Pay Tribute To Council Members

(Continued from page 1)
 Deputy-reeve S. F. Tinker re-elected by acclamation extended warm congratulations to successful candidates and expressed appreciation for the services of retiring members.
 Tom Broadhurst and Howard Williams members-elect of the 1960 council attended the meeting as interested observers.
Light Agenda
 There was a light agenda of business for this which was likely the last but one for the 1959 council. The final meeting is planned for December 21st.
School Delegation
 Chairman L. D. Clement and Trustee Harold Sanderson waited on council relative to drainage problems at the site of the new Pleasantville school. They were accorded full council co-operation.
Re-appointed
 Reeve-elect W. J. Haggart and A. W. Leman were reappointed as Town representatives on the Metro Council Authority.
Walk-way
 Mr. Sale of Beech Drive wrote asking that action be taken to open walk-way in the Blue-Grass-Taylor Mills area. He said if open it would be a great convenience to many including school children. Councillor Haggart supported the proposal to open the walk-way. "It would serve a useful purpose," he said.
 On motion of Mr. Haggart and deputy-reeve Tinker the letter was referred to the Works Committee for a report.
Palmer Ave.

Stamp Collector Catches Glimpse of Past

A glimpse into the past and a young man's first impressions of Canada and the area surrounding Richmond Hill came to life recently when a philatelist in the states purchased a "Patterson, C. W." stamp for his collection. The stamp was an envelope and inside the envelope was a letter — a boy's letter to his mother.
 News of the find was made known to Mr. and Mrs. Redelmeier, of Don Head Farms, through Mrs. Constance E. Cook of Ithaca, New York, whose husband bought the stamp. Mrs. Cook's husband Alfred is the nephew of Mr. John D. Patterson — one of the three sons of the original owner of Patterson Village, now Don Head Farms, two miles west of Richmond Hill. The Redelmeiers purchased Don Head farm from Mr. Patterson's estate.
 As a boy Alfred Cook used to visit and stay with his uncle at Patterson — and the summer house behind the main residence was built for him and his brother.
 In writing to the Redelmeiers Mrs. Cook says, "We found a Pat-

**Brotherhood Week Planned
 Christmas Contest**

BROTHERHOOD WEEK AND LOCAL PARTICIPATION IN ITS PROMOTION was the subject of discussion at the regular meeting of Richmond Hill's Junior Chamber of Commerce last week. The meeting was addressed on the subject by Provincial Brotherhood Week Chairman, Stew Coxford, who is also a member of the Jaycees.
Seeks Local Effort
 Stew told the Jaycees of the co-operation and support of various organizations across Canada and urged the local Jaycees to work hard for the local effort.
 The local Brotherhood Chairman, Jim Airth, thanked the speaker and asked for additional volunteers to serve on the Brotherhood Committee to ensure the success of the week in Richmond Hill which will be held next February.
Presentation Ceremony
 Following this discussion a presentation was made to Jaycee Ted Duffy for his chairmanship of the successful auction in support of the Jaycees "Buy Locally" campaign. Ted was named "Jaycee of the month" and the presentation was made by 2nd Vice-President Colin Burgess who described Ted Duffy's contribution as "wonderful". Ted received a standing ovation which he said made all the hard work and long hours "worthwhile", because it indicated a real appreciation.
Other Winners
 Previous "Jaycees of the month" have been Frank Da Costa for his promotion of the Richmond Hill Safety Council, and John Hogarth, who as Chairman of the Programme Committee is responsible for the monthly dinner meetings throughout the year.
Public Speaking
 On conclusion of the dinner meeting, Jaycees attended a Public Speaking Course during which John Shields, Chairman of the Industrial Development Committee was named "Best speaker of the evening".
Industrial Development
 Industrial development in Richmond Hill is expected to be the theme of the next Jaycee annual brochure.
Many Other Activities
 The Jaycees have a whole host of activities in the formative

