

## Double Ring Wedding

In a double ring ceremony in Carrville United Church, September 5, 1959, Mary Christina George, daughter of Mr. William A. George, became the bride of Gordon Adam Read son of Mrs. Caroline Read and the late Mr. Adam Read. Dr. E. B. Eddy officiated.

The bride, given in marriage by her father wore a full length gown of white de-lustered satin with the bodice and scalloped overskirt of white chantilly lace. The long fitted bodice had a scalloped V neckline and long lily point sleeves. The gown was made by the bride with the assistance of the groom's mother. Her elbow length veil of french illusion tulle was held by a coronet of pearled orange blossoms and she carried a nosegay of red roses, white gladioli and baby's breath.

The maid of honour, Miss Dorothy Baker wore a bouffant gown of primrose pink peau de faulle with a sash of white silk organza, and the bridesmaids, Miss Carole Anne George, sister of the bride, and Mrs. Kay Hollace, were sim-

## HIGHLAND PARK NEWS

CORRESPONDENT: MRS. D. R. DARLEY,  
84 Highland Park Blvd. — AV. 5-2719

We offer congratulations to Mr. John Cole in the opening of his new watch repair shop in Thornhill. John Cole is a resident of Doncaster and attended Thornlea Public School, Henderson Ave. School and Richmond Hill High School. John's store is located on Yonge St. in Thornhill, across from the IGA Supermarket. He is opening for business today, and we wish him every success.

**School News**  
Several pupils of Henderson Avenue School submitted entries in the Markham Fair and we are pleased to congratulate the following prizewinners: Michael Jackson of grade 2 received 1st prize for printing; Paula Wenger of grade 4 received second prize for her safety poster; Sandra Dockman of grade 6 received 3rd prize for her weed collection; Joyce McCoy of grade 4 received 6th prize for her writing.

The school area field day which was scheduled for Wednesday, October 7, had to be postponed, due to rainy weather, until Tuesday, October 13. We hope to have results from this in next week's column.

**W.A. News**  
A general meeting of the Highland Park Women's Association

will be held at the home of Mrs. Doreen Darley, 84 Highland Park Blvd., on October 20 at 8.15 p.m. This meeting is not for members only but all residents interested in the welfare of this subdivision are invited to attend and will be made welcome. Since its establishment, the Women's Association has been responsible for several community projects. One greatly needed improvement they went after was the installation of lights at street intersections. The W.A. also helped establish the summer day camp, Camp Tom Tom and the winter ice rink at the school. Also the Well Baby Clinic which was originally held at Henderson Avenue School but which is now held on the fourth Wednesday afternoon every month at the Thornhill United Church. The association has done a good job for the community in the past and you are now urged to attend this meeting in order to determine its future.

**Guides and Brownies**  
A combined Brownie-Guide meeting was held on Tuesday evening, October 6, at Henderson Ave. School. At this meeting, the Flying Up ceremony was held for Brownies flying up to Guides.

Mrs. McTaggart-Cowan, District Commissioner of Guides and Mrs. Shepherd, last year's Brown Owl, were honoured guests.

I had the pleasure over the Thanksgiving weekend to take a motor trip to the Haliburton country. No doubt many of you also went on a motor trip. You must have been awed by the beauty of the flaming red and glowing gold trees that stood out from their background of dark green cedars and firs.

I was quite positive that we had come home from the lake last week-end but when I looked out of my front window on Monday afternoon and saw a pair of sails "float by," I began to wonder. On closer inspection, however, I saw a few of the neighborhood boys having a great time in a home-made "hot rod" with a pair of dandy white sails rigged up on it and they were sailing along at a good speed.

**Sympathy**  
The sympathy of the community is extended to the family of Mr. Cunningham whose death occurred last week.

Early Sunday morning, Mrs. Crowe, Briggs Ave., awoke to the smell of smoke, and found the kitchen a mass of flames. The fire brigade had the fire under control at one point, but owing to lack of water, the flames got too much of a hold and it was impossible to save anything. Although Mr. and Mrs. Crowe had their Thanksgiving badly marred, it is a miracle they got out without any loss of life or injury.

Birthday greetings are extended to Miss Jeanette Wilkins who celebrated her birthday last week.

When the new jewellery store opens on Yonge Street in Thornhill on Thursday, October 15, a young man who attended the old Thornlea School when it was south of its present location will be realizing an ambition of many years. The proud proprietor of this store will be Mr. John Coles, who has resided in Doncaster for 12 years. He is a certified watchmaker, having spent three years in training and receiving his gold medal. John also attended Henderson Ave. School and Richmond Hill High School. He extends a warm welcome to all his friends in this area and assures them of efficient and courteous service at all times. We, in turn, would like to offer him our best wishes for success.

**School News**  
Students of Mr. Kinzinger's room had a very pleasant break from school lessons last Tuesday, October 6, when they were taken by bus to visit the Richmond Hill Public Library. They were instructed in the correct use of the catalogue and were able to join the library and take home a book if they desired. Mrs. Wardenier accompanied Mr. Kinzinger and the students and everyone appreciated the principal's effort in organizing this trip. Owing to the rain of last week the field day scheduled for October 7 was postponed until October 13, weather permitting.

## HEADFORD

Buttonville Club 15, 4-H Homemakers, got under way with its Fall project of dressing up home grown vegetables, on Tuesday evening last at the home of Miss Cora Brodie. There are six girls participating at present.

