PULLETS, light sussex. 6 months old. Laying well. Tel. AL. 7-8767. **c1w23**

Board Approves Motion

Employ Town Workmen First On R. Hill Public School Building Projects

Richmond Hill Public School Board met last Thursday evening in the MacKillop Public School teachers' room and one of the first considerations of the evening was a letter from the Toronto Building Trades Council regarding labor practices of the board when providing new construction in the school system.

The following motion, proposed by Harold Sanderson, was passed: "Wherever possible the contractor shall give preference to mechanics and workmen who are residents of the town of Richmond Hill. Rates of wages, hours, and working conditions of workmen employed on this work shall be in accordance with the union rates of wages, hours and working conditions as set out in building trade working agreements in the town of Richmond Hill."

More Portables Needed
To pave the way in case new accommodation is necessary immediately the board has obtained approval of the provincial Department of Education to purchase two more portable classrooms. It was decided at Thursday's meeting to try to rent or purchase used portables from another school board before purchasing new ones which will probably cost \$6,000.00 each. The board already has \$40,000.00 invested in portables.

Trustee Sanderson wondered if it wouldn't be wise to consider expanding Crosby Ave. School which now has approximately 39 pupils per classroom.

With the completion of Pleasantville School in 1960 and a possibility of expanding Crosby School, Chairman L. D. Clement admitted there was a likelihood of surplus portables in 1961 but said, "We must do this in order to accommodate present pupils."

"If portables won't be in surplus until 1961 then we had better get them now," commented Trustee Mrs. Virginia Sully. On hearing an apartment unit was going up at Centre and Elizabeth Sts. Mrs. Sully asked, "Why are we not going to have the addition to Crosby ready until 1961?"

"Could we justify the addition to Crosby now to the Department of Education?" asked Trustee Joseph Rabinowitch.

Superintendent Gordon McIntyre suggested that the Department of Education allowed a board to plan for five years in advance.

"Could we justify it financially with the high cost of financing?" asked Trustee Rabinowitch.

"Nobody expects money to come down," said Chairman Clement.

Trustee Sanderson interpolated, "I had to see us sitting with \$40,000.00 tied up in portables we aren't using."

"They will come into use in a couple of years," added Mrs. Sully.

"We can't plan that well to say we won't need the portables. We can't get the Crosby addition soon enough to avoid having portables now," stated chairman Clement.

It was then decided to try to rent or purchase used portables.

The board will pay the expenses of the trustees and four staff members who wished to go to the annual meeting of the Ontario Educational Research Council at the Royal York Hotel on December 4th and 5th.

Trustee C. Williams submitted a report on "Schoolhouse Planning and Construction" based on notes from the Public School Trustees' Association Convention in Port Arthur in October. Trustee Williams commented, "We should always encourage our architect to include the artistic aspects. Our town library is a wonderful example of good architecture."

"School board conventions are very helpful as these reports of board members show," commented Chairman Clement.

"What has gone on in our sys-

tem over the last years is largely the result of people going to conventions," said Mrs. Sully.

The resignation of Trustee Mrs. Margaret Southwell effective November 23rd was read to the board and received. A reply was moved by Trustee Sully and Trustee Sanderson accepting Mrs. Southwell's resignation and wishing her success in her bid for town council.

Boy Scouts have requested to use the tumbling mats at Beverley Acres School. Before a board decision, the Principals will be contacted by Superintendent McIntyre to ascertain their positions regarding use of school athletic equipment by outside organizations.

Handicapped Children
Superintendent McIntyre suggested the board appoint a committee to give further study to the problem for the education of the physically handicapped child which will be an actual problem in the future growth of Richmond Hill.

Chairman Clement asked the Curriculum Committee (Mrs. Sully, Chairman) to study this suggestion and bring in a report.

Tenders for general supplies will be opened in the presence of Mrs. D. Street, the secretary-treasurer, and Superintendent McIntyre and they will make recommendations to the board. December 5th is the last day for tendering and the tenders will be opened December 7th.

Adding prestige to the local school system will be the presence of student teachers from Toronto, announced Superintendent McIntyre. For observation and practice teaching, these potential teachers visit selected schools for a week during their school year.

Sight saving books are available from the Department of Education for these children who find it hard to see, said Superintendent McIntyre. Study is also made as to where they should sit in a classroom, he said.

Trustee Williams was concerned with those who may be hard of hearing and not know it. Trustee Rabinowitch wanted to know if slow learners were tested for eye and hearing defects.

Superintendent McIntyre said Dr. Kerber was to send him information from the Department regarding procedure in these matters.

Trustee Sanderson questioned the Safety Patrol operating within the schools. Superintendent McIntyre is apparently not entirely satisfied with the present system but made no recommendation Thursday evening.

Chairman Clement recalled the safety patrol program was intended to have the pupils cooperate with the police not take their place. Superintendent McIntyre believed the principals should take over the program. He said, "The duty of the child must be limited to a child standing on the sidewalk and stopping the other children, not to stopping the traffic." "The safety patrol will only come into my direction if it does not work," the Superintendent acknowledged.