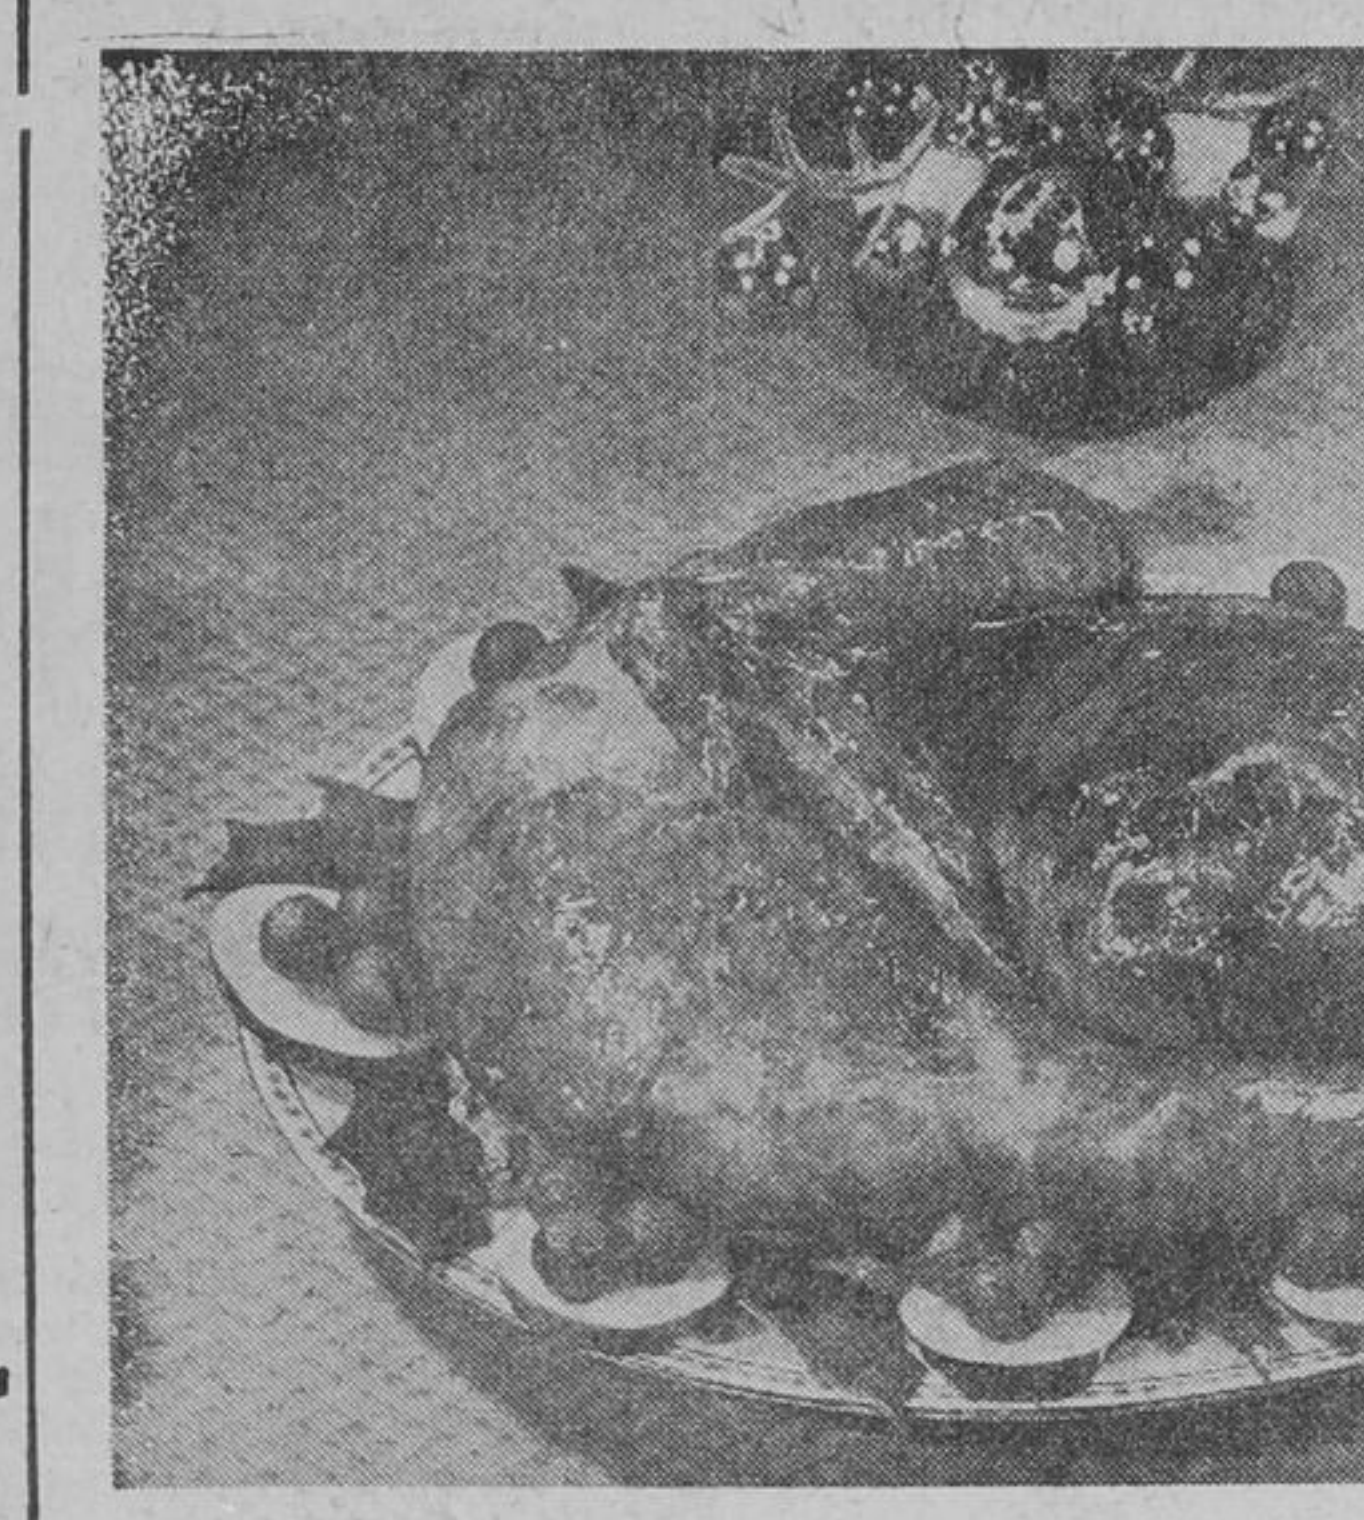

**Regular Meeting
 Markham Council**

Reeve W. L. Clark informed Markham Township council members on Tuesday evening that he and Solicitor Lucas had met that afternoon with the reeves and solicitors of Richmond Hill and Vaughan, and T.T.C. officials and their solicitors, in a preliminary meeting regarding a new agreement for bus service.
 "All parties concerned agreed to a similar contract much as we had had before, without going into details. We left the solicitors to work out the details — when they are ready we will have a general meeting and disclose the new agreement," Mr. Clark said.
Utility Standards
 Council is to study a plan regarding utility location standards following receipt of a standard location layout, similar to Metro's. It is not expected the Hydro and Bell Telephone utility layouts will be influenced for some time in Markham Township, but council will take a long look into the future before commenting on the plan.
Strike Uncollected Taxes
 What happens when a business goes into bankruptcy, a business man moves away from the area, leaving an unpaid business tax, or a mistake is made in the assessment roll? Council passes a by-law and strikes these delinquent sums from the roll, after they have been carried for some years without any action.
 On Tuesday night, By-law 1787 was passed by council, thereby striking off amounts ranging from 74 cents to \$234.45, a total amount of approximately \$500, in real property tax including principal and interest — and approximately \$450 in unpaid business taxes. Some of the money could still be recovered, as in the case of service stations which change hands so often, Harry Crisp told council.
