Maple Notes

This is one of those times when settling down to do the Maple Notes is almost an impossibility! However, a degree of satisfaction was realized this week when a certain T.V. commercial was being examined by the courts — I never could dig that jazz — size 18 to size 12 for a gal still 145 lbs! 1

Is that Season Again:
Chicken pox is holding sway with mumps running a close second. Grant Rose took a second whirl, having had chicken pox once before. Lawrie introduced the misery to the Wells' household and her brothers Grant and George have been feeling pretty tough. All you other youngsters that are home sick, we hope you will soon be up and at it again feeling fine.

Maple Branch — Cancer Society:
On Monday, November 9, Mrs. Norma McDougall of Richmond Hill, held a tea for all the chairmen of Women's Service of each branch of Canadian Cancer Society, Richmond Hill. Mrs. Rae Spencer, as chairman of Women's Service for Maple, attended.

The members of this same group — Women's Service, met recently to make dressings.

Maple United Church:
The W. A. and W. M. S. of the United Church took time off in preparing for their bazaar — this Saturday, November 21, to survive a wonderful Get Acquainted Supper Sunday, November 15. The newcomers to our community were guests of the church and they in turn were treated to a buffet style supper, a rousing sing song, special singing, and a most instructive and entertaining film.

Rev. Harold Davies welcomed the guests and gave an outline of the many groups and services in the Maple United Church.

The Foster Sisters from Nashville, added to the evenings enjoyment with several selections.

These girls Marlene 14, Joyce 13 and Carol 12, have been singing as a trio for about three years at music festivals and several community gatherings in this district. Besides their lovely harmonizing, the Foster Sisters are accomplished Musicians — Marlene is in her 9th grade piano, Joyce taking 8th grade and Carol is taking 6th grade piano. Their contribution to the evening's enjoyment was much appreciated and certainly their future will be followed with great interest, they are a delight to listen to.

The general consensus, among guests and members was that the evening was a great success, it couldn't have been one of the ladies manning the dishpan (or could it), we overheard to mention, "we should have one of these every month."

Can You Top This:
We wandered up to the Bowling Alley and watched some of our more agile and ambitious girls giving the 4 alleys a workout. We noted on the score board some really top scores, such as High single, Betty Grahlman - 341, High Triple, Dot Palmer (that sounded familiar) -703 (261-238-204). Team honors go to the "Deadbeats" captained by Jean Pogue. Keep in there girls, we'll pop in to check on you soon again.

St. Andrew's Bazaar:
See Comi G Events for the Bazaar being held at St. Andrew's Church Sunday School Room on Saturday, November 28 from 2-5 p.m.

It was a Long Haul:
By night time last Saturday, the most youngsters and grown ups, the Santa Claus Parade was out an exciting and wonderful memory. To Tim Weir — "oh my aching sore feet." Tim had been helping old Santa to arrive in all his accustomed glory, by pulling that enormous Snow Lady you

Edgeley Farm Forum

By Mrs. B. Stuart
Mr. and Mrs. G. Wilfred Keffer welcomed the Edgeley Farm Forum at their home on Monday evening November 9 when the topic for discussion was Deficiency Payments.

This subject stimulated quite a few lively comments within the two discussion groups, the summary of their findings being that the groups favor deficiency payments on hogs and eggs but think that farmers should cut production to bring it more in line with consumption. They feel that deficiency payments will help keep the smaller producers in business and tend to control violent fluctuations.

This same feeling was reflected in 51% of Ontario Farm Forums, according to the reports we received after their discussion on this subject. Commodities on which Forum members favored deficiency payments, in order of preference are eggs, hogs, wool and whole milk. They qualified their replies by saying Yes, we are in favor of deficiency payments if they will cut out the feed companies and large interests that have flooded the market, thereby keeping the supply equal to the demand.

PUT A CURL IN THEIR TAILS

INCREASE WEANING WEIGHTS
Baby Pigs must be growing all the time — setbacks cost money. Normal litter management includes many necessary jobs such as castrating or moving, which can slow up the development of the young pigs. You can do much to keep them growing through any trouble period by simply switching them to

SHUR-GAIN PIG TAIL-CURLER
until 3 to 5 days after the trouble has passed.

Supplementing the sows' milk with solid food as soon as possible is just one more time when this fine SHUR-GAIN feed should be used to get them growing. There's no doubt about it

SHUR-GAIN PIG TAIL-CURLER

is the multi-purpose feed for baby pigs — yes and sale barn pigs, too. The high anti-biotic content and palatability of this SHUR-GAIN proven feed will put a curl in the tails of every litter. Be sure to have some handy when you're feeding baby pigs.