Sunday being the Thanksgiving service in Church, there were some very fine specimens of fruit on display as well as some exquisite flowers reminding us visibly of the things for which we should genuinely give thanks. In the Sunday School, later a splendid filmstrip was shown, bringing out the Thanksgiving theme. Special thanks for this go to Mrs. Cummer Lee. When our minds are occupied with thoughts of gratitude and thankfulness, let us not overlook the abundant rains we have had lately. Perhaps for some of us, they have made our flower gardens look a little shabby, perhaps they have created a trying problem of mud; but for quite a few folk they represent a possible lift in a problem besetting almost all of the area in which we live - we are hearing of several weakening wells regaining better flows. If you have ever had a water shortage, you will know how some folk are rejoicing.

Lorraine and Murray Acreman were guests on Thursday of Mr. and Mrs. John Kirby of Newmarket. On Saturday last, with Mr. and Mrs. Broomhower they attended the speed races at Bridgeport. The Brodie family spent Thanksgiving Sunday at Erin, while the Cummer Lees were guests of Mr. and Mrs. Harold McDougal, Jean's brother and sister-in-law, at Weston.

Monday visitors with the Hal Acremans were Mr. and Mrs. Stan Gay of Toronto. We hope Mr. Charlie Horner is feeling better now that the weather has become more pleasant.

## LANGSTAFF NEWS

CORRESPONDENT: MRS. M. J. ROY  
Phone Avenue 5-2806

**Local Police at Park**  
Families of members of Mark-Vaun Women's Institute were given proof on Thanksgiving Monday that the local residents are right on their toes! While transplanting trees on the park property, they found it necessary to assure the Vaughan Township Police that they were working on good authority.

We find this a good opportunity to inform all Langstaff residents that this is part of the institute's project to open up the park for recreational facilities for the community.

Arrangements have been made with Vaughan Township Council to get a skating rink underway for this winter, and the first step was to transplant the trees from the desired site so that the township bulldozer could move in and do the grading work.

The committee in charge hasten to assure everyone that this is an open project for the community and they would appreciate hearing from any residents who would be willing to help in this work.

Further bulletins will be given in the column from time to time, and anyone who would like further information or is willing to volunteer their services to help in any way may contact this correspondent; Mrs. R. Hamlyn, Fairview Avenue; or Mrs. N. Hicks, Essex Avenue.

**Girl Guide Jubilee 1960**  
A shipment of golden tulip bulbs has arrived in Langstaff from Holland, part of a large order for 750,000 bulbs to be planted by Girl Guide and Brownie Packs from coast to coast to mark the Golden Jubilee of Guiding in Canada in 1960.

The tulips ordered by the 1st Langstaff Guide Company and the 1st Langstaff Brownie Pack will be planted at the Langstaff School and the Thornhill Baptist Church as a "thank you" to the church and school board for co-operation with guide movement since its formation. The tulips all are golden harvest tulips and they will bear a small notice that they are the gift of the Guides and Brownies.

The huge shipment, one of the largest tulip orders ever to be placed in Canada was shipped from Holland to the ports of Montreal and Vancouver. The bulbs have been distributed from these points to communities in every province. Orders for each community were individually packed and labelled in Holland and each order carries with it detailed planting instructions for the particular climate where the bulbs will grow.

Next spring, the "Girl Guide River of Gold" will start to bloom on Vancouver Island and will gradually flow across Canada to the coast of Newfoundland. Even the Yukon will make a special tributary to the river with Guide company and Brownie Packs there planting special forcing bulbs in pots for gifts to churches and hospitals, replacing outdoor beds which are impractical there.

Congratulations to Caroline Iris, Fairview Avenue, who has completed the highest honors in Brownies and was "flown up" to Guides at the flying up ceremony at the 1st Langstaff Guide meeting Wednesday evening.

**Personals**  
Congratulations to Mrs. W. Thompson, Morgan Drive, on winning second prize for embroidered tablecloth at the Markham Fair.

Several ladies from the Mark-Vaun Institute attended a lovely tea and sale held by the Thornhill Women's Institute on Thursday at home of Mrs. B. Heslop, Thornhill.

Violet and Janet Shearer, Langstaff Sideroad, were eight years of age on October 11, and entertained their neighbourhood friends at a party to mark the occasion.

Birthday congratulations to Jim Roy, Sussex Avenue, who celebrated his 11th birthday on October 14.

**NEWMARKET** — W. Anderson of Goderich has been named as Industrial Commissioner. He was selected from seven applicants. He formerly was a shoe manager in Goderich.

**Scouts and Cubs**  
This Saturday is Apple Day for the Cubs and Scouts. There will be hot cocoa for the boys when they return, served at the Legion Hall by the Mothers' Auxiliary. Support our local boys.

**Mothers' Auxiliary**  
There was a meeting in September held at the home of Mrs. F. E. Martin to plan for a bazaar and bake sale in November. The next one is on Tuesday, October 20, at 2.30 p.m. in the Community Hall, Spruce Avenue. Children welcome. Mothers are urged to turn out.

**Ross Doan Field Day**  
In spite of the wet weather, the Ross Doan Field day was a huge success. Competition was keen and the winners were: Sr. Girls, Linda Major; Jr. Girls, Penny Houston; Sr. Boys, Doug Bursy and Guy Wainwright.

The first meeting of the Ross Doan Home and School was held Monday and a large crowd of parents, teachers and pupils journeyed to the Dalziel Pioneer Museum on Jane Street. Mr. Calucci, head of the museum staff was guide and his explanations of the many things on display made it more enjoyable for the people who found the ingenuity of the early settlers, something at which to marvel.

At the end of the tour the parents and teachers returned to the school for a short business meeting and a social half hour over coffee.