 One error in the tax rolls has been carried for several years. Somewhere along the line the township assessors assessed a piece of property and have been billing for it unsuccessfully. Mr. Crisp said he checked on it and found it was included in the property next door — and should never have been charged. This tax bill was the largest portion of the amount struck off the rolls this week.
Holy Cross Cemetery
 Council ruled that only one north and south road was necessary through Holy Cross Cemetery, Langstaff, and cancelled a plan proposed by the cemetery board for an east-west road through the area. Councillor Numerson said, "I question the need of a road between the railway track and Yonge Street. They only need one road, the one they have now."

**Markham Police
 Make 409 Calls
 During November**

The Markham Township police report for November, submitted to council by Chief Clarence Wideman shows a total of 409 calls were made during that month. A total of 8,078 cruiser miles were covered, at an operating cost of \$441.69. Among the calls were 25 involving accidents, 13 theft, 6 burglary, 6 dog complaints, 2 stolen cars, 1 arrested for false pretenses and 3 for theft.
LONG-TAILED COMET
 Some comets fling out tails of enormous size in the course of their approach to the sun. The Book of Knowledge mentions the comet of 1843, the finest in history, with a tail estimated at 150,000,000 miles long.

Roast Half Turkey For Christmas

A simple-to-carve roast half-turkey such as this (8 to 10 pounds), with its generous mound of stuffing underneath, will serve 10 to 12 people very nicely.
 To enhance the bird, the home economists of the Consumer Section have used a garnish of green pepper holly leaves along with delicately spiced, Rosy Christmas Apple Balls arranged on slices of raw apple dipped in apple juice, to prevent browning).
