Mr. Percy Tripp returned to Montreal on Saturday after spending several weeks with his uncle and aunt, Mr. and Mrs. A. F. Leek.

Gormley people were without telephone service through Stouffville operator most of Monday afternoon and part of the evening due to a serious accident on the townline just west of the 5th Concession.

Some Gormley people had a bee on Wednesday to pick potatoes at Mr. Ralph Baker's place as Mr. Baker has been in Toronto General Hospital.

HIGHLAND PARK NEWS

School News
 The monthly meeting of the Henderson Avenue Home and School Association was held on Monday night. Mrs. Mary McKenzie was back visiting us from Richmond Hill to where she and her family moved from Woodward Avenue a few weeks ago and acted as recording secretary in the absence of the regular secretary. Mrs. McKenzie was a very arduous worker in Home and School events and we shall miss her very much. Our loss is most certainly Richmond Hill's gain.

At the Executive meeting held after the last Home and School meeting, the executive decided to present a \$5.00 cheque each month to the teacher whose class had the highest attendance of parents at the Home and School meeting. Last month the room count prize went to Mrs. Burke for her afternoon kindergarten class and when room count was averaged on Monday night, the afternoon kindergarten parents were once again, present in the majority so Mrs. Burke will receive another \$5.00 cheque.

The Principal, Mr. A. Martindale, presented the graduates of 1959 Grade 8 pupils with their school pins and following are the names of the recipients — Marlene Barrington, Jim Lefler, Bonnie Lockhart, Michael Reddy, Peter Reddy, Vincent Beuter, Carol Wallace, Jos. Bonnici, David Davlis, Bob Hammond.

At the suggestion of Mrs. Jackson, the Home and School Association have set aside \$15.00 as a scholarship for a grade 8 pupil each year. This scholarship is awarded to the most outstanding student of the year, not for marks alone but for the overall ability of the student and his co-operation with his teachers and fellow students. The cheque for \$15.00 was awarded this year to Michael Reddy, Michael and his twin brother Peter, both received their pins on Monday night. Vincent Reuter was not present as he has moved to Vancouver. Jos. Bonnici, David Davis and Bob Hammond were also absent for the presentation. All of the pupils have gone on to High School and Mr. Martindale expressed the wish to see them carry on with their education and receive graduation pins from High School and even University.

Parents were asked for their opinions with regard to the children carrying collection boxes for U.N.I.C.E.F. instead of shelling out for candies on Hallowe'en night as they always seem to end up with more than they can or should eat. The majority seemed to be in favour of this and it was suggested that the donors be prepared with pennies to put in the U.N.I.C.E.F. boxes which will be supplied to the pupils through the school. However, some of the parents thought it would be sporting to give the children a small shell-out for themselves as the fun of Hallowe'en would be taken away from them completely. This was left to the discretion of the individuals to do as they so desired.

Mrs. Betty Welt then introduced the guest speaker, Miss Delaporte, B. A., B. Paed. Miss Delaporte is a former inspector of schools with the Department of Education. She attended the University of Toronto and Columbia University, specializing in reading and speech problems.

Miss Delaporte gave an enlightening address on Remedial Reading and explained the different kinds of reading we use during our lifetime — oral, silent, and speed reading. Following are the speeds which are normal for the various ages — Grades 4 and 5 should read from 145 to 193 words per minute; Grades 6 and 7 from 193 to 249 w.p.m.; Grades 8 from 249 to 295 w.p.m.; High School from 295 to 325 w.p.m.; University at least 325 w.p.m. and up. Some business men read 500 w.p.m. if they are skimming.

Mr. Eric Axelson thanked Miss Delaporte for her very thought provoking speech and comment-
