

Curling Club Nearing Completion

The above photo shows the progress in construction of the Richmond Hill Curling Club's fine new building. View of the rink structure shows the lounge, the photo taken from the north-west side.

Club executives are pleased with the rate of building progress, and, all who wish to enjoy the healthful and fascinating sport of curling are asked to attend the open meeting being held on Tuesday, October 27, in the Richmond Hill High School.

RICHMOND HEIGHTS PLAZA

Childrens Contest

A FAIRY TALE COME TRUE — Yes it could come true for you if you are over eight years and under 15, boy or girl!!!!

WE WANT A PAGE & A MAID OF HONOUR for our own Beauty Queen

The winning boy and girl will take part in all functions in which Miss Richmond Heights with her attendants participate . . .

No entry fee. Winning boy and girl will receive lovely prizes, will go on the "Royal" tour of the district in late model cars provided by Shelton-Mansell Motors.

What fun this offers. Enter NOW.

Give your name, address, age, to The Camera Centre, Richmond Heights Plaza immediately. Watch next week's issue of "The Liberal" for full details and instructions.

Selection Date: October 29th

Winners will be the boy and girl considered by the judges the most personable who present themselves. Parents — enter your child now.

Town Council Meeting

Richmond Hill To Consider A By Law For Smoke Control

Jaycees Sponsor Soot Fall Out Shop Locally Drive

The fourth dinner meeting of the Richmond Hill Junior Chamber of Commerce was held on Thursday, October 15th, at the Summit View Restaurant at 7 o'clock. The chairman for the meeting was 2nd Vice-President, Colin Burgess who extended a welcome to visitor Early Thompson - President of the Newmarket Jaycees - and guest speaker Paul Delmer of "The Liberal."

Secretary, Bob McClelland read motions passed at the preceding executive meeting, and announcement was made on the forth-coming SHOP LOCALLY DRIVE, the Jaycees Christmas Auction on radio, the car draw at \$10.00 per ticket, the Safety Council, the Jaycee French Speaking course and the Jaycee Radio Programme, Townhall Tonight.

After the head table had been introduced, Howard Jack introduced the speaker, Mr. Paul Delmer. Mr. Delmer told of his extensive trip through the various countries of the U.S.S.R. and gave a very interesting account of the Russian people, their way of life and the progress that has been made toward a better life for the average citizen. He told of the co-operation he got in making a film of the country and of his plan to show this film in Canada after its run at New York's Cameo Theatre. The Jaycee audience showed how very interested it had been in the talk by the thoughtful and varied questions asked during the "questions & answers" period that followed. Jaycee Ted Duffy thanked Mr. Delmer. The dinner meeting adjourned and the Jaycees went to either the Public Speaking course or the Business Management course both of which are a regular feature after the dinner meetings which are held every first and third Thursday of every month.

Questions County Planning Bd. Costs

Whether or not Markham Township would have participated in the cost of any newly organized county-wide planning board was raised by Deputy-reeve W. Dean at Monday's meeting of Markham Township Council.

The question arose with the announcement that the Department of Planning and Development will sponsor a community planning workshop to be held October 27 at the county offices. Such a meeting is the prelude to the formation of a county planning board.

"The province tells us we are included in the Metro Planning area and the new board would only result in duplication," stated Deputy-reeve Dean. Of the total county assessment 50% of it lies in the three southern municipalities, and these municipalities are under the jurisdiction of Metro.

It is expected the matter will be debated at the November session of county council.

Soot Fall Out Grimy Nuisance In Bedford Park

There were seventy names signed to a petition read to Richmond Hill Town Council Monday night, demanding immediate action to eliminate the soot nuisance in the Bedford Park residential area. Petitioners claim smoke from the Bedford Park Floral Co. smokestack creates a real nuisance and asked remedial action by council.

The petitioners claim that soot from the chimney damages children's clothes, is tracked into homes damaging furnishings and carpets, cars are covered with a film, roofs are tarnished and windows are a grimy mess. Residents of the area it is claimed cannot sit out in their yards because of the prevalence of soot fall-out. The people ask for "long over-due action to end the nuisance."

In presenting the petition Deputy-reeve Tinker said he had investigated the complaints and was satisfied the soot comes from the greenhouse and not from the trains.

Council members agreed to communicate at once with the Bedford Park Floral Company to see what could be done to eliminate the nuisance, and authorized the clerk to have a smoke control bylaw prepared.

Mayor Tomlin said the growth of the town has made consideration of a smoke control bylaw necessary. Councillor Bradstock said he had been in touch with Metro authorities and he thought the present situation might be corrected at a relatively small expense. It was suggested expert advice might be sought, but it was decided to first have a talk with the Bedford Park Company.

Councillor Joseph Paterson asked for a report on the progress of road work in the Elmwood and Glen Brae areas. Deputy-reeve Tinker, Works Committee Chairman, stated that there had been some delay in starting the work but that everything had progressed very satisfactorily. "The completion of the work this fall depends on the weather" said deputy-reeve Tinker who explained warm weather is needed for the final coats. He gave assurance all roads will receive a prime coat of treatment. He said to try to complete the roads if the weather is too cold is just a waste of money.

Members expressed the opinion that the contractor is doing a good job. "We have hopes for a one hundred per cent completion of the road this fall" said the Deputy-reeve "but we are dependent on the weather."

Treatment Plant
Councillor Paterson asked when the water treatment plant will be in operation. "That will depend on when the water mains are completed" said the Mayor. "That will not be long" he added.

Plant Trees
Councillor W. J. Bradstock reported plans for planting 44 trees on the boulevard on Palmer Avenue. Council authorized an or-
