURE

17" TV, Radios, Washing Machine, Dishes, China, Cooking Utensils, Carpenter Tools, Drill Press

The Property of MR. O. BRODIE

Stop 20, Yonge Street (First house north of Emerald Isle Motel)

SATURDAY, OCTOBER 17

Vaughan Cancels \$1 1/2 Million Loan

In a special committee meeting Wednesday afternoon, Vaughan Township Council accepted the quotation of 6 per cent United States Funds, presented by Equitable Securities Ltd., for debentures in the amount of \$552,000 for township waterworks and an addition to Charles Howitt Public School.

This move followed the raising of OMIC interest rates from 6 1/2% to 7% last weekend. Vaughan will leave \$57,000 worth of debentures with OMIC but will remove over half a million dollars from their application submitted to the Ontario Municipal Improvement Corporation and turn them over to the American Securities firm.
