Cliff Garland Makes Good

(By Ron Crain)

One of the warmest human interest stories to come along in many days stems from the sheer never-give-up spirit of young Clifford Garland of Richmond Hill. Clifford is the only child of Mr. and Mrs. Garland of Sugar Maple Lane in Richmond Hill, and the story of his uphill fight against great odds should be an inspiration to a lot of people.

Cliff was born in Winnipeg during the cold, cold winter of 1946. He was a good looking baby, as all babies are, but there was something that was not apparent at first. The young boy was born with a serious curvature of the spine and for years it seemed as if he would never walk properly or do the thousand and one things

that other children do as a matter of course. He received expensive medical treatments, and the best medical brains were consulted, but it seemed to no avail. The boy remained cheerful and happy during the trying years and did those things that his condition permitted him to do. He joined the

Wolf Cubs and eventually became a Boy Scout.

For two years Cliff wore a heavy brace that made it impossible for him to even put on his own shoes. Despite this handicap he was able to carry on at school and today is in Grade 7 attending the Pleasantville School in the portables at MacKillop. His parents finally turned to a chiropractor for aid and the results that this gentleman achieved have been miraculous. Cliff no longer wears his brace and last winter got his first pair of skates. He learned to skate on the mill pond and this year can be found taking his turn on defence with the Detroit Red Wings of the Little N.H.L.

Mr. Garland rubbed the boy down every night, and when you know that the boy had weak legs and ankles in addition to locked hip joints, you realize how much improvement there has been. Cliff can be proud of his fight but Mom and Dad certainly did their fair share.

This is what organized sports for children are all about. Cliff, and every other boy who plays in the Richmond Hill Minor Hockey League, has a feeling of belonging to something worthwhile. No boy is favoured or privileged beyond any other boy and ice time is equally divided. The officers of the R.H.M.H.A. can be justly proud of their organization and what it has done to help Cliff Garland. One case like his makes it all worthwhile.

Take a look at Cliff playing this year and marvel, but five years from now he'll be back better and stronger next year. Any takers?

Paul Delmer Is Guest Speaker At Newmarket

Speaker at the regular dinner meeting of the Newmarket Lions Club, which was held at the Country Acres Club on Yonge Street north of Aurora last Thursday, was Mr. Paul Delmer of "The Liberal," formerly a world traveller and producer of the film, "Caravan in Russia" which is to have its Canadian Premiere at the Richmond Theatre, Richmond Hill, next Thursday.

Well Attended Meeting
The dinner meeting was well attended and numbered more than sixty, including a large group of visiting Lions from Orangeville.

Long Sojourn Soviet Union
Les Barber presided over the meeting. Maff Cockburn introduced Mr. Delmer to the President while Lion Allan Wall introduced the speaker to the meeting. Allan recounted something of Mr. Delmer's background which is already now well known to readers of "The Liberal" and stressed the fact of the Delmers' long eighteen week sojourn in the Soviet Union in late 1958 during which period the sound color documentary film being released locally next week was produced.

Lion-Deputy Minister
Earlier on the day of the meeting (last Thursday) Lion Dick Hilliard had been promoted the Deputy Minister of Agriculture for the province and earlier in the meeting before the guest speakers introduction, this fact had been the cause of considerable ribbing of the new Deputy Minister by the Lions present. Dick retaliated by steadily increasing the amount of fines. (He was the "tailtwister" for the evening). He finally successfully called upon one Lion to pay a two dollar fine.

Part Of The Fun
Opening his address the speaker jokingly referred to this achievement. "During the seven months I have now been a resident of Richmond Hill," said Mr. Delmer, "I have spent many other meetings, there is one thing they all have in common and I have found it intriguing to watch. There is always one man present who appears under various disguises and is known variously as "Tailtwister", "Finemaster", "Master at Arms" or the like. But they all have a wonderful talent for extracting money from the unwilling members and dream up the weirdest reasons for inflicting this fine or that. Of course it is all part of the fun of the meeting which adds to the enjoyment of all.

Tonight a Revelation
But in these seven months of experience I must admit that tonight has been a revelation. I have seen you "tailtwister" the new Deputy Minister, actually push these fines up to not one dollar but to two dollars from a single victim. Perhaps this is just a demonstration of a powerful talent which has got the Minister where he is today." This brought the house down and when he could be heard, Lion Dick Hilliard, taking the joke at his expense in the stride of normal Lion affability, stood up to say, "if I may be excused for interrupting, I think that compliment is worth a quarter from every single member which it will be my privilege to collect at the next meeting," thus neatly turning the laugh against the whole meeting. There were roars of laughter and approval and after saying he hoped the Lions present would not hold this wholesale fine against him, the speaker entered into a descriptive talk on the life and work of the Soviet Union.

Issues Warning
He concluded his address with a powerful warning that "We have got to learn to live with

the Soviets and the Communist world, or we shall eventually cease to live at all." Mr. Delmer drew a comparison between the figures in the West as with the east in the graduation of qualified Doctors, Chemists, Engineers and all the professions, pointing out that the Soviet was turning out more per thousand of the population than any other country in the world today, the United States included. Unless we do something about this, soon declared the speaker, the whole balance as between the communist world and the Western democracies would be affected to the disadvantage of the West.

Stimulated Many Questions
That the address stimulated a lot of clear thinking among these Lions among whose ranks were included doctors, schoolteachers, civil servants, policemen and merchants, was evident by the questions, many deep and penetrating, which were shot at the speaker on the conclusion of his address.

Lion Bud Noble offered the thanks of the club and President Les Barber said, "We shall have to ask you to come again to talk about some of the other parts of the world which you have visited."

Thanks From Orangeville
Lion Ernest Hodgson, the President of the visiting Lions from Orangeville rose to thank the Newmarket Club for a wonderful evening, after which the meeting dispersed.

Committee members are: (2 years) Dalton Rumney, Herman Mortonson and Lloyd Tennyson; 1 year, Lloyd Beatty and Martin Styromo.

Lions
The first event in 1960 of the Victoria Square and District Lions Club was a box social and old time dance in the community hall. After square dancing, a Paul Jones and novelty prizes, the draw for the savings bond was made. The winning ticket

was sold by Lion Frank Donnelly to Bill Gray of Willison Motors, Leaside.

The auction of the boxes was well handled by several auctioneers, namely, Harry Mortson, Harry Barber, David Houck and Forrest Dullege and everyone got good value for their money.

Lion Harry Barber is quite the Arthur Murray of square dances. The Lions also ask to keep the night of February 6 free for another evening of entertainment, a documentary sound and coloured film "Antarctic Crossings" by Sir Vivian Fuchs and Sir Edmund Hillary will be shown in the Buttonville Hall on Saturday evening, February 6, at 8 p.m.
